C. POLICY

1. Religious Activities

The Constitution of the United States and the Constitution of the State of Nebraska require that the State Colleges refrain from activities which either inhibit or promote any particular religion or sect. As public institutions, the Nebraska State Colleges have a legal duty to refrain from excessive entanglement with religion. However, as postsecondary institutions of higher learning, the State Colleges have a public duty to be at the forefront of our society in providing an open forum for the free expression and exchange of thoughts and ideas. It is the purpose and intent of the Board of Trustees in this policy to encourage and promote the latter duty to the maximum extent possible.

- 1.1. Teaching and study involving religions in a secular, philosophical, historical, or cultural content are appropriate within the State College community.
- 1.2. Non-sectarian invocations, benedictions, or moments of silent meditation shall be permitted at College functions.

- 1.6. The term "religious services" as used in this Policy shall be narrowly construed and shall refer only to the use of State College buildings or facilities by any group or organization for the primary purpose of conducting religious ceremonies, religious exercises or religious rituals.
- 1.7. The College Presidents may designate space within buildings under their respective jurisdictions which may be rented by any group or organization for occasional religious services when such space is not required for institutional purposes; provided that such space shall not be rented for the regular recurring religious services of any particular group or organization.

C. POLICY

1. Resident Admission

The Colleges shall admit as students those persons who have graduated from an accredited high school in Nebraska, or who present evidence of the achievement of an equivalent academic level to that of high school graduation, or evidence of eligibility for admission on the basis of special merit.

- 1.1. Achievement equivalent to a high school diploma may be demonstrated in the form of a High School Equivalency Certificate based on the General Educational Development examination, or an acceptable ACT or SAT score as determined by the individual College.
- 1.2. Each College shall assure that the process of admission on the basis of special merit will make provisions for a variety of circumstances, including allowance for special consideration to be given to non-traditional students who present evidence of being able to succeed, as well as returning adult students, students educated at home schools, and students who can provide evidence of special talents such as creative artists or those with unique educational experience or career achievements.

- 1.3. No one shall be denied admission to or continuance in any College on the basis of any individual characteristics other than qualifications for admission, academic performance and conduct in accord with State College policies, rules and laws applicable to student conduct.

2. Non-Resident Admission

The Colleges may admit as students those persons who are not residents of the State of Nebraska, provided that such non-residents meet the minimum standards applied to the Nebraska resident students, and that the Colleges have the necessary facilities and staff to accommodate such non-resident students.

3. Transfer Admission

The Colleges may admit as students those persons previously in attendance at a community college, college or university subject to the provisions in Board Policy 4430. The transferring student must meet all the minimum requirements to either a resident or non-resident student, as the case may be.

4. Military/Veteran Admission

The Colleges shall admit any eligible military student or eligible veteran student who otherwise meets the admissions requirements to enroll as an undergraduate student in virtual and in-person courses and programs consistent with the Veteran Promise Act. The Colleges shall make information regarding the Veteran Promise Act available on their websites.

- 4.1. For purposes of this policy an eligible military student is a student who graduated from a Nebraska high school on or after January 1, 2022; signed enlistment papers to serve in a uniformed service; and at the time of their application is service in such uniformed service under a six (6) year commitment or has served at least two (2) years of active duty in such uniformed service and at the time of application is serving in such uniformed service or another uniformed service.
- 4.2. An eligible veteran student means a student who graduated from a Nebraska high school on or after January 1, 2022, and served in a uniformed service while assigned to a location in this state; signed enlistment papers to serve in a uniformed service; and received either an honorable discharge or a general discharge under honorable conditions from a uniformed service.
- 4.3. Uniformed service means an active or reserve component of the Army, Navy, Air Force, Marine Corps, Coast Guard, Merchant Marine, or Space Force of the United States; the Commissioned Officer Corps or the National Oceanic and Atmospheric Administration or the Public Health Service of the United States; or the Nebraska National Guard.

5. Holistic Admission Evaluation

Students placed on academic suspension at a previous institution may request a holistic admission evaluation by a committee established by the Vice President for Enrollment Management. The committee will consider the context surrounding the student's academic history and evaluate their potential for success at the College, including but not limited to prior academic achievements, personal statements, and any additional relevant documentation provided by the student. Requests for Academic Renewal are addressed in Board Policy 4130.

6. Immunizations and Health

- 6.1. Except as otherwise provided in this section, all entering degree-seeking students must show a valid immunization record for measles, mumps, and rubella (MMR) prior to the end of the first semester of on-campus attendance. The Colleges may provide an extension for an additional semester for good cause.
- 6.2. Prior to checking into the residence halls or their first day of attendance in classes, whichever is earlier, applicants from foreign countries also are required to present a record of a TB skin test (Mantoux) or FDA-approved IGRA blood test (Quantiferon Gold or T-spot TB) completed within six (6) months prior to their first enrollment in addition to the above required record of immunization.
 - If either of the tests is positive, a chest X-ray is required. The cost of the X-ray is borne by the student.
 - If a student lives in a country which does not offer the TB tests or did not present a record of a qualifying test, the student must undergo testing within forty-eight (48) hours of checking into the residence halls or prior to their first day of attendance in class, whichever is earlier.
- 6.3. It is recommended that first year students living in College housing receive a meningococcal vaccination, but it is not required.
- 6.4. A person qualifies for a medical exemption from the requirement to show proof of immunization when the person files a bona fide statement signed by a physician licensed to practice medicine within the United States verifying that the physical condition of the person seeking admission makes the required immunization unsafe and indicating the specific nature and probable duration of the condition. The exemption shall not extend beyond the period of the condition, which contraindicates immunization. A person qualifying for this exemption must sign a waiver form provided by the College stating that, in an outbreak of measles or rubella occurs at the College or surrounding community, the person may be subject to exclusion from the campus and College related activities during the outbreak period.

- 6.5. A person qualifies for a religious exemption from the requirement to show proof of immunization when the person files a signed statement on an approved form that immunization is contrary to the religious tenets and practices of the signer. A person qualifying for this exemption must sign a waiver form provided by the College stating that, if an outbreak of measles or rubella occurs at the College or surrounding community, the person may be subject to exclusion from the campus and College related activities during the outbreak period.
- 6.6. A person qualifies for an exemption from the requirement to show proof of immunization and the requirement to present a record of a TB skin or FDA-approved IGRA blood test (Quantiferon Gold or T-Spot TB) when enrolled only in off-campus courses or courses offered off-campus by distance learning technology and is not residing in College residence halls. This exemption will be revoked, if at any time, the student enrolls in on-campus courses or seeks to reside in College residence halls. At that time, the student will be required to show proof of immunization and TB testing consistent with this policy.
- 6.7. According to guidelines established by the Center for Disease Control and Prevention, a person born before 1957 need not submit proof of immunization for measles, mumps or rubella.

7. Procedures

- 7.1. Each College may establish a cut-off date for the submission of complete credentials for admission, and any applicant who does not submit a complete application by that date may be required to delay entrance until a subsequent semester.
- 7.2. Pursuant to Board Policies 3100 and 3200, any College may deny or condition admission, readmission, or continuing enrollment of any individual who, in the judgment of the College, presents an unreasonable risk to the safety and welfare of the College and persons thereon.
- 7.3. All first-time entering, first-year undergraduate students are encouraged to take the ACT or SAT and submit the results to the College to be used for academic planning and counseling purposes.
- 7.4. Except as provided below, the State Colleges shall require international applicants whose first language is not English, to present evidence of proficiency in the use of the English language. Evidence of proficiency may be established by meeting the minimum scores established by each College on universally accepted assessments for measuring proficiency, such as the Test of English as a Foreign Language (TOEFL) exam, the International English Testing System (IELTS) exam, Duolingo or other recognized assessment. Evidence of Proficiency may also be determined by the appropriate College administrator on a case-by-case basis or through partnership agreements with non-English institutions.

- International applicants who have completed a minimum of six (6) credit hours of English composition with a “C” or better from an accredited American higher education institution; or, who provide evidence of successful completion of a recognized intensive English program are exempt from the requirement to provide evidence of English language proficiency.
- Academically qualified international applicants may be considered for conditional acceptance as degree-seeking students if they are enrolled in a recognized intensive English language program. Upon satisfactory completion of the program, and assuming all other admission requirements are met, they may be considered eligible for full admission as degree-seeking students to the College.

- In order to commence the Grievance Process, the Complainant must submit a signed Formal Complaint alleging Sexual Harassment against a Respondent(s) and requesting the College investigate the allegations.
- At the time of filing the Formal Complaint, the Complainant must be participating in or attempting to participate in the College's education program or activity.

7.3. Advisor:

- Parties are entitled to select an Advisor of their choice at any time throughout the Grievance Process. Parties must have an Advisor during the hearing on a Formal Complaint, as the Advisor is responsible for asking the other party and all witnesses any relevant questions on behalf of their advisee. In all other instances throughout the grievance process (including interviews, meetings, and correspondence), the party will speak for themselves.
 - The College will maintain a list of trained employees who may be available to act as an Advisor.
 - If a party has selected an Advisor, the party should notify the Title IX Coordinator of the individual's name and contact information. The party will be asked to sign a FERPA waiver to allow information to be shared. A party's Advisor may accompany them to any meetings and assist in guiding the party through the Grievance Process.

It is each party's responsibility to share information and updates with their Advisor as needed throughout the Grievance Process. However, circumstances may arise in which communications from the Title IX coordinator may need to include the Advisor.

- If at the time the Pre-Hearing Meeting is scheduled, a party does not yet have an Advisor, the College will appoint one for them without any fee or charge to the party.

7.4. Grievance Process Overview

- The Grievance Process is a fair and impartial process during which all parties will have an opportunity to provide their account of the alleged incident, respond to the other party's account, and review evidence directly related to the allegations. All relevant inculpatory and exculpatory evidence will be objectively evaluated.

- Individuals cannot be required to participate in the Grievance Process.
- A Respondent is presumed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Grievance Process.
- The burden of proof and the responsibility for gathering evidence rests on the College, not the parties.
- Credibility determinations are not based on a person's status as a Complainant, Respondent, or Witness.
- Parties are prohibited from knowingly making false statements or submitting false information during the Grievance Process.
- The Complainant has two (2) options to resolve a Formal Complaint of Sexual Harassment:
 - The College investigates the allegations and completes an investigatory report, and after a hearing, a determination regarding responsibility is made; or
 - At any point during the process prior to a determination regarding responsibility, the Complainant and Respondent both agree to Informal Resolution.
- The College strives to complete the Grievance Process within sixty (60) business days from the date the Respondent receives Notice of the Allegations and Investigation unless good cause exists to extend this timeline under Section 7.12.

- The Investigator will endeavor to complete the investigation in a timely manner.
- The Investigator is responsible for gathering evidence through:
 - Interviews of the Complainant, Respondent, and any Witness(es);
 - Collecting physical, written, video, recorded, text messages, and similar information, regardless of the format, that may provide relevant information regarding the allegations set forth in the Formal Complaint.
 - If a party wishes for their medical records, prior educational records, or other records that are external to the College to be considered in the Grievance Process, they must provide written

consent for those records to be released to the College and make arrangements for the records to be provided to the College.

- Once the evidence has been gathered, the Investigator will provide both parties with electronic copies of the evidence obtained from the investigation that is directly related to the allegations, including both inculpatory and exculpatory evidence. If the Investigator is a person other than the Title IX Coordinator, the Investigator will also provide the evidence to the Title IX Coordinator.
 - The parties will have ten (10) calendar days to submit a written response to the Investigator for purposes of correcting or clarifying the evidence or provide additional relevant information.
 - Any written responses received from the parties will be included in the Investigative Report.
 - A party's failure to respond will be taken as their confirmation that the evidence provided is accurate and complete for purposes of the Grievance Process.
- The Investigator will then prepare the Investigative Report that organizes and fairly summarizes the relevant evidence and synthesizes areas of dispute and agreement between the parties.
- The Investigator will provide the Investigative Report and any additional evidence not previously provided to the parties to the parties electronically at least ten (10) calendar days prior to the Hearing. If the Investigator is a person other than the Title IX Coordinator, the Investigator must also provide the Investigative Report and evidence to the Title IX Coordinator. The parties shall have ten (10) calendar days to provide a written response to the Investigative Report to the Investigator.

7.6. Pre-Hearing

- After the completion of the Investigation Report, the Title IX Coordinator shall designate a hearing chairperson. The College has the discretion, but is not required, to designate two (2) additional hearing panelists to conduct the hearing with the hearing chairperson.

 - Provide written notice to the parties of the designated hearing chairperson and additional panelists when applicable.
 - Provide the Investigative Report and evidence electronically to the hearing chairperson.
 - Schedule a tentative hearing date, time, and location for the hearing.

- If a party has a concern regarding bias or conflict of interest with respect to the hearing chairperson or a panelist, the party must inform the Title IX Coordinator in writing of the basis for the concern.
 - The Title IX Coordinator will provide notice of the concern raised to the other party.
 - The Title IX Coordinator is responsible for determining whether a bias or conflict of interest exists.
 - The Title IX Coordinator will inform both parties in writing of their decision regarding whether the hearing chairperson or panelist will be retained or removed and if applicable the individual appointed to replace them.
- The Title IX Coordinator will assist the hearing chairperson in scheduling a pre-hearing meeting with the parties and Advisors for purposes of determining a date, time, and location of the hearing, identifying witnesses, reviewing the conduct of the hearing, and the relevancy of evidence.
 - The pre-hearing meeting may take place remotely via electronic means or in-person.
 - The hearing chairperson, in consultation with the Title IX Coordinator, may choose to conduct separate pre-hearing meetings with the parties if warranted by the circumstances or requested by one or both of the parties.
 - If the parties wish to call specific witnesses, beyond those the hearing chairperson intends to call, the parties must provide the hearing chairperson with the names and contact information of the witnesses.
- The hearing chairperson, with the assistance of the Title IX Coordinator, is responsible for providing notices and summoning witnesses for the hearing.
- If the College has elected to use a hearing panel, the hearing chairperson, with the assistance of the Title IX Coordinator, will provide the Investigatory Report, evidence, witness lists, and hearing information to the hearing panelists.
- The hearing panelists may also request the attendance of witnesses at the hearing.

7.7. Hearing

- The College will conduct a live hearing as soon as practicable after the pre-hearing meeting.

- The College shall create an audio, audio-visual recording, or transcript of any Hearing and make it available to the parties for inspection and review.
- The hearing chairperson is responsible for directing the conduct of the hearing.
- The Title IX Coordinator shall provide logistical assistance with respect to the hearing and be present at the hearing to provide clarification regarding policy and process.
- The Investigator must be present at the hearing to answer questions or clarify information with the Investigatory Report.
- Each party's Advisor will be permitted to present relevant evidence and ask relevant questions of the other party and witnesses.
 - The hearing chairperson and any hearing panelists are also entitled to ask questions of witnesses during the hearing.
 - The hearing chairperson and any hearing panelists are also entitled to ask questions of witnesses during the hearing.
 - After each question asked by an Advisor or hearing panelist, the hearing chair must determine whether the question is relevant and instruct the individual whether they may answer. If a question or evidence is excluded based upon relevance, the hearing chairperson must provide a reason in the written Determination of Responsibility.
- With respect to determining relevance, questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless:
 - Offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant;
 - Concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent; or
- All parties, advisors, witnesses, and other participants are expected to conduct themselves in a respectful and civil manner. The hearing officer can require the removal of any person who fails to do so; however, the hearing officer must take steps to ensure that the removal of the individual does not negatively affect the fairness of the process.

7.8. Deliberations and Determination of Responsibility

- In determining whether Sexual Harassment occurred and whether a Respondent is responsible for the Sexual Harassment, the decision-maker(s) shall use the preponderance of the evidence standard.

- If a hearing panel is being utilized, the hearing panel will convene within forty-eight (48) hours of the end of the hearing to reach a decision as to responsibility.
- If a hearing panel is being utilized, the decision will be based upon majority vote, with the hearing chairperson and each hearing panelist having a vote.
- The hearing chairperson is responsible for providing a written determination to both parties regarding responsibility including any sanctions or disciplinary action within ten (10) calendar days of the conclusion of the hearing.

7.9. Sanctions and Remedies

If the Respondent is found responsible, the Panel shall determine appropriate sanctions based after consideration of relevant factors. The factors considered by the Panel when determining sanctions and responsive actions may include:

- The nature, severity of, and circumstances surrounding the violation,
- The Respondent's disciplinary history,
- The need for sanctions to bring an end to the sex discrimination, sex-based harassment, and/or retaliation,
 - The need for sanctions to prevent the future recurrence of sex discrimination, sex-based harassment, and/or retaliation
 - The need to remedy the effects of the sex discrimination, sex-based harassment, and/or retaliation on the Complainant and the community
 - The impact on the Parties
 - Any other information deemed relevant by the Panelists
- The sanctions will be implemented as soon as it is feasible once a determination is final, either upon the outcome of any appeal or the expiration of the window to appeal, without an appeal being requested.
- The following are the common sanctions that may be imposed upon students: Reprimand; Required Counseling; Restrictions on Certain Activities; Restrictions from Housing; Restrictions from Campus Facilities; Required Education; Required Training; Probation; Suspension; and/or Expulsion.

7.10. Appeal

- The following actions may be appealed by either party:
 - A Determination of Responsibility;
 - A dismissal of a Formal Complaint;

- A decision on emergency removal of a student under 6.4 of this policy.
- The permissible bases for appeal of a determination of responsibility or dismissal of a Formal Complaint are:
 - Procedural irregularity that affected the outcome;
 - New evidence that was not reasonably available at the time the determination was made that could have affected the outcome; or
 - The Title IX Coordinator, designee, hearing chairperson, or hearing panelist had a conflict of interest or bias for or against a party or Complainants or Respondents generally that affected the outcome.
- The permissible basis for the appeal of a decision on emergency removal of a student would be if the decision erred in determining that they represent an immediate threat to the physical health or safety of any student or other individual.
- The Appeals Decisionmaker will be the President of the College, or their designee.
- To appeal, a party must submit a written request to the Appeals Decisionmaker, within five (5) calendar days of the delivery of the determination of responsibility, the dismissal of the formal complaint, or of the notice of removal of a student on an emergency basis.
- All other Parties and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or Decision-makers, will be provided with a copy of the appeals request and will be given five (5) calendar days to submit a response to the portion of the appeal that involves them. The Appeals Decisionmaker will forward all responses, if any, to all Parties for review and comment. The Appeals Decisionmaker may collect additional information needed and all documentation necessary regarding the appeal.
- Appeal decisions are to be deferential to the original determination, making changes only when there is clear error and clear compelling justification.
- The Appeals Decisionmaker will send a written determination on the appeal outcome and the rationale, to all parties as soon as practicable. Once an appeal is decided, the outcome is final and constitutes the final determination, and further appeals are not permitted unless the appeal results in a new hearing.

7.11. Informal Resolution

- At any time after a Formal Complaint is filed but prior to reaching a determination regarding responsibility, the parties may request to engage in an Informal Resolution process established by the College.
- Both parties must provide voluntary, written consent to participate in Informal Resolution.
- Informal Resolution cannot be used to resolve allegations that an employee sexually harassed a student, including allegations involving a student-employee if the alleged conduct occurred in the context of their employment.
- The Title IX Coordinator assigned to the matter may facilitate the Informal Resolution process or assign a Designee, another College employee or a third-party, all of whom are referred to as the Facilitator for purposes of this section.
- The Facilitator will provide the parties with written notice disclosing the allegations, the requirements of the Informal Resolution process, and the rights and responsibilities resulting from participation in the process.
- The Facilitator can present a framework of potential remedies to guide the parties in negotiation, facilitate the process, and assist in reducing any agreement to writing, but the parties themselves must come to an agreement.
- The Title IX Coordinator, in consultation with appropriate College officials, is responsible for reviewing and determining whether any agreement reached through the Informal Resolution process is appropriate.

7.12. Temporary Delays and Extensions of Time

- The College may temporarily delay the grievance process or provide limited extensions of time for good cause.
- Either party may request a temporary delay of the grievance process or an extension of time for good cause by submitting a written request to the Title IX Coordinator.
- For purposes of this section, good cause may include, but not be limited to:
 - The absence or unavailability of a party, an Advisor, a Witness, or other person necessary to the grievance process;
 - Concurrent law enforcement activity; or
 - The need for language assistance or disability accommodation.

- The Title IX Coordinator will notify the parties in writing of any delay in the process or extensions of time and the reasons for any such delay or extension.

7.13. Dismissal of a Formal Complaint

- **Mandatory Dismissal:** The College is required to dismiss a Formal Complaint if:
 - The alleged conduct, if proven, would not constitute Sexual Harassment as defined in this policy.
 - The alleged conduct did not occur in the College's education program or activity; or
 - The alleged conduct did not occur against a person in the United States.
- **Permissive Dismissal:** The College may dismiss a Formal Complaint if:
 - The Complainant withdraws a Formal Complaint in writing;
 - The Respondent is no longer enrolled in or employed by the College; or
 - Specific circumstances prevent the College from gathering evidence sufficient to reach a determination.
- The parties will receive written notice of any dismissal including the basis for the dismissal.
- Parties may appeal the dismissal of a Formal Complaint pursuant to Section 7.10 of this policy.
- Allegations dismissed under a mandatory dismissal may be addressed pursuant to Board Policy 3100 under the Student Code of Conduct.

B. DEFINITIONS

C. POLICY

1. Prohibition of Discrimination

- 1.1. The Board specifically prohibits unlawful discrimination and harassment based on any class protected by applicable federal, state, or local law. Board Policy 3020 concerns unlawful sex harassment.
- 1.2. Harassment based on a protected class may take many forms, including unwelcome verbal acts, name-calling, derogatory comments, slurs, coercion, intimidation and/or negative stereotyping; graphics and written statements, which may include use of cell phones or the Internet; or other physically threatening, harmful, or humiliating conduct. Harassment does not have to include an intent to harm, be directed at a specific target, or involve repeated incidents. (Conduct is unwelcome if the student did not request or invite it and regarded the conduct as undesirable or offensive. Acquiescence in the conduct or the failure to complain does not always mean that the conduct was welcome.)

- 2.1. The Colleges will take appropriate action to prevent, correct, and discipline discriminatory behavior that is found to violate Board policies and principles of equal opportunity and access.
- 2.2. Each College has designated an individual to coordinate the College's nondiscrimination efforts to comply with regulations implementing Title II of the Americans with Disabilities Act, Titles VI and VII of the Civil Rights Act, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act. Inquiries regarding nondiscrimination policies and practices may be directed to the Compliance Coordinators assigned at each College and identified on each College website.
- 2.3. Students who believe they or others have been subjected to unlawful discrimination should immediately report their concerns to any College President, Vice-President, Dean, Title IX Coordinator, staff member of Housing/Residence Life (including Directors, Managers, Assistant Directors, Senior Residence Hall Advisors, and Residence Hall Advisors), Coach, or any Campus Security Officer.
- 2.4. The Board of Trustees will follow the processes and procedures described in Board Policies 3020, 3100 and 3200 to investigate and address discriminatory behavior.

POLICY
NAME: Due Process

POLICY
NUMBER: 3200

A. PURPOSE

To establish and provide procedural due process to students accused of misconduct pursuant to Policy 3100.

B. DEFINITIONS

1. **Preponderance of the Evidence:** The standard of evidence to be used to determine responsibility for misconduct meaning it is more likely than not that the misconduct occurred.

C. POLICY

1. Informal Resolution

The College may resolve conduct issues informally if warranted by the individual circumstances including, but not limited to, the responsiveness of the student, the severity of the offense, a student's prior misconduct, and the health and safety of the student or other members of the campus community.

Informal resolution of conduct issues in which two (2) or more students are involved in a physical altercation with one another will not be permitted unless all students involved agree to informal resolution.

2. Disciplinary Sanctions

Disciplinary Sanctions may include warnings, demands for restitution or reimbursement, fines, a period of probation, remedial behavioral requirements, remedial educational requirements, suspension, or expulsion.

3. Withdrawal

At the discretion of the senior student affairs officer, a student may be allowed to voluntarily withdraw when continued enrollment no longer appears to be in the best interests of the student and/or College in conjunction with mutually agreed upon conditions that will be required for the student to reapply for admission.

The senior student affairs officer will work with the Vice President for Academic Affairs to determine what, if any, academic penalties would apply. Any

unresolved conduct issues will remain pending and must be resolved as a condition of readmission. Additional conditions may include, but not be limited to, the length of time a student must wait to reapply and/or the length of time a student has to reapply for admission.

4. Notice

- 4.1. The student shall be notified in writing by an appropriate College official that they are accused of misconduct. The student shall be made aware of the grounds which would justify such action by way of the student handbook or other published College regulation.
- 4.2. The student shall be notified that they may elect one of three (3) courses of action. The student shall be advised of a date (deadline) by which such an election must be communicated to the appropriate College official.
 - Option 1: The student may admit the alleged violation and request, in writing, that the appropriate College official take whatever action seems appropriate.
 - Option 2: The student may admit the alleged violation in writing and request a hearing before the appropriate hearing panel designated by the College. The hearing panel will determine the appropriate sanctions.
 - Option 3: The student may deny the alleged violation, in which case, the appropriate College official shall refer them to the appropriate hearing panel designated by the College. The hearing panel will determine responsibility and the appropriate sanctions.
- 4.3. The student's decision can be binding, if freely and knowingly made, even though suspension, expulsion or the imposition of a stigmatizing sanction might result.
- 4.4. Students should be advised in writing of all risks associated with any waiver of due process rights and provided a reasonable amount of time to consider their decision and to confer with a family member or advisor.
- 4.5. If the student fails to respond to the appropriate College official in a timely manner according to the date (deadline) and/or fails to elect one (1) of the three (3) courses of action, the appropriate College official may address the alleged misconduct without providing further due process.

5. Option 1 Procedure

If the student chooses to admit the alleged violation and have the College take appropriate action, the College may address the alleged misconduct without providing further due process.

6. Option 2 or 3 Procedure

- 6.1. If the student selects either to admit the alleged violation and have a hearing panel determine appropriate sanctions or deny the alleged

violation and have a hearing panel determine responsibility and the appropriate sanctions, a hearing shall be conducted in accordance with this section within ten (10) class days, unless the student requests an extension in writing, which shall not be unreasonably denied.

- Requests for an extension should be directed to the senior student affairs officer.
- Students studying abroad shall be under the direction of the accompanying College official until the student's return to campus, at which time, if needed, the due process procedures will commence.

6.2. Prior to the hearing, the student shall be entitled to the following:

- Written notification of the time and place of the hearing with reasonable time allowed to prepare a presentation and defense;
- A written statement of the allegations (incident or behavior) with sufficient particularity so that the student may prepare their defense;
- The grounds which would justify disciplinary action cited in the student handbook or Board Policy and the possible sanctions that may be imposed;
- Written notification of the names of the witnesses who are directly responsible for having reported the allegations, or if there are no such witnesses, written notification of how the allegations came to the hearing panel's attention; and
- A copy of all documentary evidence to go before the hearing panel.

6.3. Members of the hearing panel shall have the opportunity to examine the case file beforehand.

6.4. The student shall be entitled to appear in person before the hearing panel, and may call witnesses on their behalf. If the student does not appear before the hearing panel, the hearing shall be held in their absence.

6.5. The student shall be entitled to be accompanied by a person of their own choosing from the College community to assist in the proceedings or by counsel at the student's expense. An attorney or advisor, if present at the request of the student, may be present to counsel the student, but may not directly participate in the hearing by making oral presentations or arguments, examine or cross examine a witness, or object to testimony of a witness or to the introduction of other evidence.

6.6. Members of the hearing panel shall have the opportunity to question the accused and witnesses at the hearing.

6.7. The student shall be entitled to ask questions of the hearing panel or any witness.

6.8. The student shall be entitled to an expeditious hearing of the case.

- 6.9. Hearings are closed to the public.
- 6.10. An audio recording of the hearing will be made and kept by the College consistent with document retention schedules.
- 6.11. The student shall be entitled to an explanation in writing of the reasons for any decisions rendered against them and the discipline imposed, and shall be given access to the hearing panel's decision for their personal records.
- 6.12. Technical rules of evidence or procedure need not be employed in the hearing proceedings. Hearsay evidence is not required to be excluded, but a finding of misconduct on hearsay evidence alone is not appropriate in hearings, including a serious disciplinary case such as suspension or expulsion.
- 6.13. A student's misconduct shall be determined by a preponderance of the evidence standard.
- 6.14. Hearing decisions need not be unanimous. A simple majority vote shall be sufficient.
- 6.15. The student shall be notified of their right to appeal the decision of the hearing panel to the senior student affairs officer.
- 6.16. Appeals must be in writing and are due to the senior student affairs officer within five (5) class days after the student received the hearing panel's decision. If the senior student affairs officer was a member of the hearing panel, the student may submit the appeal directly to the President.
- 6.17. Appeals must be based on one (1) of the following grounds:
 - Procedural due process was violated;
 - The sanction was excessive;
 - The evidence did not support the decision; or
 - Substantive new information is available that was not available at the hearing.
- 6.18. Should the student appeal, any action assessed by the hearing panel shall be suspended until acted upon by the President.
- 6.19. Appeals of the President's decision may be submitted to the Chancellor but shall be limited to allegations that fair procedural due process has not been provided in accordance with this policy.
- 6.20. Appeals to the Chancellor must be in writing and are due within five (5) days after the student receives the President's decision.
- 6.21. Should the student appeal, any action assessed by the hearing panel shall be suspended until acted upon by the Chancellor.

7. Hearing Panel

- 7.1. The hearing panel shall be the decision-making body acting independently of the President.
- 7.2. The hearing panel designated by the College shall be composed of College administrators, faculty, staff, and/or students. Such selection shall be at the approval of the President or designated Vice President or Dean. Individuals serving on the panel need not be disqualified because they have superficial knowledge of the background of the case, or because they may know the participants. The basic test shall be whether or not the panelist can judge the case fairly, without bias or prejudice, and solely on the evidence presented.

Policy Adopted: September 1987

Policy Revised: June 1993, April 2024, June 2026

Student Affairs

POLICY NAME: Student Rights and Responsibilities

POLICY NUMBER: 3250

A. PURPOSE

To provide guidance regarding student rights and responsibilities as members of the academic community.

B. DEFINITIONS

None

C. POLICY

1. General Rights and Responsibilities

Students, as members of the academic community, have the responsibility to create and support an educational environment which will achieve the basic purposes of an institution of higher learning. Each member of the community should be treated with respect and dignity. Each student has the right to learn which imposes a duty not to infringe upon the rights of others. Each student is a member of a learning community that entails responsibility to enhance the learning of others.

The academic community environment is designed to encourage a variety of thoughts, behaviors, and values within the educational goals of the community. An important aspect of the community is the recognition of differences between individuals. In all instances, including in informal College activities and associations, each individual should be treated in a fair and unbiased manner. Students shall actively encourage practices that ensure that all persons are welcome at the Colleges and are extended all the privileges of the academic community to which they are entitled.

2. Rights and Responsibilities in the Classroom

2.1. Freedom of Expression

- As appropriate for the course content, students have the right of expression in the classroom and the responsibility to learn from the course of study according to the standards of performance established

by the faculty. Student behavior in a classroom should contribute to the learning process for themselves and other students. As members of a learning community, students have an obligation for contributing to the learning of others in the process of their own learning. Communication that threatens individuals, disrupts the learning process, and/or creates a harassing environment is not a right held pursuant to this right of expression. Disruptive behavior undermines the learning environment for others.

- Faculty have the right to restrict classroom discussions and/or redirect comments that do not contribute to established course curriculum topics and learning outcomes.

2.2. Instructional and Grading Procedures

- The faculty determines the character of courses which includes content and instructional and grading procedures. Students have the right to be informed at the beginning of each course of the nature of the course, course expectations, evaluation standards, and the grading system through the official course syllabus. Students may ask for an evaluation of their performance during the process of a course.
- Each student has the right to a course grade based upon a sound academic evaluation and upon a specified grading procedure. A student has the right to receive, upon request, a clarification of the grade received. In cases that the student has documented evidence to indicate the performance evaluation exhibited prejudice or bias and was based on factors other than student performance the student may submit a grade appeal. Colleges shall provide a written grade appeal policy and process to consider cases in which the student chooses to appeal the initial decision.

2.3. Faculty-Student Consultation

As members of a learning community, students are encouraged to meet with faculty for clarification of assignments, unclear concepts, progress in course, career opportunities, methods of study, and other course and program matters.

2.4. Student Evaluation of Instruction

- As members of a learning community, students have an important role in contributing to the appraisal of instruction, through providing insight into instructional effectiveness as perceived from their perspective.
- Faculty have an obligation to solicit student appraisal of the learning environment, combine student feedback with other evidence and make changes in accordance with their best judgment.
- To assist the faculty in the task of providing the best possible education, students should express their reactions and opinions about

quality and relevancy of the instruction to the Department Chair or Dean.

- Each College should establish a standing procedure through which student evaluations can be expressed.

3. Rights and Responsibilities in Other Instructional Settings

3.1. Freedom of Expression

- The acquisition, understanding, and interpreting of knowledge can be facilitated by the study and consideration of controversial issues and positions. Free expression in the academic community shall not be abridged by special restrictions or censorship on publications, speakers or broadcasting. Any formally recognized student group, in consultation with faculty advisors and/or College administrators, shall be allowed to invite and hear any person of its own choosing who does not substantially disrupt the operation of the College. Those procedures required by the institution before a guest speaker appears on campus should insure orderly scheduling of facilities and adequate preparation for the event. The event should be conducted in a manner appropriate to an academic community. The institutional control of College facilities should not be used as a device of censorship but should contribute to student learning.
- It should be made clear to the academic and larger communities that sponsorship of events and speakers does not necessarily imply approval or endorsement of the views or actions by either the sponsoring group or the College. Participation in the exchange of ideas through these media is a normal expectation of the academic community.

3.2. Student Government

Students should be free, individually or collectively, to express their views on issues of institutional policy and on matters of general interest to the student population. The students should have clearly defined means to participate equitably in the formulation of institutional policies and procedures which affect student life. Student government is the principal agency for student participation in the decision-making process of the College.

3.3. Student Organizations

Students bring to the College a variety of interests and can be expected to develop new interests as members of the academic community. They should be free to organize and join associations to promote their common interests, provided those associations are not likely to materially and substantially disrupt the operation of the College. Students should be able to participate in those organizations provided they meet the membership

requirements set up by the organization; in no instance will these criteria for membership violate the College's non-discrimination policy.

C. POLICY

1. General

It is the policy of the Board that financial assistance be made available to all qualifying students. In some instances, such assistance may be provided as tuition remission and/or waivers. Tuition remission represents a form of financial aid in which the College waives or foregoes all or a portion of a student's tuition charges. Tuition remission represents foregone revenue to the College and should be used strategically to attract students based on academic performance,

financial need, and/or other skills or attributes that will enhance the student body. For the purposes of this policy tuition remission is considered distinct from a scholarship or grant-in-aid funded through other means than tuition and fee revenue.

- 1.1. All of the programs described below are tuition remission programs, although the terms “scholarship” or “award” may be used interchangeably by the Colleges with the term “remission” or “waiver” because it is a term that has meaning to prospective students and their families.
- 1.2. Total remissions for all categories/programs, unless specifically accepted and approved by the Chancellor generally shall not exceed twenty-two percent (22%) of the College’s four-year average gross tuition less refunds, plus or minus the four-year average tuition remission bank. The tuition remission bank will be calculated using the previous four (4)-year’s unused or excess tuition remissions. Remissions may be awarded up to the limits specified (if any) in each individual category below.
 - Remissions required by state statute are outside of the twenty-two percent limit.
 - Remissions provided on behalf of one of the other state Colleges as part of a Joint Enrollment course are outside of the twenty-two percent (22%) limit.
 - Nothing herein shall prohibit the creation of additional tuition remission programs, which are outside of the twenty-two percent (22%) limit with the approval of the Chancellor.
- 1.3. For each term, the total of all tuition waivers provided by a College to an individual student cannot exceed the amount of tuition charged to that student. Any tuition waivers outside the enumerated categories or beyond the limits specified in this policy require the written approval of the Chancellor. Tuition remissions awarded for online courses will not exceed the comparable amount provided for an on-campus course for a resident student. Unless otherwise stated herein or required by bargaining agreements, tuition remission and/or waivers apply to any academic session offered during the fall and/or spring terms during the applicable academic year.
- 1.4. Pursuant to Nebraska State Constitution Article I-30, the Colleges are prohibited from providing remissions on the basis of race, sex, color, ethnicity, or national origin.

2. System Remission Programs

System remission programs include waivers with common eligibility guidelines and parameters established across all Colleges. For certain programs, Colleges are afforded the opportunity to determine the number and award amounts. In all other situations, approval is required from the Chancellor to deviate from system

remission programs or those that are bound by system program agreements with external partners.

2.1. Board of Trustees' Scholarships

The Board of Trustees' Scholarships are awarded by each College to students who are graduating from a Nebraska high school or who are residents of Nebraska who meet the following criteria: have standardized test scores of at least 25 for the ACT or 1200 composite for SAT or a grade point average demonstrating academic excellence; are enrolling for the first time in a postsecondary institution; and such other factors which may be considered including but not limited to rank in class, as appropriate.

- The number of new Board of Trustees' scholarships to be awarded by each College for each academic year is based on the full-time equivalent (FTE) enrollment at that College for the fall semester of the preceding academic year. Each College may award up to twenty (20) scholarships for the first one thousand (1,000) FTE students and one (1) additional scholarship for every two hundred (200) FTE beyond one thousand (1,000) for each academic year. The number of scholarships offered should be determined by each College based on the number of scholarships available and the yield experienced in prior years.
- The scholarships are not transferable from one College to another. The scholarship will be the waiver of resident tuition up to eighteen (18) credit hours per term not to exceed one hundred twenty-eight (128) credit hours. Each President, financial aid officer and/or scholarship committee shall act as an agent of the Board in administering the program as directed by the Board.
- The scholarship is renewable to the total value of the equivalent of eight (8) consecutive terms (excluding summer). The recipient may use the scholarship during the five (5) academic years following the initial use with a one (1) year delay in initial use allowable with the College's permission. Should original recipients stop out for a term or academic year before using the full value of the scholarship, the balance of the scholarship's value may be re-awarded.
- Board of Trustees' scholarships are renewable each academic year, provided the recipient maintains a 3.25 GPA and standards are met. The Chancellor may approve a waiver of this requirement for extenuating circumstances for an individual student on a one-time basis. Each College scholarship committee will review all renewal candidates and recommend action to the President.

2.2. Nebraska Guarantee

The Nebraska Guarantee provides financial assistance for first-time freshman or incoming transfer students who are Pell Grant eligible or

whose annual family adjusted gross income as reported on the FAFSA is \$70,000 or less to fund the cost of tuition.

- The student must be enrolled in a minimum of twelve (12) credit hours, including one or more on-campus classes.
- The difference between the cost of tuition for up to eighteen (18) credit hours per semester and the amount of federal and state aid and any other scholarships or grants awarded to the student will be covered by institutional waivers, foundation scholarships or other funds as determined by the College.
- Students who remain in good standing and continue to meet eligibility criteria may continue to qualify for the Guarantee for up to four (4) years.

College-directed remissions provide the Colleges flexibility in managing waivers for targeted student populations. Each College shall establish: 1) minimum guidelines and requirements for any additional remissions; 2) requirements for remaining in good academic standing; and 3) any renewal requirements for students. Policies and procedures for these awards shall be set by each College, approved by the President, and reported to the Chancellor. - The TeamMates Program Award is a collaborative program with TeamMates designed for students who enroll as first-time freshmen at one (1) of the Colleges. If the applicant is determined not to be eligible for the tuition waiver, the notice shall include the reason or reasons for such denial and the procedure for seeking reconsideration of the decision by the President. A copy of the notice shall also be sent to the President and the Chancellor.
- An applicant seeking to appeal a denial must send a letter to the Chancellor within thirty (30) business days of the date of the denial.

The letter must include the reasons the officer believes the denial to be in error.

- The Chancellor shall provide written notice of the decision to the applicant consistent with the requirements set forth in the Act. If the Chancellor determines that the officer is eligible for the tuition waiver, the tuition waiver shall be provided as if the original application had been approved.

5. Reporting

The Colleges shall report to the Chancellor by October 15 of each year the number of waivers granted and the waivers amounts for each of the categories established within this policy. In certain circumstances the academic standing (freshman, sophomore, junior, senior) may also be requested for specific waiver types. The Chancellor shall provide a summary of remissions to the Board.

POLICY
NAME: Student Records

POLICY
NUMBER: 3650

A. PURPOSE

To comply with the Family Educational Rights and Privacy Act (FERPA) to protect the privacy of student records, the following addresses a student's right to review education records, the right to seek to amend education records, and to limit certain disclosures of information from a student's education record.

B. DEFINITIONS

1. **Student:** An individual currently or previously enrolled or registered in the College's education program or activity.

C. POLICY

1. Education Records

The education records means those records directly related to a student and maintained by the College or a party acting on behalf of the College. Education records do not include the following:

- 1.1. Records kept in the sole possession of the maker, used only as a personal memory aid, and not accessible or revealed to any other person except a temporary substitute for the maker of the record.
- 1.2. Records of the security department of the College, subject to the provisions of 34 CFR §99.8.
- 1.3. Records relating to an individual who is employed by an educational agency or institution, other than records relating to a student who is employed as a result of their status as a student which are education records, that
 - Are made and maintained in the normal course of business;
 - Relate exclusively to the individual in that individual's capacity as an employee; and
 - Are not available for use for any other purpose.

1.4 Records on a student:

- Made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in their professional capacity or assisting in a paraprofessional capacity;
- Made, maintained or used only in connection with treatment of the student; and
- Disclosed only to individuals providing the treatment. "Treatment" does not include remedial education activities or activities that are part of the program of instruction at the College.

1.5 Records created or received by the College after an individual is no longer a student in attendance and are not directly related to the individual's attendance as a student.

1.6 Grades on peer-graded papers before they are collected and recorded by a faculty member.

2. Right to Review Education Records

With certain exceptions, a student has a right to review records which are directly related to him/her and are maintained by the College. A student request to see their file is to be sent to the office which maintains the file and will be honored within forty-five (45) days. Students must pay for the cost to make copies of any records. Parents of dependent students have the right to review information about their children, such as grades, bills, and other information without having to gain students' consent as long as dependency is documented to the College.

3. Right to Amend Education Records

- 3.1. If a student believes that any of the education records relating to them contain information that is inaccurate, misleading, or in violation of their rights of privacy, they may ask the College to correct or delete such information by submitting the request to the senior Student Affairs officer. A student may also ask that additional explanatory material be inserted in the record. The request must clearly identify the part of the record the student wants changed. It must specify why the record is inaccurate or misleading. The College has no obligation to grant such a request. If the College declines to amend the records as requested by the student, it will inform the student, and the student may request a hearing. Each College shall establish a process for the convening of a hearing.
- 3.2. The right to challenge the contents of an education record may not be used to question substantive educational judgments that have been correctly recorded. For example, a hearing may not be requested to contest the assignment of a grade.

4. Releasing Information Pursuant to Student Consent

- 4.1. Except as authorized by this policy, non-directory information, as defined herein, will be released only upon the written request of the student.
- 4.2. When information is released from a student's file pursuant to the student's written consent, the consent document, the reason(s) for the release, and the name of the recipient of the release must be attached to the copy of the data released, which is kept in the file.
- 4.3. The recommendation or data released must include a statement that the information is not to be released to anyone else without the student's written consent.

5. Releasing Information Without Student Consent

- 5.1. Colleges may, upon written request, release non-directory personally identifiable education records without student consent in accordance with FERPA and federal regulations. A record of such releases to third parties must be maintained by the College. No consent from the student is required for the release of, or access to, an education record or personally identifiable information under the following circumstances:
 - By school officials who have a legitimate educational interest.
 - School officials include a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit, personnel and health center staff); a person serving on a board or committee; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the College who performs an institutional service or function for which the College would otherwise use its own employees and who is under the direct control of the School with respect to the use and maintenance of information from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing their tasks.
 - A school official has a legitimate educational interest if the official needs to review a record in order to fulfill the official's professional responsibilities for the College. This includes, but is not limited to, performing an administrative task outlined in that official's duties; performing a supervisory or instructional task directly related to a student or the College; or performing a service or benefit for the student or the College such as health care, job placement, security, residential services, the acquisition of learning materials or student financial aid.

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
- To organizations conducting studies for, or on behalf of, the College, in order to: (i) develop, validate, or administer predictive tests; (ii) administer student aid programs; or (iii) improve instruction.
- To accrediting organizations to carry out their accrediting functions.
- To parents of a student, if the student is a dependent for IRS tax purposes.
- To comply with a judicial order or lawfully issued subpoena.
- To appropriate officials in connection with health or safety emergency if knowledge of the information is necessary to protect the health or safety of students or other persons.
- To the victim and/or the general public the final result of a campus disciplinary proceeding involving a violent crime or non-forcible sex offense where the accused was found to have violated College rules or policies.
- To an official of another school, school system, or institution of higher education in which a student seeks or intends to enroll. Colleges shall provide access to education records of students who apply for admission and/or transfer within the NSCS whenever such records are requested by another NSCS College without obtaining student consent for such a release.
- Directory information, as described below.
- Other disclosures not listed above as permitted by FERPA and other applicable laws.

6. Directory Information

POLICY NAME: Pregnancy and Related Conditions

POLICY NUMBER: 3680

A. PURPOSE

To communicate the Board's commitment and the Colleges' responsibility to provide an environment for students experiencing pregnancy and related conditions free of discrimination.

B. DEFINITIONS

1. **Pregnancy and Related Conditions:** The full spectrum of processes and events connected with pregnancy, including pregnancy, childbirth, termination of pregnancy, or lactation; related medical conditions; and recovery therefrom.
2. **Reasonable Modifications:** Individualized adjustments to policies, practices, or procedures that do not fundamentally alter the education program or activity.

C. POLICY

1. **Reasonable Modifications for Students**

Students who are pregnant or are experiencing related conditions are entitled to Reasonable Modifications to prevent sex discrimination and ensure equal access to the College's education program and activity. Any student seeking Reasonable Modifications must contact the Title IX Coordinator to discuss appropriate and available Reasonable Modifications based on their individual needs. Reasonable Modifications are voluntary, and a student can accept or decline the offered Reasonable Modifications. Not all Reasonable Modifications are appropriate for all contexts.

1.1. Reasonable Modifications may include:

- Breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom
- Intermittent absences to attend medical appointments
- Access to online courses when reasonable

- Changes in schedule, course sequence, or course labs when reasonable
 - Time extensions for coursework and rescheduling of tests and examinations
 - Allowing a student to sit or stand, or carry or keep water nearby
 - Counseling
 - Changes in physical space or supplies (for example, access to a larger desk or a footrest)
 - Elevator access
 - A larger uniform or other required clothing or equipment
 - Other changes to policies, practices, or procedures determined by the Title IX Coordinator in consultation with other appropriate college personnel
- 1.2. Students are encouraged to work with their faculty members and the Recipient's support systems to devise a plan for how to best address the conditions as pregnancy progresses, anticipate the need for leaves, minimize the academic impact of their absence, and get back on track as efficiently and comfortably as possible. The Title IX Coordinator will assist with plan development and implementation as needed.
 - 1.3. Supporting documentation for Reasonable Modifications will only be required when it is necessary and reasonable under the circumstances to determine which Reasonable Modifications to offer to determine other specific actions to take to ensure equal access.
 - 1.4. Information about pregnant students' requests for modifications will be shared with faculty and staff only to the extent necessary to provide the Reasonable Modification.

2. Pregnancy-Related Temporary Disability

Students experiencing pregnancy-related conditions that manifest as a temporary disability under the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act are eligible for reasonable accommodations just like any other student with a temporary disability. The Title IX Coordinator will work with and refer the student to the College's disability service coordinator to ensure the student receives reasonable accommodations for their disability as required by law.

3. Certification to Participate

- 3.1. All students should be informed of health and safety risks related to participation in academic and co-curricular activities, regardless of pregnancy status. A student may not be required to provide health care provider or other certification that the student is physically able to participate in the program or activity, unless:

- 3.2. The certified level of physical ability or health is necessary for participation;
- 3.3. The institution requires such certification of all students participating; and
- 3.4. The information obtained is not used as a basis for pregnancy-related discrimination.

4. Lactation Space Access

The Colleges must provide students and employees access to lactation spaces that are functional, appropriate, and safe.

- 4.1. Such spaces must be regularly cleaned, shielded from view, and free from the intrusion of others.
- 4.2. Lactation spaces cannot be bathrooms.

POLICY NAME: Accommodations for Students with Disabilities

POLICY NUMBER: 3700

A. PURPOSE

To provide guidance to the Colleges regarding accommodations for students with disabilities.

B. DEFINITIONS

1. **Assistance Animal:** An Assistance Animal, sometimes referred to as an emotional support animal, is an animal that may not have specific disability-related training, but provides support for people with disabilities in the living environment and allows them full benefit and enjoyment of the living space.
2. **Disability:** A disability is a physical or mental impairment that substantially limits one or more major life activities.
3. **Service Animal:** A Service animal is a dog trained to perform work or perform tasks for a student with a disability, and the work is directly related to the individual's disability.
4. **Student with a Disability:** A student with a disability is someone who has a physical or mental impairment that substantially limits one or more major life activities, has a history or record of such an impairment, or is perceived by others as having such an impairment.

C. POLICY

1. General

- 1.1. Students with disabilities have the right to an equal opportunity to participate in and benefit from all programs offered by the Colleges. The Colleges are committed to providing students with disabilities the same opportunity to achieve academic success as they provide for all students and shall designate one or more ADA representatives to act as a disability services coordinator.
- 1.2. Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA) provide protections for students with

disabilities. Services will be provided with the understanding that students with disabilities may require reasonable accommodations and must have their needs assessed on a case-by-case basis.

- 1.3. A student with a disability may be entitled to a reasonable accommodation whenever the accommodation is necessary to provide them an equal opportunity to participate in and benefit from a college program including, for example, for academic needs, student activities, campus housing and/or general accessibility issues.
 - Providing reasonable accommodations for a student with documented disabilities does not guarantee a student equal results or achievement.
 - The Colleges must only afford them an equal opportunity for achievement.
- 1.4. Students with disabilities have the same obligations as all students to meet and maintain the Colleges' performance standards and codes of conduct as described in Board Policy 3100 with or without reasonable accommodation.
 - To maintain a safe environment conducive to learning, behavior deemed to be dangerous, damaging, harassing or otherwise disruptive to the College community is not allowed, even when that behavior is a symptom of or is associated with a disability.
 - A student with a disability who poses a direct threat to the health and safety of others and which threat cannot be mitigated by a reasonable accommodation is not qualified to continue as a student at the Colleges.

2. Records and Confidentiality

- 2.1. Each College shall maintain appropriate confidential records that identify students with disabilities. These records shall include the student's name, address, student ID number, nature of disability, support services needed, and verifying statement of services to students with disabilities and documentation provided by the student.
- 2.2. All such records shall be considered "education records" protected by the Family Educational Rights and Privacy Act (FERPA) and its regulations. Information about the student may be released with the student's informed written consent in accordance with Board Policy 3650, FERPA or other applicable federal and state laws.

3. Accommodations Process

- 3.1. Students with disabilities are responsible for initiating the accommodation process by identifying themselves as needing reasonable accommodations to the environment, auxiliary aids and/or services in a timely manner.

- Students seeking accommodations must submit a request to the disability services coordinator at their respective College and engage in the interactive process.
 - The request must include sufficient information and documentation to establish the student has a disability, and the accommodation is necessary because of the disability, including the nature of the disability and why reasonable accommodation is necessary.
 - After a request for accommodation has been made, the student and the College shall engage in an interactive process to determine what, if any, reasonable accommodation is available to the student.
 - The College may need to obtain additional information and documentation to determine if the student's condition qualifies as a disability or to determine what would be an effective accommodation. Such information may not be necessary if the student's disability and an effective accommodation is obvious.
- 3.2. Based upon the information provided by the student, the disability services coordinator at the College will notify the student of what, if any, accommodations have been approved. The notification must contain the name and contact information of the individual designated by the senior student affairs officer to review appeals of disability service coordinator determinations and the process for filing an appeal.
- 3.3. Students may appeal the determination made by the disability services coordinator by submitting a written statement or email to the individual designated by the senior student affairs officer to review appeals of disability service coordinator determinations within five (5) calendar days of the date of the notification. The written statement must outline a specific basis for the appeal of the decision.

4. Personal Care Attendants

- 4.1. Students who require a personal care attendant (PCA) are responsible for making arrangements for their PCA service. If a PCA is needed, the student is responsible for hiring, training, scheduling, supervising, paying, and replacing the attendant as necessary. The Colleges are not responsible for any coordination or financial responsibilities for PCAs. In addition, other College students and employees shall not provide the services of a PCA.
- 4.2. PCAs with access to residence halls shall be subject to a background check completed by Human Resources before arriving on campus. Access to College residence halls will not be granted until a background check has been completed. Any PCA that fails to abide by College policies and procedures may be subject to removal from the residence halls and College campus, loss of all privileges and any other action the College may consider appropriate.

5. Service Animals

- 5.1. In determining if a student is allowed to have a service animal, the Colleges may ask two (2) questions: Is the dog required because of a disability? and What work or task has the dog been trained to perform?
 - If the student answers yes to the first question and adequately describes that the dog has been trained to perform work or task(s) directly related to the student's disability, the service animal is allowed unless it is otherwise unreasonable to do so as described in this policy.
 - The Colleges may not ask any questions regarding the nature and/or severity of the student's disability or for any documentation.
- 5.2. The Colleges may request proof of compliance with vaccination requirements.
- 5.3. Service animals may accompany the student in any and all locations where students are reasonably permitted to be and where it is deemed safe for the animal to be. The Colleges may prohibit the use of service animals in certain locations because of health and safety restrictions.
- 5.4. Students with disabilities who are accompanied by a service animal must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities.
- 5.5. Service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the student's disability prevents using these devices. In that case, the student must maintain control of the animal through voice, signal or other effective controls.
- 5.6. Students with disabilities who are accompanied by a service animal are solely responsible for the cost, care, supervision, and well-being of the animal at all times.
 - The Colleges are not responsible for the care or supervision of service animals.
 - The Colleges are not responsible for the evacuation or care of service animals during fire alarms, fire drills, building or campus emergencies, or natural disasters.
- 5.7. Students with disabilities accompanied by a service animal are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.
- 5.8. Cleaning up after the animal is the sole responsibility of the student with disabilities that is in possession of the service animal. If the student is not physically able to clean up after the animal, it is then the responsibility of that student to hire someone capable of cleaning up after the animal in a timely, hygienic, and respectful manner.

6. Assistance Animals

- 6.1. The Colleges may allow a student to be accompanied by an Assistance Animal that is not a service animal in student housing if the animal is necessary because of the student's disability.
- 6.2. The Colleges will evaluate whether to permit an Assistance Animal using the same procedure as it uses to evaluate any other request for reasonable accommodation. While the Colleges will evaluate each request on a case-by-case basis, students generally may establish the necessity for an Assistance Animal in student housing if:
 - the student has a documented disability; and
 - the student provides verification documentation from a health care professional with whom a student has an established clinical relationship that the Assistance Animal is necessary because of the student's disability to have an equal opportunity to use and enjoy student housing.
- 6.3. The presence of the Assistance Animal must also be reasonable. Assistance Animals cannot:
 - pose a direct threat to the health and safety of others;
 - cause substantial damage to the property of others;
 - pose an undue financial or administrative burden; or
 - fundamentally alter the nature of the College's operation.
- 6.4. The Colleges will require a student to provide evidence the Assistance Animal's vaccinations are current and they have complied with all local ordinances and licensing requirements prior to bringing the Assistance Animal to student housing.
- 6.5. Students with disabilities who have Assistance Animals must comply with the same College rules regarding conduct, noise, safety, disruption, and cleanliness as people without disabilities.
- 6.6. A student with a disability who has an Assistance Animal is solely responsible for the cost, care, supervision, and well-being of the animal at all times.
 - Colleges are not responsible for the care or supervision of Assistance Animals.
 - Colleges are not responsible for the evacuation or care of Assistance Animals during fire alarms, fire drills, building or campus emergencies, or natural disasters.
- 6.7. Students with disabilities who have an Assistance Animal are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

7. Food Allergies

- 7.1. Food allergies may constitute a disability under the Americans with Disabilities Act (ADA). The Colleges will develop individualized plans for students who request reasonable accommodations due to a food allergy. Depending on the individual circumstances, the Colleges may allow students to be exempt from the mandatory meal plan, eat in a separate location, or partake of meals made without specific allergens within the Colleges' regular dining halls.

8. Complaints

- 8.1. Concerns or complaints regarding ADA compliance should first be directed to the disability services coordinator of the College. The disability services coordinator may refer the matter to the appropriate academic or student affairs officer.
- 8.2. If the disability services coordinator, academic officer, or student affairs officer is unable to resolve the issue, complaints related to ADA compliance or discrimination shall be addressed per the procedures set forth in Board Policy 3210 regarding grievances.

POLICY NUMBER: 3740

A. PURPOSE

The NCAA Board of Governors adopted an association-wide policy addressing campus sexual and interpersonal violence for member institutions. The policy requires member institutions to follow institutional policies and processes directing college staff to reasonably gather information related to incidents of conduct from incoming, continuing, walk-on and transfer student-athletes that resulted in a finding and/or discipline through a Title IX proceeding or in a criminal conviction for sexual, interpersonal, or other acts of violence.

The policy applies to all student-athletes who participate in intercollegiate sports, regardless of membership in the National Collegiate Athletic Association (NCAA) or the National Association of Intercollegiate Athletes (NAIA), any College Club Sports and any Auxiliary Programs.

B. DEFINITIONS

- 1. Auxiliary Program:** A program that competes and/or performs at the collegiate level and is funded by the College for which eligibility requirements for participation by a student athlete are not governed by the NCAA or NAIA and oversight is provided by the Athletic Program.
- 2. 4. College staff will collect disclosure forms annually from all student-athletes and take reasonable steps to determine whether the student-athlete left an institution with an incomplete Title IX/sexual misconduct proceeding, has a finding or has been disciplined through a Title IX/sexual misconduct proceeding, or has a criminal conviction for sexual violence, interpersonal violence, or other acts of violence.
5. If a student-athlete discloses on the form that they left their prior institution with an incomplete Title IX/sexual misconduct proceeding or were disciplined through a Title IX/sexual misconduct proceeding or if the College seeks to verify the information provided on the form, the College will require that student-athlete to sign a Family Educational Rights and Privacy Act (FERPA) release enabling the

For students receiving federal financial aid, enrollment status is a crucial factor in determining eligibility and award amounts. If dropping a course changes the enrollment status from full-time to part-time, it may lead to adjustments in financial aid packages.

¹ As outlined in [34 CFR 600.2](#) Definitions for Academic Engagement that outlines active participation by students in an instructional activity related to the student's course of study.

- Return of Title IV Funds – Federal financial aid, including Federal Pell Grants, Federal Direct Loans, and other federal aid programs, are subject to the "Return to Title IV Funds" (R2T4) calculation if a student drops a class before completing at least 60% of the semester. The R2T4 calculation determines the federal aid that must be returned to the respective programs based on the percentage of the semester completed.
- Financial Aid Disbursement Adjustment – If a student drops a course after the official add/drop deadline, the financial aid office will review the impact on the student's eligibility for aid. In some cases, the financial aid package may need to be adjusted to reflect the new enrollment status and ensure compliance with federal regulations.
- Repayment of Excess Funds – If the R2T4 calculation indicates that the student received more financial aid than they were eligible for, the excess funds must be returned to the appropriate federal aid programs. The student will be responsible for repaying any outstanding balance resulting from the adjustment.
- Academic Progress Requirements – Dropping a course may affect a student's academic progress. Satisfactory Academic Progress (SAP) is a requirement for maintaining federal financial aid eligibility. Students who repeatedly drop courses may risk falling below the required SAP standards and may face further financial aid eligibility issues in subsequent semesters.

8. Formal College Review Process for Administrative Add or Drop for Extenuating Circumstances

- If a student faces extenuating circumstances requiring course schedule changes beyond the one-week add/drop period, they can submit a formal request for an Administrative Add and/or an Administrative Drop per the College's established process, for review by the College's established designee..
- A student must submit their request for an Administrative Add and/or Drop, along with appropriate documentation to the College's established designee. Each request will be reviewed on a case-by-case basis, and if approved, the course(s) will be added and/or dropped. Course(s) removed from the student's schedule will not incur a financial penalty.

9. Coding Registration Changes

The following coding will be used for registration changes:

- Administrative Add: Administrative Action with backdate
- Administrative Drop: ADRP Code
- Administrative Withdrawal: NPAY Code if the reason is non-payment or W1000 for all other reasons
- Complete No-Show: DNA Code and backdate

- Partial No-Show: DNA Code and backdate
- Student Drop: Administrative Action (matching ID will reflect self-initiation)
- Student Withdrawal: Administrative Action W code and reason

10.Auto Enrollment Options

- In limited circumstances, Colleges may utilize an auto-enrollment process to allow College employees to assist new or returning students.
- If an auto-enrollment process is used, the College shall ensure that students have affirmed their enrollment intentions and status before the first date of the academic session in which the student is enrolled and notify students with updated enrollment information each term.
- Those students not confirming their intent to attend the course(s) shall be removed from the course(s) and not included in the 10-day enrollment counts for the College.
- Colleges shall not assess tuition and fee charges to students who have been auto-enrolled in courses but do not attend or actively engage.

POLICY NAME: High School and Post-Secondary Transcript Processes

POLICY NUMBER: 4130

A. PURPOSE

To establish processes and procedures for accepting high school and post-secondary transcripts, satisfactory academic progress, academic amnesty, and academic renewal.

B. DEFINITIONS

1. **Academic Amnesty:** A process by which a student who has faced significant challenges during a particular period may request to have course grades removed from their GPA calculation for a specific semester, allowing them to make a fresh start academically without the burden of past performance affecting their overall GPA.
2. **Academic Renewal:** A process by which a student who was suspended or academically disqualified due to a cumulative GPA of less than 2.0 and has not attended a State College for at least six consecutive semesters may apply for readmission.
3. **Dual Credit Courses:** Coursework completed by high school students for which the student receives both high school credit and college credit. The Colleges require an official transcript from the host institution offering the course(s).
4. **Early Entry Credit Courses** – Coursework completed by high school students prior to the completion of their high school diploma, which solely earn college credit. The Colleges require an official transcript from the host institution offering the course(s).
5. **High School Transcript:** Official record of a student's academic performance throughout their high school career, including overall high school GPA, a list of all courses taken, grades earned, and corresponding credit hours for each course.
6. **Official Transcript:** Transcript sent directly from a high school, postsecondary institution registrar's office, or through an approved contracted vendor to the receiving institution's registrar's office.
7. **Postsecondary Transcript:** Official record of a student's academic performance during attendance at the postsecondary institution, including overall

institutional GPA, a list of all courses taken, grades earned, and corresponding credit hours for each course.

8. **Satisfactory Academic Progress:** The process an institution uses to determine if a student is meeting all of their educational requirements and is on target to graduate on time with a degree or certificate.
9. **Unofficial Transcript:** Transcripts available online or through student portals.

C. POLICY

1. Official Transcript Requirements

- Transcripts must include the school or institution's seal or logo and be signed by the registrar or other authorized school official.
- Transcripts must depict the graduation date denoting the successful completion of all coursework (high school transcript).
- Transcripts must be received after the completion of the academic terms for which course credit is requested, and, if applicable, depict the graduate date denoting the successful completion of all coursework for a conferred degree (postsecondary transcript).
- Transcripts must be sent from a school or institution that is recognized by an accrediting agency to ensure the quality of the transfer credits.
- All official transcripts must be received prior to the beginning of pre-registration for the second term for which the student wishes to be enrolled. Students without official transcripts on record by this deadline will no longer be eligible to register for future courses.
- Colleges may request official transcripts from all previously attended colleges and universities.
- When making Satisfactory Academic Progress (SAP) determinations, the College may use an official transcript from the most recent postsecondary institution and complete a limited transcript review as outlined below. Colleges may use the National Student Clearinghouse (NSC) when making SAP determinations.

2. Use of Unofficial Transcripts

- Make preliminary enrollment decisions and prepare financial aid awards
- Assist academic advisors in determining initial course schedules
- Cannot be entered into Student Information System as an official record

3. Use of Official Transcripts

- Record courses into the Student Information System
- Verify academic credentials

- Finalize course schedules and enrollments

4. Satisfactory Academic Progress (SAP) for Limited Transcript Review

By permitting students to submit their most recent college transcript for SAP determination, the Nebraska State Colleges aim to simplify the process for students while maintaining the integrity of the SAP evaluation. This process reflects our commitment to supporting students' academic success.

4.1. Student Request

Student submits a formal request to the Registrar's Office indicating their intent to use the most recent college transcript for SAP evaluation and a signed authorization allowing the College to access their academic records from previous institutions, if applicable, for verification purposes

4.2. Prior Institution Transcript Verification

Upon receiving the student's request and authorization, the Registrar's office will verify the accuracy of the most recent college transcript against any previous institution transcripts on record to ensure the integrity of the SAP determination and confirm all relevant coursework is considered.

4.3. Data Compilation and SAP Evaluation

The Registrar's Office, in collaboration with the Financial Aid Office, will compile and evaluate the academic data from the most recent college transcript and any verified prior institution transcripts, if applicable. The SAP determination will be based on the established criteria and in compliance with federal regulations.

4.4 SAP Notification and Appeal Process

Following the SAP evaluation, student will be notified of their SAP status in a timely manner. Students who do not meet SAP requirements will receive information regarding their eligibility for federal financial aid and instructions for the SAP appeal process, if applicable.

5. Maximum Timeframe

Colleges may utilize NSC academic history when determining the 150% maximum timeframe for whether or not courses were completed successfully. Students who exceed the maximum timeframe may become ineligible for federal financial aid, including grants, loans, and work-study programs. In addition, the College may choose not to disburse any additional financial aid to students until they demonstrate they can complete their program within the maximum established timeframe.

6. Academic Amnesty

6.1. Eligibility

- Student must be currently enrolled;

- Student must have completed a minimum of one subsequent semester with at least twelve (12) credit hours of coursework after the semester for which they seek amnesty;
- Student's academic performance in the subsequent semester(s) must have resulted in a GPA that meets the criteria for good academic standing at the College.

6.2. Application Process

- Student submits a formal written request for academic amnesty to the College VPAA or their established designee. The request must include the following:
 - The semester for which amnesty is being requested and the specific courses (must be at least 60% of the courses completed within that semester, but can be the entire set of courses);
 - Explanation of the challenges faced during the specific semester for which amnesty is sought (e.g. personal, health, family-related, financial);
 - Statement of how the student has overcome these challenges; and
 - Demonstrated academic improvement in subsequent semester(s).
- Student provides supporting documentation or evidence that validates the difficulties faced during the relevant semester (e.g. medical records, official statements, or letters from relevant authorities).
- The College VPAA or their established designee will review the application and supporting documents. A committee comprising of academic advisors, faculty members, and other relevant college staff will make the final determination on whether academic amnesty is granted.
- Student will be notified of the committee's decision in writing, and if academic amnesty is granted, the College Registrar will be notified of the decision for processing.

6.3 Conditions

- The grades for which amnesty is granted will be removed from the GPA calculation but will remain on the student's official transcript with a notation indicating amnesty.
- The student's cumulative GPA will be recalculated without the grades for the specific semester(s) granted amnesty.
- Academic amnesty can only be granted once during the student's academic journey at the home College.
- Courses for which amnesty is granted will not count toward the fulfillment of degree requirements, and the student may need to retake any courses that are essential for their major or academic progression.

- Any financial aid or scholarship considerations based on GPA may be affected by academic amnesty. Students are advised to consult with the Financial Aid Office for guidance.
- The decision of the committee regarding academic amnesty is final and cannot be appealed.

7. Academic Renewal

7.1. Eligibility

- Student stopped out with a cumulative GPA of less than 2.0, or was suspended, or was academically disqualified
- Student has not attended the State College for at least six consecutive terms (e.g. spring, summer fall, spring, summer, fall)

7.2. Application Process

- Student must submit a petition for academic renewal, procedures to be established by the College VPAA or their established designee.

7.3. Conditions

- Student can be granted academic renewal only once
- Student's academic transcript will denote "ACADEMIC RENEWAL APPROVED" with the date
- All coursework completed prior to the renewal data will remain visible on the student's academic transcript
- Grades in all courses completed prior to the renewal date will not be used in the calculation of the GPA. Credits from previously completed courses with an earned grade of C- or higher are eligible to count toward degree completion.
- Students granted academic renewal are assigned Good Standing for the initial semester; standing assignments for the second and subsequent semesters of attendance will be determined based upon the College's academic standings policy.
- Students granted academic renewal will be required to complete at least 30 credit hours after readmission before they are eligible for a baccalaureate degree, even if all other degree requirements have been met.
- Students granted academic renewal will be required to complete at least 9 credit hours after readmission before they are eligible for a graduate degree, even if all other degree requirements have been met.
- Academic renewal only applies to the home College; other Colleges may or may not accept the action of academic renewal.

POLICY
NAME: Examination-Based Credit

POLICY
NUMBER: 4135

A. PURPOSE

In recognition of prior learning and demonstrated academic achievement, the Colleges award examination-based credit for approved standardized examinations, including but not limited to Advanced Placement (AP), College Level Examination Program (CLEP), International Baccalaureate (IB), DANTES Subject Standardized Tests (DSST), and other examinations approved by the Colleges. This Policy establishes how examination-based credit is awarded and applied toward degree requirements, transfer evaluations, and academic transcripts.

B. DEFINITIONS

1. **Academic Program:** A defined course of study leading to the award of a certificate, diploma, associate degree, bachelor's degree, or other academic credential.
2. **Approved Examination:** A standardized examination recognized by the Coordinating Commission for Postsecondary Education (CCPE) for purposes of awarding academic credit, including examinations subsequently added to the Commission's approved list.
3. **Credit Equivalency:** The determination that an approved examination corresponds to a specific College course, subject area, or credit amount.
4. **Degree Requirements:** The academic requirements that must be completed for the award of a certificate, diploma, associate degree, or bachelor's degree, including general education, major, minor, elective, and prerequisite requirements.
5. **Examination-Based Credit:** Academic credit awarded by the College based on a student's performance on an approved standardized examination rather than completion of a college course.
6. **General Education Requirement:** A degree requirement consisting of foundational coursework intended to develop broad knowledge and essential academic competencies across disciplines.

7. **Official Score Report:** A score report transmitted directly to the College by the testing organization or other authorized source designated by the examination provider.
8. **Official Transcript:** The permanent academic record issued by the College that documents courses, credits, grades, credentials awarded, and examination-based credit accepted or awarded by the institution.
9. **Prior Learning Assessment (PLA):** A process by which the College evaluates learning acquired outside of traditional college coursework for the purpose of awarding academic credit. Examination-based credit is one form of prior learning assessment.
10. **Qualifying Score:** The minimum examination score established by CCPE for awarding examination-based credit, or a higher score established by the College and approved by CCPE as permitted by law.
11. **Residency Requirement:** The minimum number of credits or courses that must be completed through the College in order to earn a degree or credential from the institution.
12. **Transfer Credit:** Academic credit accepted by the College that was originally awarded by another institution or educational provider and is determined to meet the College's transfer evaluation standards.

C. POLICY

1. Awarding of Examination-Based Credit
 - The Coordinating Commission for Postsecondary Education (CCPE) maintains and publishes a list of recognized exams and their minimum passing scores ("cut scores"). The CCPE makes this list accessible to students and families.
 - Examination-based credit shall be granted only upon receipt of official examination score reports from the appropriate testing organization.
 - A College shall award examination-based credit for an examination recognized by CCPE when the student achieves the applicable CCPE minimum cut score, subject to the College's determination of the appropriate course or credit equivalency and application of the credit toward the student's program of study. The appropriate College academic unit shall determine the course equivalency and applicability of the examination-based credit to degree and program requirements consistent with this Policy and applicable law.
 - A College may establish a cut score higher than the CCPE minimum only when the higher cut score has been approved by the CCPE in accordance with state law.

2. Application Toward Degree Requirements

- Examination-based credit may be applied toward degree, certificate, general education, major, minor, elective, or prerequisite requirements when the awarded credit is determined to be equivalent to College coursework and is applicable to the student's program of study. The applicability of examination-based credit to specific degree requirements may vary by academic program and accreditation requirements.
- Credits awarded through examination-based assessment count toward degree completion requirements to the same extent as equivalent institutional coursework, unless otherwise restricted by programmatic, licensure, accreditation, or residency requirements.

3. Transfer of Examination-Based Credit

- Examination-based credit presented by transfer student shall be evaluated consistently with this Policy, the College's transfer credit policies, and applicable CCPE requirements. The College shall determine the equivalency and applicability of such credit to the student's degree or program requirements.
- Examination-based credit appearing on another institution's transcript shall be evaluated based upon the examination, score, and applicable College or CCPE credit equivalency requirements and shall not necessarily be accepted solely on the basis that another institution previously awarded the credit. The College shall determine how accepted examination-based credit applies toward the student's degree requirements.
- Students transferring examination-based credit are subject to the academic policies and degree requirements in effect at the time of admission or catalog selection.

4. Transcript Recording

- Credits awarded through examination-based assessment shall be clearly identified on the student's official academic transcript. The transcript record shall include the examination or equivalent course designation, credits awarded, and notation that the credit was earned through examination rather than classroom instruction.
- Examination-based credit shall not be assigned a letter grade and shall not be included in the calculation of the student's grade point average unless otherwise authorized by institutional policy.

5. Publication and Review

- Each College shall publish this Policy and information explaining how examination-based credit is awarded and applied toward degree requirements, evaluated for transfer purposes, and recorded on academic transcripts. Each College shall also publish its current examination-based credit equivalencies and any College-specific qualifying scores and shall provide students and the public with access to, or a link to, CCPE's current list of recognized examinations and minimum cut scores.

General studies coursework will result in the graduation of students who are intellectually curious, proficient in their own field of study, knowledgeable and informed in the affairs of the world, and able to participate in society in a manner that will emphasize the role of individual contributions in the development of a better world.
13. **Graduate Degree:** The academic award bestowed on a student who completes a minimum of thirty (30) credit hours in an academic discipline and meets other academic requirements, including, but not limited to, completion of a baccalaureate degree, sufficient credits in the graduate core, and a minimum overall grade point average.

- 19. Reduced Credit Baccalaureate Degree:** A baccalaureate degree, specifically referenced as a Bachelor of Arts or Bachelor of Science in Applied “_”, which is bestowed on an undergraduate student who completes a minimum of ninety (90) unduplicated credit hours and meets other academic requirements established by the College for the specific program offered.

- 21. Subject Major:** An undergraduate academic program that concentrates on an academic discipline and ranges from thirty (30) to thirty-six (36) credit hours. A subject major does not establish a core or options/concentrations, as the major requires one set of courses focused upon a single academic subject. A subject major shall be combined with a minor or second major to lead to a Bachelor of Art or Bachelor of Science degree.
- 22. Thesis:** A document that presents a graduate student’s formal research and findings on a topic related to the graduate student’s field of interest. The format should conform to the most current professional standard of the discipline.

- An established cluster of courses offered by the College may be awarded to a student who can provide documentation or evidence of the industry-aligned experience. This may include job-related training programs, years of experience in a specific role, and/or industry-related certifications. Once documented, a grade of Credit (CR) will be awarded for the cluster of courses aligned to the experience, but they will not be included in GPA computations.
- Each College will maintain a website that identifies the approved industry-aligned experiences and the coursework that can be met through documentation of the experience.

5.3. Maximum Allowances

- A maximum of 40% of a credential may be met through alternative methods for awarding credit.

POLICY NAME: Instructional Credit Hour Definition and Assignment

POLICY NUMBER: 4141

A. PURPOSE

To define an instructional credit hour at the Nebraska State Colleges in accordance with applicable federal and state regulations and provide parameters for the assignment of instructional credit hours to courses using a variety of instructional modalities. The Federal Credit Hour definition is endorsed by the Board and paraphrased below.

B. DEFINITIONS

- 1. Federal Credit Hour *34CFR 600.2 (11/1/2010)*:** An instructional credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally-established equivalency that reasonably approximates not less than:
 - 1.1. One (1) hour of classroom or direct faculty instruction and a minimum of two (2) hours of out-of-class student work each week for approximately fifteen (15) weeks for one (1) semester or trimester hour of credit, or ten (10) to twelve (12) weeks for one quarter (1/4) hour of credit, or the equivalent amount of work over a different amount of time; or
 - 1.2. At least an equivalent amount of work as required in paragraph (1) of this definition for other activities as established by an institution, including laboratory work, internships, practica, studio work, and other academic work leading toward the award of credit hours.

C. POLICY

1. Assignment of Instructional Credit Hours

The Board requires that:

- 1.1. Faculty shall ensure that the time involved in student learning per credit hour is the equivalent to that needed to attain the learning outcomes in comparable courses;

- 1.2. Learning outcome equivalency may be achieved through multiple course modalities;
- 1.3. Instructional credit hour equivalencies are to be based on documented qualitative and quantitative expectations for the learning outcomes; and
- 1.4. Student learning outcome equivalencies reflect differences in delivery methods, quality of instruction and interaction, degree of supervision, measurements of student work, academic disciplines, academic calendars, and degree levels.

2. Course Modalities

The following minimum guidelines shall be followed. These are thresholds and courses may utilize higher hourly requirements per credit hour. Where direct instruction and faculty to student interaction occurs, an “hour” consists of the normal fifty (50) minute periods set by the Colleges.

- 2.1. **Traditional lecture courses** - a semester credit hour consists of the equivalent of fifteen (15) hours of direct faculty instruction and a minimum of thirty (30) hours of out-of-class student work for a combined total of forty-five (45) hours during the instructional period.
- 2.2. **Laboratory courses** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of combined direct instruction, laboratory work, and out of class study during the instructional period.
- 2.3. **Studio courses** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of combined direct instruction, studio work, and out-of-class study during the instructional period.
- 2.4. **Individual self-paced/directed study/independent study courses** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of individual work which may include direct instruction or student study during the instructional period.
- 2.5. **Courses offered in a shortened format** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of combined direct instruction and student learning activities which covers the same learning outcomes as those in the fifteen (15) week, semester long course from which it is derived.
- 2.6. **Seminars, institutes, workshops and topics courses** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of direct faculty instruction and student learning activities during the instructional period.
- 2.7. **Online courses** - a semester credit hour consists of the equivalent of at least forty-five (45) hours of combined direct faculty interaction via instructor-led asynchronous or synchronous online learning activities and additional student to student, student to instructor, and individual learning activities during the instructional period. These hours can be calculated

using a variety of accessible online workload calculators approved by the Vice President for Academic Affairs, such as the [Course Workload Estimator](#) provided by Rice University. For existing traditional courses that are also taught online, the student learning outcomes and credit hours should be the same regardless of modality.

- 2.8. **Hybrid courses** – for courses which utilize a combination of two (2) instructional modalities, namely face-to-face faculty instruction and online, instructor-led asynchronous or synchronous learning activities, a semester credit hour consists of the equivalent of at least fifteen (15) hours of direct faculty instruction via face-to-face and instructor-led asynchronous or synchronous online learning activities and a minimum of thirty (30) hours of out of class student work for a combined total of forty-five (45) hours during the instructional period.
- 2.9. **Internship and cooperative/work-based learning courses** - a semester credit hour consists of at least forty-five (45) hours of supervised internship or work-based learning activities during the instructional period.
- 2.10. **Field experiences and study away/study abroad courses** - a semester credit hour consists of the equivalent of forty-five (45) hours of combined direct instruction and student learning activities which may include among other activities shadowing, touring, visitations, written papers, formal presentations, and individual or group work, during the instructional period. If a program has specialized accreditation the field experience should follow the guidelines of the accrediting organization unless that amount is less than the stated hours above.
- 2.11. **Private music lessons and recital courses** - a semester credit hour consists of the equivalent of at least one half (1/2) hour per week of direct faculty instruction or supervision and a minimum of seven (7) hours per week of unsupervised out of class student practice during a fifteen (15) week period.
- 2.12. **Drama production courses** - a semester credit hour consists of the equivalent of at least fifteen (15) hours of instruction plus an additional thirty (30) hours of cast or crew work.
- 2.13. **Performance courses** – a semester credit hour consists of the equivalent of at least forty-five (45) hours in varying combinations of rehearsal time, performances, and individual practice. Generally large ensembles include at least three (3) hours of rehearsal time per week; chamber groups, and small ensembles include at least two (2) hours of rehearsal time per week.
- 2.14. **Teaching field experience courses** - a semester credit hour consists of at least the equivalent of five (5) full days, or one (1) week, of teaching experience.
- 2.15. **Combination modalities** – any courses that include multiple modalities of instruction that are not explicitly outlined above, shall follow the federal

guidelines and include at a minimum forty-five (45) hours of instruction and student work per credit hour.

POLICY
NAME: Academic Programs

POLICY
NUMBER: 4200

A. PURPOSE

To establish processes for proposing new academic programs, review of existing programs, and program discontinuation.

B. DEFINITIONS

None

C. POLICY

1. New Academic Program Approval

All new academic programs, which include degrees; majors; options/concentrations, focus areas and endorsements within majors; certificates and minors, require prior approval of the Board. Proposals for new academic programs shall be submitted to the Vice Chancellor for Academic Affairs for initial review and recommendation to the Chancellor and Board of Trustees.

Academic program termination and subsequent reinstatement of a program also requires the submission of a formal proposal identifying the College's recommendation for approval of the Board. In all cases, the Board may require objective consultants to assist the Board in analyzing the proposal and arriving at a decision.

2. Reduced-Credit Bachelor's Degree Programs

All new reduced-credit bachelor's degree programs, typically defined as bachelor's degree programs requiring fewer than 120 credit hours, also require prior approval by the Board of Trustees, regardless of whether the major for such program already exists through a traditional bachelor's degree pathway. Proposals for such programs must be submitted to the Vice Chancellor for Academic Affairs for initial review and recommendation to the Chancellor and Board of Trustees, following the same procedures as traditional academic programs.

3. Existing Academic Program Review Process

3.1. Review Requirements

- Existing academic programs shall be reviewed on a regular basis by each College, following the academic program review schedule established by the Coordinating Commission for Postsecondary Education (CCPE) for the Nebraska State Colleges. Such review shall be for the purpose of determining the quality and effectiveness of each academic program, the efficiency with which each is delivered, and for the purpose of avoiding unnecessary duplication.
- Such review shall be consistent with state statutes and shall contain both qualitative and quantitative measures representative of sound academic practices. The review process provides for evaluation of each academic program once every seven (7) years and is primarily a self-study conducted at the department, school and/or College levels. Although designed to assist in program improvement to enhance program quality and promote attainment of educational goals, the review is also useful in planning and assuring efficient use of resources.
- Each College shall perform the review according to the established CCPE program review schedule and shall submit a report which compiles the results to the Vice Chancellor for Academic Affairs for review, along with supporting documentation and a recommendation for each program reviewed.
- In the event a program does not meet or exceed the threshold requirements established by the CCPE, the College shall include in its report either a recommendation for terminating the program or a plan for taking corrective action which will improve and justify continuance of the program.
- Each program report will be considered by the Board for continuation of the program; those programs approved for continuation will then have their reports forwarded for consideration and approval by the CCPE.
- Should a program be approved for continuation that does not meet the threshold requirements established by the CCPE, the program's number of graduates/completers will be reported annually on the Low-Threshold Program Report, which is provided to the Board each year during the March/April Board meeting.

3.2. Outside Accreditation and Review

- Should an academic program hold state and/or national accreditation and is in good standing with the accrediting agency at the time of review by the Board, the official documentation that provides the results of the most current review of the program shall be accepted, along with a one (1) to two (2) page summary of the

primary findings of the most recent accreditation visit, as the College's analysis of the program.

4. Right to Modify or Discontinue Academic Programs

4.1. Program Continuation

- Acceptance of registration by a Nebraska State College and admission to any academic program of a State College does not constitute a contract or warranty that the College will continue indefinitely to offer the program in which a student is enrolled.
- The College expressly reserves the right to change, phase out, or discontinue any academic program.

4.2. Modification Procedures

The listing of courses contained in any College bulletin, catalog or schedule is by way of announcement only and shall not be regarded as an offer of contract. The College expressly reserves the right to:

- Add or delete courses from its offerings;
- Change times or locations of courses or programs;
- Change academic calendars without notice;
- Cancel any course for insufficient registrations; or
- Revise or change rules, charges, fees, schedules, courses, requirements for degrees and any other policy or regulation affecting students, including, but not limited to, evaluation standards, whenever the same is considered to be in the best interests of the College.

5. Procedure for Discontinuing Academic Programs

Once a decision has been made to discontinue an academic program, the College will assist the student to identify program completion options inside and outside the Nebraska State College System.

The College will notify the Higher Learning Commission, in accordance with HLC policies and procedures, and comply with their directives.

POLICY NAME: High School Dual Credit Courses

POLICY NUMBER: 4420

A. PURPOSE

To establish the requirements for dual credit courses delivered to high school students by the Nebraska State Colleges.

B. DEFINITIONS

1. **Dual Credit Courses:** Coursework completed by high school students for which the student receives both high school credit and college credit¹.
2. **Dual Enrollment Students:** Refers to students who enroll in college courses offered by an institution of higher education while enrolled in high school or seeking a recognized equivalent. Student performance is recorded on a college transcript and postsecondary credit is awarded for a passing grade in the course. Includes all postsecondary courses, independent of course delivery mode, course location, course instructor, and whether secondary credit is also offered.²
3. **Early Entry Credit Courses:** Coursework completed by high school students prior to the completion of their high school diploma, which solely earn college credit. Students taking early entry credit courses are eligible to enroll in regular college courses for sections designated by the institution, at a rate established by the Board that is inclusive of tuition and fees.

C. POLICY

1. Dual Credit Course Instructor Qualifications

- 1.1. Dual credit course instructors at the high school must be approved by the College administrator of the academic unit in which the course is taught at the College.

¹ Definition as established by the Higher Learning Commission
https://download.hlcommission.org/DualCreditGuidelines_OPB.pdf

² Definition as established by IPEDS <https://surveys.nces.ed.gov/ipeds/public/glossary>

- 1.2. Dual credit course instructors who are not regular faculty of the College must be formally appointed as dual enrollment instructors in a manner similar to that used for adjunct faculty members.
- 1.3. Dual credit course instructors must meet the minimum criteria established in Policy 4600 Faculty Instructor Qualifications and be recommended by their high school principal as highly qualified for this position.
- 1.4. Dual credit course instructors for these courses shall work with an administrator, faculty member, or other designated academic representative of the academic unit in which the course is taught at the College. This College representative shall approve all course materials including student learning outcomes, syllabi, textbooks or other materials, and assessments including the final exam, and will be available to provide guidance and assistance during the offering of the course.

2. Student Admission

- 2.1. Student eligibility for dual credit courses is determined by participating high school and College officials. Participating students are recommended by the district and admitted and registered by the College with mutual consent of the district and College.
- 2.2. Students in these dual credit courses will typically meet all of the following requirements except as noted below:
 - Be high school juniors or seniors;
 - Be chosen carefully and recommended by the high school academic staff;
 - Meet the prerequisites of the course; and
 - Have a cumulative grade point average of B or its equivalent or better; or rank in the top half of their high school class; or earn an ACT composite score of at least twenty (20); or an equivalent score on another valid assessment.
- 2.3. Exceptions to the requirements may be made only by the administrator of the College academic unit responsible for the delivery of the dual credit course, if the student demonstrates through some alternative means the considerable capacity and likelihood for achieving academic success in the desired course or courses.
- 2.4. If appropriate, the institution responsible for the dual credit course may elect to administer a placement test to assure readiness of students to benefit from the course.

3. Curriculum

- 3.1. Colleges may offer only lower division (freshman and sophomore) courses that are offered by the home College and that are part of the regular curriculum approved by the established dual credit course approval

process. No college-level credit courses may be created specifically for high school students.

- 3.2. Each dual credit course will feature a final exam or culminating experience that substantially measures the extent to which the course's stated learning objectives are achieved.
- 3.3. Course objectives and the final exam or culminating experience, developed, or approved by the College representative who is an administrator, faculty member, or a designated academic representative of the academic unit responsible for the delivery of the dual credit course, must be the same or equivalent regardless of the course location.
- 3.4. Course syllabi will include the grading system for the dual credit course and clearly state that, regardless of grades earned previously, the culminating assessment must be passed in order to receive credit for the course.
- 3.5. Dual credit courses with earned grades of D or higher will count toward degree credit at that specific College; however, a grade of C or higher may be required for courses that are established as specific degree program pre-requisites (i.e. English Composition for teacher education program admission).
- 3.6. Any dual credit course that is successfully passed with a grade of C or higher will be accepted for degree credit across the State College System.

4. Instructional Context and Resources

- 4.1. All dual credit high school students shall be granted access to College library catalogs and holdings by remote means using computer connections.
- 4.2. The high school and College shall ensure that comparable resources are available to the students taking the course for dual credit.

5. Validation of Credits

- 5.1. The standards for credits awarded for a particular dual credit course are the same regardless of the location of the class. Students must meet the learning outcomes designed for the course. The credit is valid upon successful completion of the course requirements as determined by the course instructor and approved by the College.
- 5.2. The responsibility for awarding the final grade earned by the students rests with the dual credit course instructor, utilizing the grading scale established by the College. The recorded grade shall be the same on the high school and College transcript.
- 5.3. Course and instructor evaluations will be conducted by the institution offering the dual credit course. The evaluation may include a comparison of student performance on a common final exam administered to students at the home College and to students at other sites.

- 5.4. Decisions about the award of high school credits for the completion of dual credit courses offered in the high school will be made by the high school.
- 5.5. Students enrolled in dual credit courses will abide by the College academic rules and regulations applicable to College students.

- 1.4. Each College shall establish procedures to award credit for education received from non-collegiate institutions. The Colleges are authorized to grant credit according to the American Council on Education (ACE) Recommendations for evaluating learning, outlined in the ACE Military Guide and the ACE National Guide. Included in these recommendations are awarding credit earned through:

3. Transfer of Degree Principles

- 3.1. An Associate of Arts (AA) or Associate of Science (AS) degree completed at an accredited post-secondary institution that includes a minimum of thirty (30) semester hours of general studies coursework or its equivalent will fulfill all requirements of a general studies program established at a Nebraska State College.
- 3.2. The general studies requirements will be fully met with completion of the Associates degree; however, only those courses carrying grades as established above will be applied to the credit hour requirements of the baccalaureate degree.

Each College shall determine whether a Professional Development course is eligible to count toward degree completion prior to its offering and coded as such. A maximum of six credit hours of Professional Development credit can be counted toward the completion of a degree. A College may approve additional Professional Development credit when the College determines, through its established academic review and approval processes, that the learning experience meets appropriate standards for college-level academic content, rigor, instructional quality, and assessment of student learning, and that the credit is applicable to the requirements and learning outcomes of the degree program.

C. POLICY

1. Faculty Academic Freedom

The portion of the 1940 Statement of Principles on Academic Freedom and Tenure, formulated by the Association of American Colleges and the American Association of University Professors and paraphrased below, is endorsed by the Board.

- 1.1. A teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; however, research for pecuniary return should be based upon an understanding with the authorities of the College.
- 1.2. A teacher is entitled to freedom in the classroom in discussing their subject, but should be careful not to introduce controversial matter which has no relation to the subject. Limitations of academic freedom because of religious or other aims of the College should be clearly stated in writing at the time of appointment.

show respect for the opinions of others, and should make every effort to indicate that they are not an institutional spokesperson.

- 1.4. The Board places particular emphasis on 1.2 and 1.3 above relating to the responsibilities, as well as the privileges, which members of the profession and professional organizations associate with this important concept of American life.

POLICY NAME: Design and Delivery of Distance Education Courses and Programs

POLICY NUMBER: 4730

A. PURPOSE

To encourage the development and use of distance education courses and programs for educational purposes, where appropriate, while ensuring a level of quality equivalent to that of regular on-campus courses and to establish consistent processes for student enrollments in licensure/certification programs offered via distance education.

B. DEFINITIONS

1. **Admitted Student:** A student who has completed all requirements for admission to the College.
2. **Attending Student:** A student who is currently completing one or more courses at the College.
3. **Student Attestation:** A formal process for students to acknowledge their desire to complete a licensure/certification program from a location outside of Nebraska that is designated as a Not-Meets state or territory.
4. **Blended Course:** Instruction is simultaneously delivered to two (2) separately registered groups of students enrolled in the same course at one (1) specific College: online students and students who receive instruction face to face in the classroom. In a blended course, there are students physically attending in the classroom as well as students attending via the Internet from one (1) or more remote locations. Students attending remotely receive instruction synchronously (or through a recording of that particular live session) with the students in the classroom during set class meeting times. A blended course has a single syllabus and a common set of assignments, schedule, and curriculum.
5. **Distance Education:** Education that uses one (1) or more technologies to deliver instruction to students who are separated from the instructor and to

support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously.¹

- 6. Distance Education Program:** A program for which all the required coursework for program completion is able to be completed via distance education.
- 7. Distance Education Student:** A student who is enrolled in one or more distance education courses during a semester.

- 9. Enrolled Student:** A student who has completed all requirements for registration and has added one or more courses to their official schedule.
- 10. Hybrid Course:** Instruction is offered to all students via dual modalities of on-campus and online. One (1) or more face-to-face class meetings are required in addition to participating in online instructional activities. No more than seventy-five percent (75%) of the instruction and interactions occurs via electronic communication or equivalent mechanisms, with faculty and students physically separated from each other. Instruction may be offered synchronously or asynchronously.
- 11. “Meets” State or Territory:** A state or territory for which the licensure/certification program has been determined as fully meeting the educational requirements for licensure/certification.
- 12. Notification:** A written communication relaying information about a program to a student, with no expectation for response or agreement.
- 13. On-Campus Course:** Instruction is primarily delivered in an onsite, face-to-face setting with both instructor and students together in the same place at the same time for scheduled class meetings. Course may include Internet enhancements.
- 14. Online Course:** Instruction is primarily delivered online via the Internet, where at least seventy-five percent (75%) of the instruction and interactions occurs via electronic communication or equivalent mechanisms, with faculty and students physically separated from each other. Instruction may be offered synchronously or asynchronously.

C. POLICY

1. Roles & Responsibilities

1.1. System

The Chancellor will encourage, facilitate and coordinate the distance education activities of the Nebraska State Colleges by reviewing plans, monitoring progress, and evaluating results as specified under the current policy.

1.2. Colleges

The President and Vice Presidents for Academic Affairs will determine the modality of distance education courses based upon the definitions provided above for blended courses, hybrid courses, and online courses.

2. Standards and Conditions

2.1. Course Requirements & Standards

- Courses offered via distance education may be designed and delivered differently than on-campus courses, following best practices for instruction, engagement, and assessment of students using this modality. Course outcomes for distance education courses must be equivalent to those established for on-campus courses.
- Each course offered via distance education must include procedures for monitoring and assessing student performance. Those procedures, such as written exercises, papers, and examinations, must be equivalent to those used in comparable on-campus courses. Standards for success or failure in distance education courses must be as rigorous as those for on-campus courses.
- The Colleges have the responsibility to verify the identity of students who participate in courses or programs provided via distance education, as required by Federal Policy FDCR.A.10-050.²
- Students enrolled in distance education courses must be provided with academic support services appropriate to the discipline.

2.2. Instructor Requirements

- Instructors assigned to courses offered via distance education must complete training specific to the modality and demonstrate continued effectiveness in using distance education to deliver instruction.
- Instructors responsible for courses offered via distance education must meet the standards and procedures used by the College for the

²<https://www.hlcommission.org/Policies/verification-of-student-identity.html>

appointment of faculty responsible for on-campus courses. Provision must be made for the review and approval of faculty credentials by the appropriate administrator in the field(s) affected.

- Each instructor of record in a course offered via distance education must provide timely feedback to students regarding their progress and performance by methods equivalent to those used in on-campus courses.

2.3. Evaluation Procedures

- Procedures for evaluation of faculty responsible for courses offered via distance education must be equivalent to those used by the College for the evaluation of faculty teaching on-campus courses.
- Procedures for the evaluation of courses offered via distance education must be equivalent to those used for on-campus courses.

3. Licensure/Certification Program Processes

The following processes are based upon U.S. Department of Education requirements for all licensure/certification programs offered by a State College to retain Title IV status. Each State College shall establish procedures to ensure these processes are implemented.

3.1. Identification and Disclosure of States and Territories

- For each licensure/certification program offered by the College, the College will clearly post on its website all U.S. states and territories where the program fully “Meets” the educational requirements for licensure or certification. Colleges may also list any states or territories where they have confirmed the program “Does Not Meet” licensure requirements. For any states or territories not determined, the College shall not enroll students from those locations until a determination of “Meets” has been made.
- Should a licensure/certification program be determined to no longer fully meet the educational requirements for a “Meets” state or territory, the program’s information shall be updated on the website, and current enrolled students whose student location matches that state or territory shall receive notification within fourteen (14) calendar days of the change in determination.

3.2. Certification of Students

- All new-to-the-College students who select a licensure/certification program as their major shall be asked to identify what their student location will be as an attending student. This process shall be completed prior to the student’s enrollment in courses.
- All new-to-the-College students who have selected a licensure/certification program as their major, are identified as a distance education student, AND have a student location outside of Nebraska must be further evaluated for enrollment eligibility.

- If the student location is a “Meets” state or territory as an attending student, the student can continue attending the College to complete their chosen program.
- If the student location is not a “Meets” state or territory as an attending student, the student will not be immediately eligible for the program.
- Should a new-to-the-College student not be immediately eligible for their chosen licensure/ certification program, they must be notified within fourteen (14) calendar days and disenrolled from all future licensure/certification program coursework. To remain enrolled in the licensure/certification program, the student will consult with the identified College representative to complete one of three options;
 - Request an evaluation of the educational requirements for licensure/certification for their current state or territory, to determine whether the program Meets the requirements for that location;
 - Change their major to a non-licensure/certification program or a licensure/certification program that is eligible, as based upon student location; or
 - Complete an attestation form that documents their plan to seek employment in a “Meets” state or territory, which then allows them to continue with their chosen licensure/certification program.
- Should a current student change their major to a licensure/certification program, they will be allowed to remain enrolled in their current semester of coursework. However, the process outlined for new-to-the-College students above shall be completed. This is true whether the student changes their major from a non-licensure/certification program to a licensure/certification program, or whether the student changes their major from one licensure/certification program to another licensure/certification program.

2. **Nepotism:** The act of hiring, promoting or advancing a family member within the College or System Office or recommending the hiring, promotion, or advancement of a family member in the College or System Office, including initial appointment and transfer to other positions.

C. POLICY

1. General Requirements

No employee shall engage in any activity that conflicts or appears to conflict with their duties and responsibilities at a College or the System Office. Employees shall:

- Be informed of conflict of interest perils and remain alert to them in personal activities;
- Make certain that no outside activities interfere with the employee's discharge of their College or System Office obligations;
- Freely, and without delay, disclose outside activities to the Chancellor or President regarding situations that could involve, or be construed as, conflicts of interest;
- Not use, or authorize the use of public resources, personnel, property or funds under their official care, custody, or control for personal financial gain or the financial gain of a family member; and,
- Take action according to Neb. Rev. Stat. 49-1499.02 to disclose potential conflicts of interest when they would be required to take any

action or make any decision in the discharge of official duties that may cause financial benefit or detriment to the employee, the employee's family member, or a business with which the employee is associated.

2. Contracts and Purchases

An employee, employee's family member, and/or business with which the employee is associated shall not enter into a College or System contract valued at two thousand dollars (\$2,000) or more, in any one (1) year unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. §49-14,102.

An employee should not be involved in an advisory or decision-making capacity relating to College or System purchases where the employee, employee's family member and/or business has a financial interest.

If an employee, the employee's family or business with which the employee is associated has a financial interest directly, or indirectly in a College or System purchase, the Vice Chancellor for Finance & Administration must review information regarding the financial interest and approve the terms of the purchase and/or contract in advance.

For purposes of this Policy, a direct or indirect financial interest does not include de minimis holdings or transactions that are unlikely to influence, or appear to influence, the employee's decision making. A financial interest shall be considered de minimis if: the value of the interest in a publicly traded entity does not exceed \$5,000 in aggregate, including stock, stock options, or other ownership interests; and, the employee does not serve in a managerial, board, or executive capacity with the entity; and, the interest does not represent more than 1% ownership in the entity.

4.2. Exceptions

- The Chancellor may, upon a written showing of good cause, grant an exception to these prohibitions. The written showing of good cause shall be filed with the Accountability and Disclosure Commission and shall be considered a public record.
- An employee who becomes a supervisor to their family member other than by means of nepotism shall notify the Chancellor within seven (7) days of such occurrence and may continue to act as a supervisor until the Chancellor remedies the situation or grants an exception to the prohibition. The Chancellor shall act as soon as practicable.

- If a family member enrolls in their assigned class, the faculty member shall report the situation to the Vice President for Academic Affairs (VPAA).

BOARD POLICY

The Board of Trustees recognizes and affirms its responsibility and commitment to maintain a drug-free workplace environment. In accordance with this responsibility and to ensure worker safety and workplace integrity, under the Drug-Free Workplace Act of 1988, (41 U.S.C. §701), and the Drug-Free Schools and Communities Act of 1989, (20 U.S.C. §1145g), the Board prohibits the illegal manufacture, possession, distribution or use of controlled substances or alcohol in the workplace by its employees or those who engage or seek to engage in business with the State College System.

The term "controlled substance" refers to a controlled substance as defined by the Federal Controlled Substances Act (21 U.S.C. 801) et seq, or Nebraska Uniform Controlled Substances Act, Neb. Rev. Stat. 28-401 et seq.

Under an academic course exception, faculty and students are still required to abide by Board, College, state and federal laws/regulations regarding access to, use, distribution, and consumption of alcohol. Each employee will sign and date this statement certifying that he or she:

- A. Understands and will abide by the drug-free workplace policy; and
- B. Has knowledge of disciplinary actions which may be imposed for violations of the drug-free workplace policy.

The signed and dated statement will be provided to the Human Resources Office and will be permanently maintained in the employee's personnel file.

All employees will receive a copy of this policy at the beginning of each academic year which will serve as the annual notification.

3. All current employees will receive drug and alcohol abuse awareness training. New hires will receive the training within the first six (6) months of date of hire. This training shall include:

Guidelines For Reasonable Cause Drug And Alcohol Testing

Page 1 of 6

BOARD POLICY

The Board of Trustees has a vital interest in maintaining a safe, healthy, and efficient work environment. Being under the influence of alcohol or illegal drugs on the job poses serious safety and health risks to the user, to all those who work with the user, and to others in the community such as students.

To maintain a safe, healthy, and efficient workplace for all of its employees, and to protect the College's property, information, equipment, and reputation, this policy gives notice of the intent to test for alcohol and illegal drug use when cause exists in the workplace to conduct such a test.

The purpose of this testing program is to help in the treatment and elimination of alcohol and illegal drug use and abuse in the workplace while protecting employee rights.

Any testing program implemented pursuant to this policy shall strictly conform to the provisions outlined in The Nebraska Drug Testing Act, Sections 48-1901 to 48-1910 of the Nebraska Revised Statutes, relating to drug and alcohol testing of employees. The provisions outlined in the Act relating to the methods employed to test, and the use, requirements, release, and disclosure of test results, specimen preservation, and chain of custody, shall control the manner in which this testing program is conducted.

All employees are required as a condition of employment to abide by the terms of this policy as well as applicable state and federal law. In addition, an employee shall notify the College administration if convicted of violating any criminal drug statute while in the workplace or on College premises no later than five days after such conviction.

An employee's consent to submit to drug or alcohol testing is required as a condition of employment and the employee's refusal to consent following a request to test for reasonable cause may result in disciplinary action, including discharge, for a first refusal or subsequent refusal. The costs of any such tests shall be borne by the College.

This policy applies to all full and part-time employees, including student employees.

Definitions:

Alcohol means any product of distillation of any fermented liquid, whether rectified or diluted, whatever may be the origin thereof, synthetic ethyl alcohol, including but not limited to beer, wine or spirits, and alcohol used in the manufacture of denatured alcohol, flavoring extracts, syrups, or medicinal, mechanical, scientific or culinary and toilet preparations.
2. College property, premises or facilities means all property of the College including, but not limited to, the offices, facilities, structures, work areas and surrounding campus areas on College-owned or leased property, including parking lots, and storage areas. 2. In a private setting, the employee will be asked to explain the suspected behavior and describe the events that took place. Supervisors must note what can be observed and objectively documented as it relates to physical signs and symptoms of probable drug or alcohol abuse.

Supervisors must determine if there is a reasonable belief that drugs or alcohol are a factor in the incident
3. All documentation related to the for-cause test, including justification, and key decision makers, must be submitted to the HR Director or assignee who will carefully consider and document all evidence supporting a request to perform drug and alcohol testing prior to the scheduling of any test.
4. If the HR Director or assignee grants the testing request, the employee shall be notified and consequences for failure to submit to a request for screening shall be explained to the employee.
5. When reasonable cause exists for testing an employee, the examination for drug or alcohol use shall be scheduled immediately and conducted as soon as possible.
6. Both supervisors, or their designees, are to transport the employee to the testing facility in a College vehicle. Time spent conducting the test will be considered work time and the employee will be paid for this time. After the specimen has been collected, the supervisors or designees will transport the employee home or permit a family member or friend to do so. Allowing an employee who is reasonably believed to be under the influence of drugs or alcohol to drive home may create unnecessary liability exposure for the College.
7. All confirmatory tests shall be performed by a clinic, hospital, or laboratory which is certified pursuant to the federal Clinical Laboratories Improvement Act of 1967, 42 U.S.C. 263a.
8. The College will pay for the cost of alcohol and drug tests.

Determination for Testing

Factors to be considered include but are not limited to the following:

1. Documented pattern of unsatisfactory work performance, with evidence of drug or alcohol related behavior.
2. Physical signs and symptoms consistent with substance abuse.
3. Evidence of illegal substance use, possession, sale, or delivery while on duty.
4. Occurrence of a serious accident or potentially serious accident for no apparent reason.
5. Flagrant violations of established safety, security or other operating procedures for no apparent reason.
6. Erratic or violent behavior.

NOTE: Anonymous tips must be taken seriously, but should not be the sole reason to initiate a request for a specimen. Hearsay alone is not an acceptable basis for reasonable cause referral.

7.3. Advisor:

- Parties are entitled to select an Advisor of their choice at any time throughout the Grievance Process. Parties must have an Advisor during the hearing on a Formal Complaint, as the Advisor is responsible for asking the other party and all witnesses any relevant questions on behalf of their advisee. In all other instances throughout the grievance process (including interviews, meetings, and correspondence), the party will speak for themselves.
 - The College will maintain a list of trained employees who may be available to act as an Advisor.
 - If a party has selected an Advisor, the party should notify the Title IX Coordinator of the individual's name and contact information. The party will be asked to sign a FERPA waiver to allow information to be shared. A party's Advisor may accompany them to any meetings and assist in guiding the party through the Grievance Process.

It is each party's responsibility to share information and updates with their Advisor as needed throughout the Grievance Process. However, circumstances may arise in which communications from the Title IX coordinator may need to include the Advisor.

All relevant inculpatory and exculpatory evidence will be objectively evaluated.
- Individuals cannot be required to participate in the Grievance Process.
- A Respondent is presumed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Grievance Process.
- The burden of proof and the responsibility for gathering evidence rests on the College, not the parties.
- Credibility determinations are not based on a person's status as a Complainant, Respondent, or Witness.

- Parties are prohibited from knowingly making false statements or submitting false information during the Grievance Process.
- The College strives to complete the Grievance Process within sixty (60) business days from the date the Respondent receives Notice of the Allegations and Investigation unless good cause exists to extend this timeline under Section 7.12.

 - If a party wishes for their medical records, prior educational records, or other records that are external to the College to be considered in the Grievance Process, they must provide written consent for those records to be released to the College and make arrangements for the records to be provided to the College.
- Once the evidence has been gathered, the Investigator will provide both parties with electronic copies of the evidence obtained from the investigation that is directly related to the allegations, including both inculpatory and exculpatory evidence. If the Investigator is a person other than the Title IX Coordinator, the Investigator will also provide the evidence to the Title IX Coordinator.
 - The parties will have ten (10) calendar days to submit a written response to the Investigator for purposes of correcting or clarifying the evidence or provide additional relevant information.
 - Any written responses received from the parties will be included in the Investigative Report.
 - A party’s failure to respond will be taken as their confirmation that the evidence provided is accurate and complete for purposes of the Grievance Process.

- The Investigator will then prepare the Investigative Report that organizes and fairly summarizes the relevant evidence and synthesizes areas of dispute and agreement between the parties.
- The Investigator will provide the Investigative Report and any additional evidence not previously provided to the parties to the parties electronically at least ten (10) calendar days prior to the Hearing. If the Investigator is a person other than the Title IX Coordinator, the Investigator must also provide the Investigative Report and evidence to the Title IX Coordinator. The parties shall have ten (10) calendar days to provide a written response to the Investigative Report to the Investigator.

- If the professional staff member does not exercise the right to return to their tenured faculty position within the two (2) year period, they will be deemed to have relinquished all future rights to return to tenured faculty employment. At a President's approval and subsequent request to the Chancellor, an extension of the two (2) year time period may be granted by the Chancellor due to extenuating circumstances.
- At any time during the professional staff appointment while the individual has the right to return to tenure, the President may offer the individual the right to return to tenured faculty employment. - 1.3 A power differential makes mutual consent inherently suspect and raises potential concerns regarding a conflict of interest. Even the mere appearance of such bias may seriously disrupt the academic or work environment at the College or System Office.
- 1.4 Employees shall not initiate, accept, or enter into a relationship (romantic or sexual) where a power differential exists.
- 1.5 If an employee is in such a relationship, the employee with the power differential (holding the power advantage), has a special burden of accountability and must take immediate remedial steps to:
- Disclose the relationship to Human Resources; and
 - Cooperate with College or System Office administration to effectively remove themselves from a position of influence or control over the other individual in the relationship.
- 1.6 Failure to adhere to this Policy may result in corrective or disciplinary action up to and including termination of the employee holding the power differential, regardless of the consensual nature of the relationship.

Board of Trustees of the Nebraska State Colleges

POLICY
NAME: Workforce Flexibility

POLICY
NUMBER: 5023

A. PURPOSE

To explain options for flexible work schedules and remote work.

This policy applies to full-time and part-time professional and support staff employees. This policy is not applicable for faculty and non-ranked faculty as defined in Board Policy 5010.

Note: The Colleges shall not hire student employees, as defined in Board Policy 5010, in remote work locations effective July 1, 2024. The Colleges shall not hire temporary employees, as defined in Board Policy 5010, in remote work locations outside the state of Nebraska effective July 1, 2024.

B. DEFINITIONS

1. **Flexible Work Schedule:** A schedule that deviates from the standard office hours established at each College including a lunch period of at least thirty (30) minutes.
2. **Standard Office Hours:** Established hours of operation for each College when office personnel will be available to assist students and staff. Custodial, maintenance, and security employees' work schedules are not set according to standard office hours and are not covered by the terms of this policy. Standard office hours for each College are:
 - Chadron State College – 7:30 a.m. to 4:30 p.m. Mountain Time
 - Peru State College – 8:00 a.m. to 5:00 p.m. Central Time
 - Wayne State College – 8:00 a.m. to 5:00 p.m. Central Time
3. **Remote Work Location:** An alternative worksite (not on campus) established for the employee's regularly scheduled workweek. College remote work locations are fully remote not hybrid in nature.
4. **Schedule Deviation:** A singular or temporary change in the normally assigned work schedule that is requested by an employee and approved in advance by the immediate supervisor. A schedule deviation is not on-going in nature or habitual

and must not exceed thirty (30) calendar days. Flexible work schedule provisions in this policy do not apply to schedule deviations.

- 5. Temporary Remote Work Arrangements:** Temporary remote work arrangements are not on-going in nature or habitual. Supervisors may not circumvent the requirements of this policy by granting temporary remote work arrangements. Temporary remote work arrangements are not intended to allow an employee to remain at home to provide child or dependent care or, in lieu of requesting sick leave. Temporary remote work arrangements are short-term in duration and allowed in response to College related business needs or other circumstances that justify a temporary remote work arrangement at the discretion of the immediate supervisor.

C. POLICY

1. Flexible Work Schedules

Work schedules are primarily driven by work responsibilities assigned to the employee but in some cases scheduling flexibility can promote increased productivity and greater job satisfaction without negatively impacting work performance. Details regarding flexible work schedules are dictated by collective bargaining agreements for union employees.

1.1. Formal Request Process

Employees may request approval for flex-time schedules from their immediate supervisor. Requests must be considered in conjunction with College needs. Supervisors must inform Human Resources in writing regarding all approved flex-time schedules.

1.2 General Expectations

Flexible work schedules must comply with the following:

- Employees are not scheduled to work more than ten (10) hours per day;
- Scheduled work hours cannot extend beyond the forty (40) hour work week requirement. (This does not preclude overtime that may be assigned beyond established work hours);
- Each office needs to have adequate coverage during regular office hours, and
- Employees may not skip rest breaks or a lunch break to shorten their schedule.

1.3 Staffing Expectations

Before granting a flexible work schedule, supervisors must ensure that the office is adequately staffed for normal operations. That does not include transferring phones to another office or department on a regular or recurring basis or having student employees staff offices alone.

2. Remote Work Options

2.1. Eligibility

Student access and engagement along with the need to interact and collaborate with other employees make most positions ineligible for remote work.

- Work locations are primarily driven by work responsibilities assigned to the employee with opportunities for remote work being limited. *An example of a remote work location based on assigned work responsibilities would include admission employees assigned to a territory geographically distanced from the College campus.*
- Employee job titles and/or classifications do not determine eligibility for remote work.

2.2. Formal Request Process

Remote work requests may only be initiated by a supervisor and must be submitted to the Human Resources Office. Requests require approval by the Human Resources Director and the President. Remote work does not change the employee's terms and conditions of employment with the College. Decisions regarding remote work are not grievable.

2.3. Location Restrictions

Primarily, the Board prefers to employ individuals to work on College campuses. However, there may be limited instances when remote work options are approved. When remote work is allowed, remote locations within the state of Nebraska are preferred. Outside of the state of Nebraska, only a few states will be approved as remote work sites. Approved states for remote work are listed in Appendix A. Employees already employed in remote positions in states other than those listed in Appendix A at the time this policy is adopted are excluded from that limitation.

2.4. Tracking Requirements

No employee may be assigned to work at a remote work location without approval through PeopleAdmin. Remote work locations must be documented in SAP. Changes in the location of remote work sites must be approved in advance, in writing by Human Resources and the President.

3. Exclusions

This Workplace Flexibility Policy is not applicable to address the interactive process as defined by the Americans with Disabilities Act (ADA). While flexible schedules and/or remote work may be a reasonable accommodation under the ADA, reasonable accommodation requests are separate and distinct from this policy. ADA accommodation requests must be referred to Human Resources.

Additionally, remote work is not intended to allow an employee to remain at home to provide child or dependent care or, in lieu of requesting sick leave. Although

an employee's schedule may be modified to complement child or dependent care needs, the focus of the arrangement must remain on College needs and successful job performance.

C. POLICY

1. Associate Appointment

1.1 Authorization and Duties

- In order to reflect and to recognize the contributions and services to the Nebraska State College System or a member College of the spouse of a President or the Chancellor, the Board authorizes the creation of the position of Associate of the President/Chancellor.
- This appointment acknowledges the Associates' oversight responsibility in acting as official agents of the System and/or the College for the purpose of performing services that further the official business purposes of the System or College, if the spouse is available and chooses to so perform.
- Such designation is not automatic and is subject to approval by the Board. Such designation authorizes the spouse to act in a representative capacity for the System or College only when performing services that are consistent with those described in this policy.

1.2 Compensation and Potential Conflicts of Interest

- Appointment as Associate of the President/Chancellor is without salary or benefits and conveys no rights associated with employment.

- Designation of a spouse as “Associate to the President/Chancellor” must not conflict with any other employment.

1.3 Allowable Benefits and Coverage

The following will be provided to the Associate of the President/Chancellor:

- An appropriate identification card to provide access to College libraries and other facilities in accordance with College or System procedures.
- Official business cards.

- An Associate of the President/Chancellor is formally recognized as a volunteer and when performing services as an Associate, is qualified for coverage under all applicable liability insurance coverages.

2. Services Performed

The following duties are illustrative of services that may be performed by the Associate of the President/Chancellor.

- Serves as special assistant and advisor of the President/Chancellor.
- Responsibility for planning, production, and oversight of official occasions, events, or activities.

3. Reimbursement Conditions and Limitations

Judgments related to whether an expense included in a request for payment or reimbursement of the Associate is bona fide are to be handled at the next supervisory level.

POLICY: 5025

Volunteers

Page 1 of 3

The mission of the Nebraska State College System is enhanced by the active participation of citizens of the community serving as volunteers. To this end, the Board accepts and encourages the involvement of volunteers at all levels of the College and the System Office within appropriate programs and activities. The duration of the volunteer relationship is set at the discretion of the College and/or System Office, however; the volunteer may at any time, for any reason, decide to sever the relationship. Notice of such a decision should be communicated as soon as possible to the volunteer's supervisor.

Volunteer Defined. A "volunteer" is anyone who chooses to perform services without compensation or expectation of compensation, (beyond reimbursement for pre-approved specified expenses) and, who performs a task at the direction of and on behalf of a College and/or the System Office. A "volunteer" must be officially accepted prior to performance of the task via successful completion of one of the Volunteer Service Agreement Forms as prescribed by the System Office. A student performing a classroom assignment or a student participating as a volunteer for a service learning activity that is part of an academic course or graduation requirement is not considered to be a "volunteer" for purposes of this policy.

Two "Volunteer Service Agreement Forms" have been prescribed by the System Office. One of the forms is for a single volunteer to complete. The other form must be used for "mass volunteer" events where more than twelve (12) volunteers are participating in an event.

Volunteers are not employees. Family members of employees are allowed to volunteer, in the same department as a family member, however; such volunteers will not be placed under the direct supervision of any family member who is an employee.

Employee Volunteer Activities. Employees (all employee categories as defined in Board Policy 5010) may not perform uncompensated, volunteer activities for the College and/or System Office, except in very limited situations. If an employee wishes to volunteer for the College and/or System Office those volunteer activities must be:

- Separate from, dissimilar to, and unrelated to the employee's normal work duties and responsibilities at the College and/or System Office;
- Generally characterized as civic, humanitarian, charitable, or public-service in nature;
- Performed voluntarily without any direct or implied pressure or expectation from the College and/or System Office;
- Scheduled according to the employee's own personal schedule and at the employee's convenience; and,
- Performed without any promise, expectation or receipt of pay or payment in kind from the College and/or the System Office.

Confidentiality. Volunteers are responsible for maintaining the confidentiality of all appropriate or privileged information to which they are exposed while serving as volunteers, whether this information involves employees, students, other volunteers, or business matters. Failure to maintain confidentiality could result in termination of the individual's volunteer status.

Safety. Safety of volunteers is important. Volunteers are expected to comply with federal and state regulations for training and protective equipment. Applicable safety measures should be included in the description of volunteer responsibilities. Volunteers who are injured or who are involved in an accident during their volunteer assignment must report the accident immediately to the Director of Human Resources. Injuries are not covered by the System's Worker's Compensation program.

POLICY: 5025 Volunteers

Background Checks. The College or System Office shall conduct criminal background checks for the following types of volunteers:

- 1) Volunteers in a College child care center, preschool program, “Kiddie College”, residence hall, any type of athletic/academic camp or event involving minor children (under the age of nineteen [19] years);

In addition to a criminal background check, each College child care center or preschool program is required to conduct background checks through the Nebraska Department of Health and Human Services (Nebraska Central Registry of Child Abuse and Neglect and the Adult Protective Services Central Registry) for volunteers.

- 2) Volunteers in community placements sponsored or arranged by the College or System Office where the volunteer will work with a minor/minors (under the age of nineteen [19] years);
- 3) Volunteers with access to money or financial information of the College or System;
- 4) Volunteers with access to campus master keys;
- 5) Volunteers with access to confidential student/employee information;
- 6) Volunteers in the Activity Center;
- 7) Volunteers in athletic staff positions including any level of coaching staff, managers, athletic trainers/assistants;
- 8) Volunteer bus drivers;
- 9) Volunteers in housing and residence life programs;
- 10) Volunteers in IT positions;
- 11) Volunteers in Security positions;
- 12) Guest speakers/classroom guests if the person will be alone with students in the classroom; and
- 13) Volunteers providing services at College sponsored events (i.e. contest judges) where the volunteer will be alone with a minor/minors as part of his or her volunteer service.

Student tour guides are not required to have a criminal background check conducted prior to volunteering in this manner, even if the individuals on the tour are minor children (under the age of nineteen [19] years).

A volunteer’s background check is good for five (5) years and then the volunteer, if still required to have a check conducted, should be rechecked.

Training. Volunteers should receive training by their assigned supervisor to provide them with the necessary information, knowledge and skills necessary to perform their volunteer assignment. College resources, including College vehicles, may be available for use by volunteers at the discretion of the appropriate Vice President. Volunteers using College vehicles are subject to the same requirements as College employees.

Expense Reimbursement. Volunteers may be eligible for reimbursement of reasonable expenses incurred while undertaking business for the College or System Office. Actual receipts must be submitted for reimbursement. Examples of these expenses include mileage, meals, out of pocket expenses, travel and parking. This expense will be charged to the department budget where the volunteer is assigned. Prior approval must be sought for any reimbursable expenditure. Volunteers are not eligible for stipends, honorariums, compensation, or other payment for services rendered.

Working with Minor Children. The Board is committed to the safety and protection of minor children (any person under nineteen [19] years of age) on College campuses. Volunteers working with, or around, minor children, must at all times be aware of, and maintain, appropriate physical, emotional, and sexual boundaries. Volunteers are prohibited at all times from physically disciplining minor children. One-on-one meetings with minor children are best held in public areas or in spaces where interactions can be observed by other employees.

Volunteers who are aware of abuse or neglect of a minor child occurring on campus or in conjunction with any College activity or event, must report the matter to the College administration (President, Vice Presidents, Human Resources Director or Title IX Coordinator) as quickly as possible.

Note: Nebraska State law requires any person who suspects that a child has been abused or neglected to report it promptly to law enforcement or to the Nebraska Department of Health and Human Services at 1-800-652-1999.

Board of Trustees of the Nebraska State Colleges

Personnel

POLICY
NAME: Salary Payment

POLICY
NUMBER: 5030

A. PURPOSE

To establish guidelines for salary payment for all Nebraska State College System personnel.

B. DEFINITIONS

None

C. POLICY

1. Salary Payments

1.1. Faculty

- Salary payments to full-time employees shall be made in twelve (12) equal monthly payments.
- At the end of employment, any salary proration shall be based upon the fractional part of the academic term completed preceding the date of termination and will take into account any salary earned but not yet paid due to prorating academic year salaries over a twelve (12) month period.

1.2 Professional Staff

- Salary payments for full-time (1.0 FTE) employees shall be made in twelve (12) equal monthly payments.
- Salary payments for part-time employees (less than 1.0 FTE) will be determined by the employment contract terms. At the end of employment, any salary proration shall be based upon the number of days worked in the month preceding the date of termination and will take into account any salary earned but not yet paid if prorating salaries over a twelve (12) month period for less than 1.0 FTE employees.

1.3 Support Staff

- Salary payments for full-time (1.0 FTE) employees shall be made in twelve (12) equal monthly payments.
- Salary payments for part-time employees (less than 1.0 FTE) will be determined by the employment terms.
- At the end of employment, any salary proration shall be based upon the number of days worked in the month preceding the date of termination and will take into account any salary earned but not yet paid if prorating salaries over a twelve (12) month period for less than 1.0 FTE employees.

1.4 Student/Temporary Employees

- Wages for student and temporary employees shall be determined by the College based on an hourly rate and shall be paid biweekly.

2. Method of Payment

At the Chancellor's discretion, all salaries and wages will be paid by electronic fund transfer or a similar means of deposit. No compensation can be paid in advance of services performed in accordance with state law. The Chancellor, Presidents, or designees, as appropriate, shall properly voucher and certify according to the law all salary and wage claims, and shall present them to proper officials for issuance of payments.

3. Upon Death

3.1. Earnings

- Salary earnings shall terminate on the date of death, however, this provision in no way abrogates the employee's right to receive salary earned but not yet paid because of the method of prorating salaries.

3.2 Payments

- The rate of payment is based on the employee's regular pay rate at the time of the employee's death.
- Unpaid wages, less any amount owed, and vacation pay paid to the estate of a deceased employee are not considered wages subject to federal and state income tax withholding.
- Therefore, these payments do not represent an increase to federal income tax (FIT) gross, and no income taxes are to be withheld on them.
- If paid before the close of the calendar year in which the employee died, they are considered wages subject to social security withholding and Medicare withholding, and therefore represent an increase to social security gross and are reported in box 3 and box 5 on Form W-2 (but not in box 1).

- If paid after the close of the calendar year, they are not considered as such and therefore, no social security or Medicare withholding is required and such amounts are not reported on Form W-2.
- If eligible for accumulated sick leave payout, it will be paid to the estate of a deceased employee and is not considered wages for federal or state income tax, social security or Medicare withholdings.
- If the employee is enrolled in the TIAA primary retirement plan at the time of death, then the payment made for unpaid wages, vacation, and accumulated unused sick leave pay is also subject to retirement withholding.
- Insurance coverage for the deceased employee's spouse and/or dependent children will continue to the end of the month in which the employee died and premiums will be processed accordingly in the final pay.
- If the employee elected voluntary deductions such as flexible spending or supplemental retirement, those will also be withheld from the final pay.

4. Payees

4.1. Employee Estate

- Unpaid wages, vacation pay and accumulated sick leave pay of a deceased employee, are to be paid to the Personal Representative of the employee's estate unless an Affidavit for Transfer of Personal Property without Probate is received (see discussion below).
- The final pay warrant is to be issued in the name of the Personal Representative of the estate of the deceased employee when the College is presented with a certified copy of Letters of Personal Representative issued by a County Court indicating the name of the legal Personal Representative of the employee's estate.
- When a warrant is issued to the Personal Representative of an employee's estate, the 1099-MISC Form is issued to the estate name and utilizes the estate's tax ID number.

5. Affidavit for Transfer of Personal Property without Probate/Successor (usually the spouse)

In the cases of small estates, at least thirty (30) days after the death of the employee, the College may release the warrant to the person who is the successor of the employee upon being presented with an affidavit (affidavit can be obtained from the Human Resources Office) stating that:

- The value of the entire estate subject to probate, wherever located, less liens and encumbrances, does not exceed one hundred thousand dollars (\$100,000);

- Thirty (30) days have elapsed since the death of the decedent as shown in a certified or authenticated copy of the decedent's death certificate attached to the affidavit;
- No application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction; and
- The successor is entitled to payment or delivery of the property.
 - If the successor meets the affidavit qualifications, the last check will be made payable directly to the successor.
 - If the successor is paid directly, the 1099-MISC Form is processed in the name of the successor using the successor's social security number.

6. Grant and Contract Compensation

As authorized by the Chancellor or President and specified by the funding source, funds from an external grant or contract may be used to pay all or a portion of an employee's salary.

- Funds can either supplement or substitute the funds regularly budgeted for the employee's salary as authorized by the Chancellor or President.
- The Board will be notified any time an employee's salary amount changes per Board Policy 5021.

POLICY NAME: Cell Phones and Stipends

POLICY NUMBER: 5031

A. PURPOSE

To address the issuance of cellular devices or the payment of stipends for the use of personal devices for work purposes.

B. DEFINITIONS

1. **Stipend:** Monthly payment through payroll for business-related use of personal cell phone.

C. POLICY

1. Business Rationale

Some employees have job duties and responsibilities that require cell phone service to support NSCS business needs. The NSCS recognizes the importance of cellular telephone service as a function of these roles.

The College or System Office will determine the business-related cellular service needs for employees and arrive at an appropriate cellular service option. The employee's supervisor is strongly encouraged to review whether a cell phone is necessary, and to select alternative means of communication, e.g., landlines, pagers, and mobile radios, when such alternatives would provide adequate and less costly service to the College or System Office. For employees with a rotating on-call schedule, one College or System Office owned cell phone may be a preferred solution as opposed to several individual phones or stipends.

The ability to pay a cellular stipend is intended to significantly reduce the number of employer provided cell phones.

2. Cellular Procedures

The NSCS will have procedures in place that outline the approval process, identify the stipend amounts, provide the necessary forms, and cover other eligibility criteria.

3. Employer Issued or Personal Phone

Employees who hold positions that have a business need for a cell phone may either receive an employer issued cell phone or a cell phone stipend to compensate for business-related costs incurred when using their individually owned cell phones. The Colleges will determine whether it is more efficient to provide an employer issued cell phone or provide an appropriate stipend for business related calls or data needs.

3.1. Employer Issued Phone

- If an employer issued cell phone is provided, no personal use of the phone is allowed.

3.2 Cell Phone Stipend

- If a stipend will be provided, the College or System Office will determine if the stipend will support the need for cell calls only, a data plan, or both.
- If an employee meets the eligibility requirements for a cell phone stipend, as outlined in NSCS procedures, a stipend may be requested using the Cellular Services Stipend Acknowledgement and Agreement form. Once approved, the stipend amount will be added to the employee's regular pay.
- In order to meet IRS guidelines, any amount added for cell phone service will be identified as a taxable benefit. Taxes on that amount will be deducted from the employee's pay.
- Any stipend provided does not constitute and increase to base pay, and will not be included in the calculation of percentage increases to base pay due to annual raises, job upgrades, benefits based on a percentage of salary, etc.
- The stipend will be paid as a flat rate per month, based on the selected service(s) and usage level(s) outlined in the NSCS' procedures.

4. Public Records

All phone records (including phone calls, emails and text messages) are subject to public records requests when using an employer owned cell phone. Phone records may be subject to public records requests when using a personally owned cell phone for conducting NSCS or College business, regardless of whether an employee received a cellular services stipend.

POLICY NAME: Employee Background Checks

POLICY NUMBER: 5040

A. PURPOSE

To establish guidelines for conducting employee background checks.

B. DEFINITIONS

None

C. POLICY

1. General

- 1.1. The Board of Trustees is committed to protecting the safety and welfare of its employees, students, and visitors and the security of its assets. In accordance with that commitment, background checks will be conducted for new employees at the time of hire and periodically thereafter according to the terms of this policy. Prior to conducting the background check, the applicant or employee must consent by completing the Disclosure and Authorization form designated by the Board. Background checks will primarily investigate criminal convictions. Credit checks will be conducted in addition to the criminal background check, on a limited basis, for new hires and current employees who work in positions involving significant financial responsibilities at the discretion of the College or System Office.
- 1.2. Driving record checks will only be conducted as part of the background check, if driving is required for the position. Alcohol or drug related driving offenses within the last three (3) years will disqualify an applicant for positions that require driving and possession of a valid driver's license.
- 1.3. Note: An "investigative consumer report" is a detailed report that summarizes information about a person's character, reputation, lifestyle, and personal characteristics. Information for "investigative consumer reports" is often gathered through interviews with neighbors, friends and associates. **The Nebraska State College System shall not conduct "investigative consumer reports."** All references to background checks

and reports in this policy specifically exclude such investigative consumer practices and reports.

- 1.4. This policy applies to all full-time and part-time employees. This policy also applies to temporary or student employees working in designated positions per this policy (see *"Temporary and Student Employees"* section on page 2).
- 1.5. The costs for the background checks shall be borne by the employing College or System Office and not by the applicant or employee.

2. Pre Employment Procedures

- 2.1. Offers of employment for all full-time and part-time employees, and for designated temporary or student employees will be conditional upon satisfactory results of a background check. A statement notifying applicants of this requirement will be included in the vacancy announcement and/or offer letter.
- 2.2. An applicant's refusal to consent to a background check or an unsatisfactory background check report shall result in withdrawal of the employment offer.
- 2.3. Applicants will be asked to self-disclose law violations and juvenile court adjudications that resulted in probation, community service, jail sentence, or revocation/suspension of a driver's license during the selection process. Applicants are not obligated to disclose a sealed juvenile record of arrest, custody, complaint, disposition, diversion, adjudication, or sentence. The criminal history information provided by the applicant will not automatically disqualify them from employment but will be considered during the review process.
- 2.4. Falsification or omission of any requested information during the selection process may result in disqualification from employment consideration for applicants, or if currently employed, termination of employment.

3. Continuing Employment Procedures

- 3.1. As a condition of continued employment, all full-time and part-time employees and designated temporary or student employees shall have background checks completed at least once every five (5) years. An employee's refusal to consent to a background check or an unsatisfactory background check report may result in disciplinary action. Any disciplinary action shall comply with the provisions of applicable collective bargaining agreements and/or other Board Policies. Employees shall receive a copy of the background check report prior to the imposition of any disciplinary action.
- 3.2. Each President shall determine the methodology in which the Human Resources Office will implement an ongoing background review process in coordination with the Vice Chancellor for Employee Relations.

- 3.3. All College employees are required to report to the Director of Human Resources if they are convicted of a criminal misdemeanor or felony offense or if they are subject to a restraining order no later than five (5) days after such conviction or order. Employees in the System Office are also required to report criminal misdemeanor or felony convictions or restraining orders to the Vice Chancellor for Employee Relations within five (5) days. Such convictions and/or orders will be considered in light of employee job responsibilities to determine if disciplinary action is warranted.
- 3.4. Employees required to possess a license (i.e. driving, profession, etc.) as a part of their employment are also required to report to the Director of Human Resources within five (5) days, if their license is revoked, suspended or lapses.

4. Temporary and Student Employees

The College shall conduct background checks on temporary and student employees as designated below:

- 4.1. Any employee working in a College child care center, preschool program, "Kiddie College", residence hall, any type of athletic/academic camp or event involving minor children (under the age of nineteen (19) years);
- 4.2. In addition to a criminal background check, each College child care center or preschool program is required to conduct pre-employment background checks through the Nebraska Department of Health and Human Services (Nebraska Central Registry of Child Abuse and Neglect and the Adult Protective Services Central Registry).
- 4.3. Any employee with access to money or financial information of the College or System;
- 4.4. Any employee with access to campus master keys;
- 4.5. Any employee with access to confidential student/employee information;
- 4.6. Activity center staff;
- 4.7. Athletic staff positions including any level of coaching staff, managers, athletic trainers/assistants;
- 4.8. Bus drivers;
- 4.9. Graduate Assistants;
- 4.10. Housing and residence life staff;
- 4.11. Criminal background checks are also required for anyone who has requested to reside with residence life staff in on-campus housing and who is 19 years of age or older (e.g. spouse, domestic partner, boyfriend/girlfriend, fiancée). A satisfactory criminal background check must be completed before they are allowed to reside in on-campus housing with the employee.

4.12. Information technology employees; and

4.13. Security employees.

5. Work Study Programs

College students working under federal work study programs at off-campus locations will not be subject to background checks pursuant to this Policy. Prior to making payroll arrangements to assign work study students to community employers (generally not-for-profit organizations or public schools), the College must enter into a signed agreement with the community employer to clarify that the College is not responsible for conducting a background check on the student to determine the suitability of such community placements.

6. International Students

International student employees who have resided in the United States for less than six (6) months, will not be subject to a background check at the time of initial hire given that there will be no history available. After a period of six (6) months, they will be subject to background checks on an ongoing basis in accordance with this policy.

7. Results

7.1. If the background check report documents criminal misdemeanor or felony convictions, the Director of Human Resources will contact the President and consult with the Vice Chancellor for Employee Relations to discuss and determine what employment or disciplinary action, if any, will be taken. Concerns identified in credit reports will be addressed in the same manner. In the System Office, the Vice Chancellor for Employee Relations will contact the Chancellor to make such a determination.

7.2. A conviction is not an automatic disqualification to or termination from employment. Factors that will be taken into consideration when reviewing the criminal background report include: the relevance of the offense/conviction to the position's job responsibilities; the amount of time that has elapsed since the last offense/conviction; the severity and number of offenses/convictions; extenuating circumstances; sex offender registry reporting classification; reparations, remediation or treatment, etc., that occurred after the conviction; terms of probation, parole or prison release; evidence of continuing treatment/counseling and rehabilitation information; evidence or opinions from law enforcement officers, parole officers, or mental health providers; and, other extenuating circumstances surrounding the offense/conviction.

7.3. Factors that will be taken into consideration when reviewing the credit report include: late payment history including but not limited to loan defaults; accounts in bankruptcy or foreclosure; accounts currently in collection or charged off in actions including but not limited to court

judgments, tax liens, and garnishments; extenuating circumstances; risks relative to the position's responsibilities; and the type and amount of debt.

- 7.4. The consideration of the background check report will be conducted free of unlawful discrimination.
- 7.5. Upon request to the Human Resources Director, the employee shall receive a copy of the background check report once it is completed. For employees in the System Office, a copy of the report can be obtained by making such a request to the Vice Chancellor for Employee Relations. A copy of the report will be maintained in the Human Resources Office or System Office in the employee's personnel file. The Human Resources Director, President, Vice Chancellor for Employee Relations and/or Chancellor will only discuss the background check report on a need to know basis with supervisors/administrators. Supervisors will not receive a copy of the background check report unless otherwise directed by the President or Chancellor for disciplinary purposes.
- 7.6. Applicants and employees may dispute/appeal the results of the background check by contacting the background check vendor.

For those employees who opt for coverage under a family plan, the Board will contribute toward either family plan, employee/children or employee/spouse a fixed dollar amount equivalent to seventy-five percent (75%) of the aggregate costs of the family plan, with

the employee responsible for the remaining amount of the cost of coverage. When both members of a married couple are employed by the Board and request family coverage, each individual will be required to contribute an amount equal to the contribution an employee makes toward single coverage. Employees who elect insurance must enroll in both the medical and dental plans.

The Board will contribute fifty percent (50%) toward the cost of single vision coverage for any plan option selected by the employee.

A life insurance plan offering group term life insurance coverage at a minimum amount of thirty thousand dollars (\$30,000) will be provided at the Board's expense with the employee permitted to supplement the basic coverage at the employee's expense. Employees may also purchase a dependent life policy on a spouse and a child(ren) at the employee's expense. Eligible coverage for children begins at six (6) months of age. In accordance with current policy provisions, employees' life insurance benefits are reduced to 50% at seventy (70) years of age.

A group long-term disability plan will be provided which will pay sixty-six and two-thirds percent (66 2/3%) of salary after ninety (90) days of continuous disability as defined by the insurance carrier. The Board will provide seventy-five percent (75%) of the aggregate costs of this coverage.

The Board shall provide an opportunity for employees (employed at least .75 FTE full-time) to voluntarily participate in a flexible spending account, subject to provisions of IRS Code Section 125. Employees may choose to set aside an amount from their paychecks, which is not taxed, in a medical or dependent care account for payment of eligible expenses.

The Board shall make an Employee Assistance Program available for employees (employed at least .75 FTE full-time). The Board shall pay the annual flat rate as established by the program. Any other costs shall be borne by the employee. Records concerning an employee's treatment for alcoholism, drug or stress-related problems shall remain separate from other personnel materials. All employee assistance records shall remain confidential.

DISCIPLINARY ACTION

Employees may be terminated from employment prior to the expiration of the current employment appointment for adequate cause. The exercise of academic freedom or constitutionally guaranteed civil rights will not be used as a basis for termination of employment. The College shall adopt and promulgate rules of conduct for distribution to employees in the form of an employee handbook, including but not limited to grounds for disciplinary action.

A decision to terminate an employee for cause will be made by the President, after the employee has had an opportunity for a hearing before a committee established by the

President. When considering a termination for cause, the President or designee shall prepare a formal statement of charges, framed with reasonable particularity, and setting forth the grounds for termination. Said statement of charges shall be provided to the employee.

Within ten (10) business days of the receipt of the charges, the employee may submit a written response to the President and shall indicate whether they desire a hearing before the committee. If no written response is received, or if a hearing is not requested within the specified time, such failure constitutes the waiver of the right to a hearing.

If the employee requests a hearing, the President shall set the date and time for that hearing as soon as possible in order to permit the parties to reasonably prepare for the hearing.

During the hearing, the employee may bring an advisor and/or counsel at their own expense to the proceedings. A complete recording of the hearing will be made, and upon request, a copy will be made available to the employee at their own cost. The employee will be afforded an opportunity to obtain and present necessary witnesses and documentary or other evidence. The employee and the College will have the right to confront and cross-examine all adverse witnesses.

The committee shall prepare a written statement of findings of fact and recommendation, which shall be delivered to the employee, the President, and the Chancellor, within ten (10) business days following conclusion of the hearing. The findings of fact shall be based on a preponderance of the evidence in the record considered as a whole, as determined by a majority of the committee. The President shall review and consider the committee's recommendations prior to making a decision regarding the termination of employment. The President's decision shall be rendered within ten (10) business days.

If the employee is not satisfied with the decision of the President the employee may make a written request to the Chancellor within ten (10) business days of the receipt of the President's decision. The Chancellor shall render a written decision regarding the dismissal within twenty (20) business days. The decision of the Chancellor, on behalf of the Employer, shall be final. The dismissed employee may only seek additional recourse under available state and federal law.

An employee who is under investigation for misconduct or who has been recommended for dismissal for cause may, at the discretion of the President, be suspended with pay and full benefits until such time as it is possible to determine if misconduct occurred and/or if the employee should be dismissed from employment. Such investigatory suspensions are not grievable.

An employee shall continue to be an employee until the dismissal appeal procedure, up to and including the Chancellor, has been exhausted or until the employee has failed to advance their appeal in a timely fashion. The President may, at their discretion, suspend

or reassign the employee to other professional duties with pay during the dismissal process.

DRUG AND ALCOHOL TESTING

In the interest of maintaining a safe, healthy, and efficient workplace for all employees, and to protect the Board's property, information, equipment, and reputation, the Board has established a program to test for drug and alcohol use in the workplace. Testing will be required when reasonable cause exists in the workplace to conduct such a test. The Board shall be responsible to pay for the costs of any such tests. Employees, who may be required under federal law or regulations to submit to random drug and alcohol testing, will be notified of the general testing requirements in writing in advance.

GRIEVANCE PROCEDURE

The grievance procedure as set forth herein is designed to provide a prompt and efficient method for the resolution of grievances. The grievance procedure hereinafter set forth shall be the exclusive method for resolving grievances. Time limits provided herein shall be adhered to unless modifications are agreed to in writing by the parties to the grievance.

A grievance is defined to be a dispute filed by an employee concerning a violation of policies or other terms and conditions of employment, and filed in accordance with the terms of this policy. Employees who have been recommended for dismissal from employment for cause under the provisions of this policy, may not file grievances while the dismissal process is pending.

Informal Grievance. Prior to the filing of a formal grievance hereunder, an employee shall discuss their dispute with the appropriate Dean or the administrator who made the decision at issue in an attempt to resolve the dispute.

Formal Grievance. In reducing a grievance to writing, the following information must be stated with reasonable clarity: the exact nature of the grievance; the act or acts of commission or omission; the dates of the act or acts; the identity of the party or parties alleged to have caused the grievance and any known witnesses; the specific policies that are alleged to have been violated; and the remedy that is sought.

Procedure. A formal grievance shall be processed in the following manner:

- a) **Step 1.** A formal grievance shall be filed in writing with the Vice President for Academic Affairs within twenty (20) business days following the act or omission giving rise thereto, or the date on which the grievant knew, or reasonably should have known, of such act or omission if the date is later.

The Academic Vice President has ten (10) business days after receipt of the grievance, or any extension provided for herein, to review the grievance. The Academic Vice President shall issue a determination in writing to the grievant

within the ten (10) business day period. If the written determination refers to documents, copies of such documents shall be attached.

Upon the written request of either party to the other, an additional ten (10) business days extension shall be granted during which period efforts to resolve the grievance shall be made.

- b) Step 2.** The grievant shall have five (5) business days from receipt of the Academic Vice President's determination to appeal by filing the grievance and all prior responses with the President.

Within ten (10) business days of receipt of the grievance appeal, the President shall submit the grievance to a "Grievance Advisory Committee" established by the President. The Grievance Advisory Committee shall hold a hearing within ten (10) business days after receipt of the grievance and shall admit and consider evidence submitted by the parties in the form of documents or the testimony of witnesses. The grievant shall have the right to attend all evidentiary proceedings of the committee, to present evidence, to examine documents, to question witnesses, and to otherwise present any relevant argument or evidence. The grievant shall also have the right to assistance by counsel at the grievant's expense. The committee following its own procedures shall submit a complete recording of the hearing, copies of all exhibits, and the committee's findings and recommendations to the President and grievant within ten (10) business days following the hearing. Any party who wishes to use a court reporter to take a verbatim transcript may do so at their own expense.

The President shall issue a written decision to the grievant within five (5) business days following receipt of the recommendation of the Grievance Advisory Committee.

- c) Step 3.** The grievant shall have ten (10) business days from receipt of the President's decision to appeal that decision to the Chancellor. A copy of the grievance and all prior written recommendations and responses is to be provided. The Chancellor shall review and notify the grievant of their final decision within fifteen (15) business days.

If the Chancellor's decision under this Step fails to satisfy the grievant, the grievant wishing to continue may seek relief under one of the following two (2) options:

- 1) applicable State or Federal laws; or
- 2) by mutual agreement of the parties, pursue mediation.

There shall be no reprisals taken against an employee for the filing of a grievance or participating as a witness in a grievance hearing.

LAYOFFS

The President or Chancellor, as appropriate, decides when a layoff is necessary, and which employees and positions will be affected. Layoffs may be determined necessary because of budget adjustments or reallocations, a modification of position workloads, or elimination of or change in scope of institutional services, or as the result of any other job-related management decision. Employees shall receive written layoff notices at least ninety (90) calendar days in advance.

LEAVE

Bereavement Leave

Employees shall be granted paid bereavement leave for up to six (6) days during each academic year. Generally, bereavement leave is taken immediately following the death, however, there may be circumstances when more flexibility is needed, for example, if a memorial service is scheduled at a time in the future. Such leave must be approved through the usual leave practices or procedures.

Civil Duty Leave

An absence with pay will be granted an employee for jury service or election service during the actual period of service, and the employee will retain fees paid as a juror or election worker; provided that the employee calls their supervisor to determine whether they should report for work upon being released from jury duty or election service on any day prior to the end of their regular shift.

Absence with pay may be granted for an employee who is subpoenaed as a witness during the actual period of such service; provided that the absence is limited to that period the employee is actually compelled to be present at court, having made reasonable efforts to arrange with the subpoenaing party that the attendance would be so limited. Copies of summons and subpoenas should be provided to the Human Resource Office in advance of the absence and the Dean should be notified in advance of the absence.

If an employee is appointed as a clerk, election inspector, or judge on an election or counting board, the employee shall be granted an absence with pay during the time when the employee's physical presence is required by the court or the board. The employee shall retain all fees paid for their civil service.

Crisis Leave Sharing Program

(a) Employees may contribute accrued sick leave to benefit another employee at the same College who is suffering from a catastrophic illness, who is unable to report to work due to pandemic quarantine measures or who is a new parent. Sick leave shall be donated in no less than a one (1) day increment. Hours donated, but not used, will be

maintained in a shared leave pool and distributed on an as needed basis to eligible employees by a Shared Leave Committee designated by the College.

The Committee will determine the amount of donated leave an employee may receive and may only authorize an employee to use up to a maximum of ninety (90) days in a twelve (12) month period. To be eligible to receive donated leave, an employee must have exhausted all paid leave. The crisis leave-sharing program will permit salary and health insurance continuation for those employees receiving shared leave.

The crisis leave pool at each College may not exceed 7,500 hours.

Details of the Crisis Leave Sharing Program are available at the College Human Resource Office.

(b) New Parents. Within the first twelve (12) months following the birth or adoption of a child, an employee may request up to thirty (30) workdays of crisis leave donations. To be eligible to receive leave, faculty members must have exhausted all paid leave options. For employees eligible for FMLA, crisis leave, donations shall count against the 12 weeks FMLA leave. Donations are not for intermittent use; donations may be used for up to thirty (30) consecutive workdays.

Family and Medical Leave

Employees with one (1) year of service and who have worked at least one thousand two hundred fifty (1,250) hours during the previous twelve (12) month period shall be entitled, in accordance with federal regulations under the Family and Medical Leave Act (FMLA), to take up to twelve (12) work weeks of unpaid family and medical leave during any twelve (12) month period for reasons related to family and medical needs. Eligible employees, may use FMLA leave:

- a) for the birth of a child, or the placement of a child for adoption or for foster care;
- b) to care for a spouse, children, parents, or persons bearing the same relationship to the employee's spouse with a serious health condition;
- c) for the employee's own serious health condition; or,
- d) for any qualifying exigency arising out of the fact that the spouse, son, daughter or parent of the employee is on active duty (or has been notified of any impending call or order to active duty) in the Armed Forces in support of a contingency operation.

Note: "Children" shall mean a biological, adopted or foster child, a step-child or legal ward.

A serious health condition is defined to include:

- a) an illness, injury, impairment, or physical or mental condition that involves either inpatient care, meaning an overnight stay in a hospital, hospice, or residential care facility, or continuing treatment by a health care provider for more than three (3) consecutive days;
- b) any period of incapacity because of pregnancy or prenatal care (even without treatment by a health care provider and even if the absence is less than three (3) days, e.g., morning sickness);
- c) any period of incapacity because of a serious chronic condition (even without treatment by a health care provider and even if the absence is less than three (3) days, e.g., an asthma attack);
- d) any period of absence to receive multiple treatments by health care providers for reconstructive surgery after an accident or injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days if untreated, e.g., cancer (chemotherapy), kidney disease (dialysis).

Sick leave must be used during family and medical leave before unpaid FMLA leave begins. Sick leave shall not accrue while on family and medical leave. Requests for family and medical leave must be submitted to the Dean and Human Resources Director for approval. Appropriate medical certification or documentation may be required.

To the extent possible, thirty (30) days' notice will be given by the employee, and where possible, an effort will be made, in the case of an employee, to begin and end the leave to coincide with the beginning of academic semesters.

The Board agrees to continue to pay its portion of insurance premiums during the term of FMLA leave. In the event both parents are eligible under this policy, the couple shall be entitled to a combined total of twelve (12) work weeks of leave for the birth and care of a newborn child, for placement of a child for adoption or foster care, and to care for a parent who has a serious health condition.

Family Military Leave Act. According to the terms of the Family Military Leave Act (Neb. Rev. Stat. §§55-501 to 507), an eligible employee who is the spouse or parent of a person called to military service lasting one hundred seventy-nine (179) days or longer with the state or United States pursuant to the orders of the Governor or the President shall receive up to thirty (30) work days of unpaid leave. An eligible employee must have been employed for at least one thousand two hundred fifty (1,250) hours during a twelve (12) month period immediately preceding the commencement of leave.

The employee shall give at least fourteen (14) days' notice of the intended date upon which the family military leave will commence, if leave will consist of five (5) or more consecutive work days. Employees taking family military leave for less than five (5) consecutive days shall give as much advanced notice as is practicable. The employee shall consult with their supervisor to schedule the leave so as not to unduly disrupt College

operations. Certification may be requested from the proper military authority to verify the employee's eligibility for the family military leave requested. For benefit purposes, employees taking Family Military Leave will be treated the same as other employees taking unpaid Family and Medical Leave.

National Defense Authorization Act. An employee who is a spouse, child, parent or next of kin (nearest blood relative) to a member of the Armed Forces who is being treated for, recuperating from, or is on the temporary disability retired list due to a serious injury or illness, is entitled to a total of twenty-six (26) work weeks of leave during a twelve (12) month period to provide care for the service member as provided by the Family and Medical Leave Act as amended by the National Defense Authorization Act.

Inclement Weather/College Closure Leave

When inclement weather causes College classes to be canceled, all employees, other than those required to report to work to provide emergency or other essential services, will be entitled to take Inclement Weather Leave. Such leave does not require the prior approval of the employee's supervisor. When the President declares the College closed, absences will not be charged against employee leave balances.

Leave of Absence

Employees who have been employed at the College for three (3) consecutive years shall be eligible to apply for a leave of absence for the purpose of research, education, travel, work at other institutions, or private business organizations, or engaging in other activities which will improve the employee professionally and be of benefit to the College. Such leave of absence is without pay. However, if the leave of absence is at the request of the President, and the employee has been employed at the College for four (4) consecutive years, such leave may be compensated with one-half (1/2) pay for one (1) academic year, full pay for one (1) semester, or a lesser amount by mutual agreement of the employee and the President.

Employees under performance improvement plans are not eligible for a leave of absence.

The recipient of a paid leave of absence may, at the discretion of the President, be required to return to the College for a period of one (1) year or to immediately repay the salary and cost of benefits received while on the leave of absence.

Requests for leave of absence must be submitted according to a deadline established by the Academic Vice President, but no later than December 1 of the year preceding the year for which the leave is requested. Requests for a leave of absence without pay may be requested after the December 1 deadline if there are extenuating circumstances, such as receipt of a Fulbright award. Such leaves are limited to one (1) year but leave without pay may be extended one (1) additional year by mutual agreement. Requests for extension must be received by February 1. Granting leaves of absence is at the discretion of the President and is a non-grievable matter.

Employees on a paid leave of absence will continue to receive the proportionate share of the Board's contribution for applicable insurance and retirement plans. The remaining portion will be paid by the employee. Employees are not required to submit sick leave; bereavement leave or civil leave requests while on the leave of absence.

Employees on an unpaid leave of absence may contribute to the retirement plan and participate in applicable insurance programs at their own expense.

Within ninety (90) days following return from a leave of absence, the employee shall submit to the Academic Vice President a written report summarizing the activities and results of the leave.

Personal Leave

Three (3) days of leave each academic year may be requested for personal needs or exigencies. The leave is available in whole day increments only. Approval shall be at the discretion of the Dean and is a non-grievable matter. Human Resources will be notified for leave record requirements. Employees denied personal leave from the Dean may ask the Academic Vice President to review the decision. The Vice President's decision will be final.

Sick Leave

Paid sick leave for full-time employees (1.0 FTE) shall accrue at the rate of twelve (12) days per contract year. Sick leave accrual shall be prorated as of the first day of employment, and unused sick leave may be accumulated up to and including one hundred-eighty (180) business days. Supervisors may require documentation to substantiate the legitimate use of sick leave. Sick leave is not intended as any earned time off with pay, and will not be granted as such. Unused sick leave will not be paid out at the end of employment. Employees who have separated from employment and return after a break in service shall not have prior sick leave balances reinstated.

Sick leave hours shall be calculated in the following manner:

- a) If the employee is unable to fulfill all assigned teaching obligations for the day, the employee will be charged eight (8) hours of sick leave for the day.
- b) If the employee is only able to fulfill part of the assigned teaching obligations for the day, the employee will be charged four (4) hours of sick leave for the day.
- c) If the employee is able to perform all assigned teaching obligations but not established office hours and/or required meetings, four (4) hours of sick leave will be charged for that day.

Reasons to Utilize Sick Leave. Sick leave may be taken for absences made necessary by reason of illness, injury, medical appointments or disability (including temporary

illnesses caused or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery), by exposure to contagious disease which may endanger the employee or public health, or by reason of the illness of a family member who resides in the employee's household.

If not eligible for Family Medical Leave, up to ten (10) days of earned but unused sick leave in an academic year may also be taken by reason of the serious illness of a family member who does not reside with the employee. Family member shall be defined to include the spouse, child, stepchild, legal ward, parent, or persons bearing the same relationship to the faculty member's spouse. Serious illness shall mean a disabling physical or mental illness which requires in-patient care in a hospital, nursing home, or hospice, or significant in-home care.

If earned sick leave hours are not available New Parent Crisis Leave may be requested.

PERFORMANCE EVALUATION

The President is responsible for determining how and when the performance of employees will be evaluated at the College.

The purpose of performance evaluations is to promote high levels of achievement; measure, maintain and improve performance; and provide opportunities for discussion and planning of goals and objectives. Employees will be allowed to participate in the evaluation process and shall be informed of the criteria used to evaluate performance.

TUITION PROGRAMS

Only full-time (at least .75 FTE) employees are eligible for the following programs. These programs are not available to the immediate family members of employees whose anticipated employment period is less than six (6) months, regardless of FTE employment status. To receive the tuition benefit, employees and immediate family (if applicable) must submit and have approved a tuition remission/waiver request form no later than the tuition payment due date for that term. Benefits will not be provided retroactively.

A sixty-seven percent (67%) tuition remission shall be available for the employee's immediate family members (spouse and children who are twenty-four (24) years of age or younger) on a space available basis. The remission does not apply to fees. Although online courses have a single rate, a portion of the rate consists of fees. The remission provided for online courses will be sixty-seven percent (67%) of the equivalent resident tuition rate for an on-campus course. Remissions are subject to the following conditions:

- a. The immediate family member must be admitted as a student of the College and must have met all normal academic requirements for the courses taken.

Employees shall be eligible to enroll in credit courses for one dollar (\$1.00) per course plus applicable course related fees, such as lab, materials, etc., which are normally added

above tuition. One dollar (\$1.00) covers the cost of tuition for purposes of this waiver program and the one-dollar (\$1.00) charge is non-refundable. Although online courses have a single rate, a portion of the rate consists of fees. The waiver provided for online courses will be based on the equivalent resident tuition rate for an on-campus course beyond one dollar (\$1.00). Tuition waiver under this program will be limited to one (1) course per term on a space available basis and such enrollment will not be counted toward minimums necessary for a course to be offered.

An employee may not enroll in the tuition remission and tuition waiver courses simultaneously the same semester. Tuition remissions and tuition waivers will not apply to already discounted tuition rates for dual enrollment and professional development courses.

ABANDONMENT

Employees may be considered to have abandoned the job if absent from work for longer than two (2) consecutive work days without being on approved leave. Abandonment shall be considered as a voluntary resignation not in good standing.

BENEFITS

The Board shall make group medical, dental, vision, life, and long-term disability insurance coverages available to employees who are employed full-time on a continuing basis in a budgeted position (at least .75 FTE). Employees employed less than .75 FTE are not eligible for group medical, dental, vision, life or long-term disability coverages, unless coverage is required under the Affordable Care Act.

For those employees who opt for coverage under a family plan, the Board will contribute toward either family plan, employee/children or employee/spouse a fixed dollar amount equivalent to seventy-five percent (75%) of the aggregate costs of the family plan, with the employee responsible for the remaining amount of the cost of coverage. The Board shall provide an opportunity for employees (employed at least .75 FTE full-time) to voluntarily participate in a flexible spending account, subject to provisions of IRS Code Section 125. Employees may choose to set aside an amount from their paychecks, which is not taxed, in a medical or dependent care account for payment of eligible expenses.

The Board shall make an Employee Assistance Program available for employees (employed at least .75 FTE full-time). The Board shall pay the annual flat rate as established by the program. All employee assistance records shall remain confidential.

Employees, their spouses, and dependents will be allowed to use those facilities belonging to the College that are used to promote wellness. Although there is no membership fee to access the facilities, the College may charge spouses and dependents (seventeen [17] years and older) a fee for an identification card to access the facilities. Dependents under the age of seventeen (17) must be accompanied by an adult to use the facilities. Such facilities will be available to employees, their spouses and dependents during the facilities' normal hours of operation and when not being used for classroom instruction or program activities.

CORRECTIVE AND DISCIPLINARY ACTION

The Colleges shall adopt and promulgate rules of conduct for distribution to employees in the form of an employee handbook, including, but not limited to grounds for disciplinary action. The same rules of conduct and disciplinary grounds shall apply to employees located in the NSCS Office.

The Chancellor is authorized to implement corrective and disciplinary action for System Office employees, pursuant to the procedures established in this policy.

The right to exercise discipline for just cause is vested exclusively in the Board, provided that an employee who has been disciplined will be advised of the reason or reasons for such action. The level of discipline imposed shall be based on the nature and severity of the infraction. Disciplinary action challenged by the employee as not in conformance with this policy may be grieved.

Investigatory Suspension. An employee who is under investigation for alleged misconduct, or charged with criminal activity may, at the discretion of the President or designee, be suspended with pay and full benefits, until such time as it is possible to determine if disciplinary action should be taken. Such investigatory suspensions are not grievable. The Chancellor is authorized to implement corrective and disciplinary action for System Office employees, pursuant to the procedures established in this policy.

Verbal Counseling. Verbal counseling is an informal level of corrective action. Verbal counseling is not disciplinary action. Verbal counseling is not grievable. It is a warning given by an immediate supervisor in conference with an employee in which the matter is discussed with the employee. The employee will be advised what action is expected to correct the problem.

Pre-disciplinary Notice. Prior to imposing discipline, employees are entitled to notice of the allegations against them which will identify the nature of the offense, the rule, policy, or performance standard violated and include an explanation of the evidence against them. The notice will include a description of the incident(s) involved and date(s) of occurrence as applicable.

Employee Opportunity to Respond. Prior to imposing discipline, the employee will additionally be entitled to an opportunity to respond to the allegations, present mitigating evidence, or present reasons why disciplinary action should not be taken.

Notice of Disciplinary Action. An employee will be notified in writing whenever any disciplinary action is taken against them. The employee must acknowledge receipt by signing the written disciplinary notice. The employee's signature does not constitute agreement with the content of the notice. If the employee refuses to sign, the supervisor and a witness will sign a notation of the employee's refusal on the notice. A copy of the written disciplinary notice will be placed in the employee's personnel file, which is housed in the Human Resource Office.

Types of Disciplinary Action:

Written Warning. Written warnings consist of a discussion between the employee and the supervisor in which the supervisor explains in detail the reasons for the warning and then provides a written disciplinary notice to the employee of the action required to correct the unsatisfactory performance with applicable time requirements. Written reprimands

will include a place for supervisors to note in writing when unsatisfactory performance issues have been resolved. Employees will receive a copy of this written note.

Disciplinary Probation. A disciplinary probation may be imposed by the appropriate Vice President or designee for a period of up to six (6) months, but may be extended during which time the employee's performance must improve. A corrective action plan including improvement standards and time frames shall be included in the written disciplinary notice.

- i) Employees on disciplinary probation shall not be granted pay increases.
- ii) Employees granted leave while serving disciplinary probation may have their probation period extended by the number of days absent on leave.
- iii) Employees may be removed from disciplinary probation by a written notice of the appropriate Vice President or designee.

Disciplinary Suspension Without Pay. A period of suspension imposed by the President shall be without pay and shall not exceed twenty (20) working days. The disciplinary notice informing the employee of suspension shall be dated and include the reason for the suspension and the number of days of the suspension.

- i) The employee's service date shall be adjusted by the number of calendar days absent during a suspension.
- ii) Employees on suspension shall not be granted paid leave during the suspension period.

Demotion. A President may transfer an employee to a position of lesser responsibility as a disciplinary action. Upon transfer, a President shall place the employee in the new position at an appropriate, reduced salary.

Dismissal. Dismissal is removal from employment for failure to respond to previous disciplinary actions or when extreme circumstances render any preceding steps unnecessary or inappropriate. Employees may be dismissed for cause prior to the expiration of their current appointment term.

Upon receipt of a supervisor's and/or Vice President's recommendation to dismiss an employee, the President shall inform the employee, in writing, of a time at which the employee may present to the President or designee, any additional facts, material, or evidence regarding the employee's potential dismissal. Failure by the employee to appear shall constitute a waiver by the employee of the aforementioned meeting. The employee may be represented by a third party at the meeting, but the time, date, or place of said meeting shall not be postponed or rescheduled because the representative of the employee is unable to attend, unless both the President and the employee mutually agree to another time, date, and/or place.

Within five (5) work days following the scheduled date of the meeting, the President shall provide the employee a copy of their recommendations regarding the dismissal. The five (5) day period may be extended upon agreement between the President and the employee. A copy of the President's recommendation shall be forwarded to the employee and the Chancellor. If the President recommends that the employee be dismissed, the written notice shall inform the employee that they may request a hearing before an advisory committee by submitting a written request to the President within ten (10) work days of receipt of the notice. If the employee submits a written request for a hearing the President shall refer the proposed dismissal to an advisory committee for a hearing and recommendation. The committee members will be appointed by the President.

The committee will then establish the date, time and place for the hearing and so inform the employee and the President. The committee shall admit and consider evidence submitted by the parties in the form of documents or the testimony of witnesses. The committee will arrange for the hearing to be recorded. The employee shall have the right to attend all evidentiary proceedings of the committee, to present evidence, to examine documents, to question witnesses, and to otherwise present any relevant evidence with respect to the statement of reasons for dismissal. The employee shall also have the right to be represented by an attorney at the employee's expense. Any party who wishes to use a court reporter to take a verbatim transcript may do so at party's own expense. The committee shall adopt rules to be followed which ensure substantive and procedural due process including prior notice of witnesses to be called and documents to be offered in evidence at the hearing, no documents or witnesses not so listed shall be heard, except for the purpose of rebutting oral testimony of the other party or for other justifiable cause found to exist by the committee. The Committee may admit probative evidence as well as exclude incompetent or repetitive evidence.

The hearing shall be conducted within twenty (20) working days of the request for a hearing. The committee shall render its written recommendation along with a complete recording of the hearing to the employee and the President within ten (10) working days after the hearing is closed.

Within ten (10) working days after receiving the recommendation from the committee, the President shall render a decision in writing to the employee and committee. If the President rejects the recommendations of the committee, the President shall state reasons for doing so, in writing, to the committee and the employee. The committee shall have the opportunity within five (5) working days to provide a response for the record.

If the employee is not satisfied with the decision of the President, the employee may make a written request to the Chancellor within ten (10) working days of the receipt of the President's decision. The Chancellor shall render a written decision regarding the dismissal within twenty (20) working days. The decision of the Chancellor, on behalf of the Employer, will be final.

An employee recommended for dismissal for cause shall continue to be an employee

until the appeal procedure up to and including the Chancellor only has been exhausted or until the employee has failed to advance their appeal in a timely fashion. The President may, at their discretion, suspend or reassign the employee to other professional duties with pay during the appeal procedure.

If the Chancellor recommends dismissal for an employee in the NSCS Office, the employee may request a hearing before a hearing officer by submitting a written request to the Board Chair within ten (10) work days of receipt of the notice. If the employee submits a written request for a hearing the Board shall appoint a hearing officer to conduct a hearing and submit findings of facts and recommendations to the Board for a vote on the dismissal decision. The Board's decision will be final.

DRUG AND ALCOHOL TESTING

In the interest of maintaining a safe, healthy, and efficient workplace for all employees, and to protect the Board's property, information, equipment, and reputation, the Board has established a program to test for drug and alcohol use in the workplace. Testing will be required when reasonable cause exists in the workplace to conduct such a test. The Board shall be responsible to pay for the costs of any such tests. Employees, who may be required under federal law or regulations to submit to random drug and alcohol testing, will be notified of the general testing requirements in writing in advance.

GRIEVANCE PROCEDURE

All regularly employed full-time employees (at least .75 FTE) have grievance rights. Applicants, temporary employees, part-time employees (less than .75 FTE) and employees located in the NSCS Office do not have grievance rights under this policy.

Employees who are aggrieved as a result of a violation of policies or other terms and conditions of employment may file a grievance. Presidents and the Chancellor, as appropriate, shall ensure that every possible effort is made to resolve grievances at the College level.

The Board has final authority to determine whether or not an issue is grievable, and may elect to hear any issue at its discretion. Issues determined to be non-grievable are subject to summary dismissal. The following issues, when done in compliance with established law, rule or policy, are examples of non-grievable matters: performance evaluations; employment appointments, including promotions to positions; leave of absence decisions; salary allocations; and, position classification. Employees who have been recommended for dismissal from employment for cause under the provisions of this policy, may not file grievances while the dismissal process is pending.

Prior to filing a formal grievance, an employee shall request a "preliminary grievance meeting" to discuss the matter with the immediate supervisor or the administrator who made the decision at issue in an attempt to resolve the dispute.

Steps. A formal grievance will be processed in the following manner:

Step 1. A formal grievance shall be filed in writing with the Human Resource Director within twenty (20) working days following the act or omission giving rise thereto, or the date on which the grievant knew, or reasonably should have known, of such act or omission if the date is later. The Human Resource Director and appropriate Vice President have ten (10) working days after receipt of the grievance, or any extension provided for herein, to review the matter. The Vice President shall issue a determination in writing to the grievant within the ten (10) working day period.

Step 2. The grievant shall have ten (10) working days from receipt of the Vice President's decision to appeal that decision to the President, by filing the written grievance form and all prior written responses with the President. At the grievant's request, the President will conduct a conference with the grievant in an attempt to resolve the grievance. Within ten (10) working days of receipt of the written grievance form and all prior written responses, the President will render a written decision to the grievant.

Step 3. The grievant may appeal the President's decision to the Chancellor, within ten (10) working days of the receipt of the written response in Step 2 by filing the written grievance form and all prior written responses with the Chancellor.

The Chancellor shall notify the grievant of their final decision, within twenty (20) working days after receipt of the written grievance form, all prior written responses and any additional information the grievant wishes to have considered.

Time Limits. Failure of the Employer in any step to render a decision to the grievant within the maximum time limits shall automatically allow the grievant to proceed to the next step. Failure of the grievant to proceed to the next step within the maximum time limit shall be considered as termination of the grievance.

HOLIDAY SCHEDULE

Thirteen (13) paid holidays are provided each year. Additional holidays may be scheduled at the discretion of the President or Chancellor to match state and federal holiday observances. In order for an employee to be eligible for holiday pay the employee must work their scheduled work day before and after the holiday or be authorized to use paid or unpaid leave on the day before and after the holiday. Part-time employees shall receive paid holiday time on a pro-rated basis.

If an employee is required to work on a scheduled College holiday, such employee shall be allowed an equal number of hours off on an alternate date.

LAYOFFS

The President or Chancellor, as appropriate, decides when a layoff is necessary, and

which employees and positions will be affected. Layoffs may be determined necessary because of budget adjustments or reallocations, a modification of position workloads, or elimination of or change in scope of institutional services, or as the result of any other job-related management decision.

Employees shall receive written layoff notices at least ninety (90) calendar days in advance.

LEAVE

Bereavement Leave

At the discretion of the immediate supervisor, up to six (6) days of paid bereavement leave, per fiscal year, may be granted to employees for purposes of bereavement. Reasonable requests within this limit shall not be denied. Generally, bereavement leave is taken immediately following the death, however, there may be circumstances when more flexibility is needed, for example, if a memorial service is scheduled at a time in the future.

Civil Duty Leave

An absence with pay will be granted an employee for jury service or election service during the actual period of service, and the employee will retain fees paid as a juror or election worker; provided that the employee calls their supervisor to determine whether they should report for work upon being released from jury duty or election service on any day prior to the end of their regular shift.

Absence with pay may be granted for an employee who is subpoenaed as a witness during the actual period of such service; provided that the absence is limited to that period the employee is actually compelled to be present at court, having made reasonable efforts to arrange with the subpoenaing party that the attendance would be so limited. Copies of summons and subpoenas should be provided to the Human Resource Office in advance of the absence.

If an employee is appointed as a clerk, election inspector, or judge on an election or counting board, the employee shall be granted an absence with pay during the time when the employee's physical presence is required by the court or the board. The employee shall retain all fees paid for their civil service.

Crisis Leave Sharing Program

(a) Employees may contribute accrued vacation, compensatory time, or accrued sick leave to benefit another employee at the same College who is suffering from a catastrophic illness, who is unable to report to work due to pandemic quarantine measures, or who is a new parent. To be eligible to receive leave, employees must have exhausted their own paid leave options. Accrued vacation or sick leave may be donated

in no less than one (1) day increments. Hours donated, but not used, will be maintained in a shared leave pool and distributed on an as needed basis to eligible employees by a Shared Leave Committee designated by the College.

(b) New Parents. Within the first twelve (12) months following the birth or adoption of a child, an employee may request up to thirty (30) workdays of crisis leave donations. To be eligible to receive leave, employees must have exhausted their own paid leave options. For employees eligible for FMLA, crisis leave donations shall count against the 12 weeks of FMLA leave. Donations are not for intermittent use; donations may be used for up to thirty (30) consecutive days.

The Committee will determine the amount of donated leave an employee may receive and may only authorize an employee to use up to a maximum of ninety (90) days in a twelve (12) month period.

The crisis leave sharing program will permit salary and insurance continuation for those employees receiving shared leave.

The crisis leave pool at each College may not exceed 7,500 donated hours.

Details of this program are available at the Human Resource Office and on the HR website.

Employees located in the NSCS Office may contribute accrued vacation leave, compensatory time, or accrued sick leave to benefit another employee in the NSCS Office under the same terms and conditions listed above.

Family and Medical Leave (FMLA)

Eligibility. Employees with one (1) year service and who have worked at least one thousand two hundred fifty (1,250) hours during the previous twelve (12) month period will be entitled to take up to twelve (12) work weeks of unpaid family leave during any twelve (12) month period for reasons related to family and medical needs. Eligible employees, male or female, may use family and medical leave:

- 1) for the birth of a child, or the placement of a child with the employee for adoption or for foster care (leave for birth and care, or placement for adoption or foster care must conclude within twelve [12] months of the birth or placement);
- 2) to care for a spouse, child, parents, or persons bearing the same relationship to the employee's spouse with a serious health condition;
- 3) for the employee's own serious health condition; and

- 4) for any qualifying exigency arising out of the fact that the spouse, or a son, daughter or parent of the employee is on active duty (or has been notified of any impending call or order to active duty) in the Armed Forces in support of a contingency operation.

Note: “Child” shall mean biological, adopted or foster child, a stepchild, a legal ward, or child of a person standing in loco parentis.

Serious Health Condition. A serious health condition is defined to include:

- 1) An illness, injury, impairment, or physical or mental condition that involves either inpatient care, meaning an overnight stay in a hospital, hospice, or residential care facility, or continuing treatment by a health care provider for more than three (3) consecutive days.
- 2) Any period of incapacity because of pregnancy or prenatal care (even without treatment by a health care provider and even if the absence is less than three (3) days, e.g., morning sickness).
- 3) Any period of incapacity because of a chronic serious condition (even without treatment by a health care provider and even if the absence is less than three (3) days, e.g., an asthma attack).
- 4) Any period of absence to receive multiple treatments by health care providers for reconstructive surgery after an accident or injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days if unrelated, e.g., cancer (chemotherapy), kidney disease, (dialysis).

Use of Paid Leave. Accrued sick, vacation, compensatory time, and crisis leave donations (paid leave) must be used during FMLA before unpaid FMLA leave begins. Leave shall not accrue while on unpaid family and medical leave.

Requests. Requests for family and medical leave must be submitted to the Human Resource Director for approval. Appropriate medical certification or documentation may be required. Requests in the NSCS Office should be submitted to the Chancellor. To the extent possible, thirty (30) days’ notice will be given by the employee.

Insurance Contributions. The Board agrees to continue to pay its portion of insurance premiums during the term of any family and medical leave.

Limitation. In the event two (2) employees are both eligible under this policy, the couple shall be entitled to a combined total of twelve (12) work weeks of leave for the birth and care of the newborn child, for placement of a child for adoption or foster care, and to care for a parent who has a serious health condition.

Family Military Leave Act. According to the terms of the Family Military Leave Act (Neb. Rev. Stat. §§55-501 to 507), an eligible employee who is the spouse or parent of a person called to military service lasting one hundred seventy-nine (179) days or longer with the state or United States, pursuant to the orders of the Governor or the President, shall receive up to thirty (30) work days of unpaid leave. An eligible employee must have been employed for at least one thousand two hundred fifty (1,250) hours during a twelve (12) month period immediately preceding the commencement of leave.

The employee shall give at least fourteen (14) days' notice of the intended date upon which the family military leave will commence, if leave will consist of five (5) or more consecutive work days. Employees taking family military leave for less than five (5) consecutive days shall give as much advanced notice as is practicable. The employee shall consult with their supervisor to schedule the leave so as not to unduly disrupt College operations. Certification may be requested from the proper military authority to verify the employee's eligibility for the family military leave requested. For benefit purposes, employees taking Family Military Leave will be treated the same as other employees taking unpaid Family and Medical Leave.

National Defense Authorization Act. An employee who is a spouse, child, parent or next of kin (nearest blood relative) to a member of the Armed Forces who is being treated for, recuperating from or is on the temporary disability retired list due to a serious injury or illness, is entitled to a total of twenty-six (26) work weeks of leave during a twelve (12) month period to provide care for the service member as provided by the Family and Medical Leave Act as amended by the National Defense Authorization Act.

Inclement Weather/College Closure Leave

When inclement weather causes College classes to be canceled, all employees, other than those required to report to work to provide emergency or other essential services, will be entitled to take Inclement Weather Leave. Such leave does not require the prior approval of the employee's supervisor. Time spent on Inclement Weather Leave will be charged against the employee's vacation or comp-time balances (if applicable), or time can be made up within thirty (30) working days at the request of the employee, which request shall not unreasonably be denied. When the President declares the College closed, absences will not be charged against employee leave balances. Employees required to report to work to provide emergency or other essential services as determined by the President will be allowed comparable time off on an alternate date mutually agreed upon by the supervisor and the employee. The Chancellor is authorized to make inclement weather leave decisions for employees located in the System Office.

Leave of Absence

Employees who have been employed for three (3) consecutive years, shall be eligible to apply for a leave of absence for the purpose of research, education, travel, work at other institutions, or private business organizations, or engaging in other activities which will improve the employee professionally and be of benefit to the Board. Granting leaves of

absence is discretionary and is a non-grievable matter. Such leave of absence is without pay. However, if the leave of absence is at the request of the President or Chancellor and the employee has been employed for four (4) consecutive years, such leave may be compensated with half (1/2) pay for one (1) academic year, full pay for one (1) semester or a lesser amount by mutual agreement.

Employees under performance improvement plans are not eligible for a leave of absence.

A recipient of a paid leave of absence may be required to return to employment for a period of one (1) year or to immediately repay the salary and cost of benefits received while on the leave of absence, at the discretion of the President or Chancellor.

Employees will continue to receive the proportionate share of the Board's contribution for applicable insurance and retirement plans. The remaining portion will be paid by the employee. Employees on unpaid leave of absence may contribute to the retirement plan and participate in the insurance programs at their own expense. Employees are not required to submit sick leave; bereavement leave or civil leave requests while on the leave of absence.

Within ninety (90) days following the employees return from the leave of absence, the employee shall submit to the President or Chancellor a written report summarizing the activities and results of the leave.

Sick Leave

Employees shall be allowed sick leave with pay. Medical documentation to substantiate the use of sick leave may be required by supervisors.

Sick leave shall accrue at the rate of one (1) day per calendar month of consecutive service during the first five (5) years of service for full-time employees (1.0 FTE). Part-time employees (less than 1.0 FTE) shall earn sick leave on a prorated basis. Employees who have completed six (6) or more years of consecutive service shall accrue sick leave according to the following schedule:

1st through 5th year	1.0 day per month
6th year	1.1 days per month
7th year	1.2 days per month
8th year	1.3 days per month
9th year	1.4 days per month
10th year/thereafter	1.5 days per month

Accrual of sick leave shall begin the first day of employment, and unused sick leave may be accumulated up to and including one hundred eighty (180) days [one thousand four hundred forty (1,440) hours]. At no time will an employee be allowed to accrue sick leave hours in excess of the one thousand four hundred forty (1,440) hours [or one hundred eighty (180) day] accumulation limit. Employees with appointments less than 1.0 FTE

shall accrue sick leave at a proportional pro-rated amount.

Sick pay is available with the realization that an employee may become ill or injured to the extent of being unable to work. Sick leave may be taken for absences made necessary by reason of illness, injury, or disability, including temporary illnesses covered by or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery there from, by exposure to dangerous disease which may endanger the employee or public health, medical appointments, or by illness in the immediate family making it necessary that the employee be absent from their duties. The term "immediate family" as used in this section shall be defined to include the spouse, children (adopted, foster, step, biological, or legal ward), grandchildren, siblings, parents, grandparents, or parents of the spouse. It is not intended as any earned time off with pay, and shall not be granted as such. Employees shall not be compensated for unused sick leave upon separation of employment except in cases of retirement and death as provided below.

The President may advance sick leave to employees in an amount not to exceed a total of forty (40) hours. Sick leave earned thereafter will be applied toward the negative sick leave account balance until the amount advanced is fully reimbursed. Upon separation from employment, employees who have been advanced sick leave and have not repaid it, shall reimburse the Board for all advanced and unreimbursed sick leave. The Board is authorized to deduct such amount from the final pay. The Chancellor may advance sick leave to employees located in the NSCS Office.

Should an employee become ill or disabled and require hospitalization while on vacation, vacation leave shall be changed to sick leave, effective the date of hospitalization, upon request to the immediate supervisor.

Documentation regarding the hospitalization may be requested.

An employee who is eligible for retirement in the NSCS will, upon separation of employment by reason of retirement, be entitled to a one-time payment of one-fourth (1/4) of their accumulated sick leave, with the rate of payment based upon their regular pay at the time of retirement. Upon the death of an employee, one-fourth (1/4) of their accumulated, unused sick leave, with the rate of payment based upon the employee's regular pay at the time of death will be paid per Board Policy 5030.

Return to Employment Within One (1) Year. Employees who have separated employment and who return to employment within one (1) year from the date of such separation shall have service for sick leave reinstated at the level established prior to the separation, unless they received the one-fourth (1/4) retirement payment. Employees who have been dismissed for disciplinary reasons shall not have service for sick leave reinstated.

Transfer Employees. An employee who is transferred within the NSCS shall have their accrued sick leave transferred. Employees transferring as an employee from Nebraska State Government or the University of Nebraska System may be eligible to have sick

leave hours transferred to the receiving College or System Office at the discretion of the receiving President or Chancellor. Employees transferring may also be given credit for previous employment in Nebraska State Government or the University of Nebraska for purposes of accruing sick leave at an advanced rate at the discretion of the receiving President or Chancellor. Employees transferring to Nebraska State Government or the University of Nebraska System may be eligible to have sick leave hours transferred to the new employer at the discretion of the new employer.

Vacation Leave

Full time employees (1.0 FTE) shall accrue three (3) weeks' vacation with pay, which consists of fifteen (15) working days. Part-time employees (less than 1.0 FTE) shall earn vacation leave on a prorated basis. The basis for computation is the accrual of 1.25 vacation days per month of employment. Accrual of vacation leave shall begin the first day of employment. Employees with appointments less than twelve (12) months shall accrue vacation leave at a proportional pro-rated amount. Following the fifth (5th) year of continuous employment, the following accrual schedule shall be followed:

1st year through 5th year	15 days
6th year	16 days
7th year	17 days
8th year	18 days
9th year	19 days
10th year	20 days
11 th year	21 days
12 th year	22 days
13 th year	23 days
14 th year	24 days
15 th year	25 days

At no time will an employee be allowed to accrue vacation leave hours in excess of the two hundred eighty (280) hours [or thirty-five (35) days] accumulation limit.

The President may advance vacation leave to an employee in an amount not to exceed a total of forty (40) hours. Vacation time earned thereafter will be applied to the negative vacation balance until the advanced amount has been fully reimbursed. Upon separation from employment, employees who have been advanced vacation leave shall reimburse the Board for all advanced and unreimbursed vacation leave. The Board is authorized to deduct such amount from the final pay. The Chancellor may advance vacation leave to employees located in the NSCS Office.

Employees, upon retirement, dismissal or separation from employment, shall be paid for unused accumulated vacation leave. Upon the death of an employee, unused accumulated vacation leave will be paid per Board Policy 5030.

Employee requests for up to ten (10) consecutive days of accumulated vacation leave shall not be unreasonably denied.

Supervisors shall respond to written requests for vacation leave within five (5) working days of the request. Requests for use of accumulated vacation leave shall not be unreasonably denied.

Return to Employment Within One (1) Year. Employees who have separated employment and who return to employment within one (1) year from the date of such separation shall have service for vacation leave reinstated at the level established prior to the separation. However, employees who have been dismissed for disciplinary reasons shall not have service for vacation leave reinstated.

Transfer Employees. An employee who is transferred within the NSCS shall have their accrued vacation leave transferred. Employees transferring as an employee from Nebraska State Government or the University of Nebraska System may be eligible to have vacation leave hours transferred to the receiving College or System Office at the discretion of the receiving President or Chancellor. Employees transferring may also be given credit for previous employment in Nebraska State Government or the University of Nebraska for purposes of accruing vacation leave at an advanced rate at the discretion of the receiving President or Chancellor. Employees transferring to Nebraska State Government or the University of Nebraska System may be eligible to have vacation leave hours transferred to the new employer at the discretion of the new employer.

PAY

Annual pay increases shall only be provided to employees with satisfactory or better performance evaluation reports.

Salary base increases may be paid upon the completion of each academic degree earned after the commencement of employment. Base salary increases will be awarded only on July 1st following completion of the degree program. Official transcripts or other appropriate documentation from the awarding institution must be provided to the Human Resource Office prior to July 1st in order to receive the salary increase. The amount of the salary base increase will be determined by the President, or by the Chancellor for employees in the System Office.

An employee assigned by a supervisor to perform the duties of another position may receive a temporary pay increase at the discretion of the President, or Chancellor for employees in the System Office.

PERFORMANCE EVALUATION

The President is responsible for determining how and when the performance of employees will be evaluated at the College. The Chancellor is responsible for determining how and when the performance of employees will be evaluated at the System Office.

The purpose of performance evaluations is to promote high levels of achievement; measure, maintain and improve performance; and provide opportunities for discussion and planning of goals and objectives. Employees will be allowed to participate in the evaluation process and shall be informed of the criteria used to evaluate performance.

RESIGNATION

To resign in good standing, written notice must be given to the campus President or Chancellor, as appropriate, at least ten (10) working days before separation, unless the President or Chancellor agrees to a shorter period.

TUITION PROGRAMS

Only full-time (at least .75 FTE) employees are eligible for the following programs. These programs are not available to the immediate family members of employees whose anticipated employment period is less than six (6) months, regardless of FTE employment status. To receive the tuition benefit, employees and immediate family (if applicable) must submit and have approved a tuition remission/waiver request form no later than the tuition payment due date for that term. Benefits will not be provided retroactively for previously ended terms.

Immediate Family Tuition Remission. A sixty-seven percent (67%) tuition remission shall be available for immediate family (children who are twenty-four (24) years of age or younger at the beginning of the semester or session and a spouse) of employees who enroll at a Nebraska State College on a space available basis. The remission does not apply to fees. Although online courses have a single rate, a portion of the rate consists of fees. The remission provided for online courses will be sixty-seven percent (67%) of the equivalent resident tuition rate for an on-campus course. Remissions are subject to the following condition:

- a) The immediate family member must be admitted as a student of the College and must have met all normal academic requirements for the courses taken.

Employee Tuition Waiver. Employees shall be eligible to enroll for credit in courses during non-work hours for one dollar (\$1.00) per course on a space available basis. Enrollment and tuition waiver under this provision will be limited to one (1) course of not more than four (4) hours in each of the Fall and Spring semesters and one (1) Summer term. One dollar (\$1.00) covers the cost of tuition for purposes of this waiver program and the one-dollar (\$1.00) charge is non-refundable. Fees connected with course enrollment must be paid by the employee including the same institutional and class fees paid by all other students. Although online courses have a single rate, a portion of the rate consists of fees. The waiver provided for online courses will be based on the equivalent resident tuition rate for an on-campus course (beyond one dollar [\$1.00]). Waivers are subject to the following conditions:

- a) Employees must be admitted as students of the College and must have met all normal academic requirements for the courses taken.
- b) An employee's work schedule may be arranged, with appropriate supervisory approvals, to accommodate enrollment. Such approval shall not be unreasonably denied.

An employee may not enroll in courses under these two (2) programs simultaneously during the same semester. Only one (1) tuition waiver course may be taken per semester by an employee. Tuition remissions and tuition waivers will not apply to already discounted tuition rates for dual enrollment and professional development courses.

POLICY NAME: Terms and Conditions of Employment for Non-Union Support Staff

POLICY NUMBER: 5104

PURPOSE

To specify the terms and conditions of employment for full-time and part-time support staff employees who are excluded from the NAPE/AFSCME collective bargaining unit. This policy does not apply to temporary employees or student employees.

ABANDONMENT

Employees may be considered to have abandoned the job if absent from work for longer than two (2) consecutive work days without being on approved leave. Abandonment shall be considered as a voluntary resignation not in good standing.

BACKGROUND CHECKS

Offers of employment are contingent on the applicant/employee successfully passing a background check.

BENEFITS

The Board shall make group medical, dental, vision, life, and long-term disability insurance coverages available to employees who are employed full-time on a continuing basis in a budgeted position (at least .75 FTE). Employees employed less than .75 FTE are not eligible for group medical, dental, vision, life or long-term disability coverages, unless coverage is required under the Affordable Care Act.

For medical and dental insurance, the Board will contribute a fixed dollar amount equivalent to eighty-five percent (85%) of the aggregate costs of the individual plan, with the employee responsible for the remaining amount of the cost of coverage. For those employees who opt for coverage under a family plan, the Board will contribute toward either family plan, employee/children or employee/spouse a fixed dollar amount equivalent to seventy-five percent (75%) of the aggregate costs of the family plan, with the employee responsible for the remaining amount of the cost of coverage. When both members of a married couple are employed by the Board and request family coverage, each employee will be required to contribute an amount equal to the individual employee

The Board will contribute fifty percent (50%) toward the cost of single vision coverage for any plan option selected by the employee.

A life insurance plan offering group term life insurance coverage at a minimum amount of thirty thousand dollars (\$30,000) will be provided at the Board's expense with the employee permitted to supplement the basic coverage at the employee's expense. Employees may also purchase a dependent life policy on a spouse and a child(ren) at the employee's expense. Eligible coverage for children begins at six (6) months of age. In accordance with current policy provisions, employees' life insurance benefits are reduced to fifty percent (50%) at seventy (70) years of age.

A group long-term disability plan will be provided which will pay sixty-six and two-thirds percent (66 2/3%) of salary after ninety (90) days of continuous disability as defined by the insurance carrier. The Board will provide seventy-five percent (75%) of the aggregate costs of this coverage.

The Board shall provide an opportunity for employees (employed at least .75 FTE full-time) to voluntarily participate in a flexible spending account, subject to provisions of IRS Code Section 125. Employees may choose to set aside an amount from their paychecks, which is not taxed, in a medical or dependent care account for payment of eligible expenses.

The Board shall make an Employee Assistance Program available for employees (employed at least .75 FTE full-time). The Board shall pay the annual flat rate as established by the program. Any other costs shall be borne by the employee. Records concerning an employee's treatment for alcoholism, drug or stress-related problems shall remain separate from other personnel materials. All employee assistance records shall remain confidential.

Employees, their spouses, and dependents will be allowed to use those facilities belonging to the College that are used to promote wellness. Although there is no membership fee to access the facilities, the College may charge spouses and dependents (seventeen [17] years and older) a fee for an identification card to access the facilities. Dependents under the age of seventeen (17) must be accompanied by an adult to use the facilities. Such facilities will be available to employees, their spouses and dependents during the facilities' normal hours of operation and when not being used for classroom instruction or program activities.

CORRECTIVE AND DISCIPLINARY ACTION

The Colleges shall adopt and promulgate rules of conduct for distribution to employees in the form of an employee handbook, including, but not limited to grounds for disciplinary action. The same rules of conduct and disciplinary grounds shall apply to employees

located in the NSCS Office.

The right to exercise discipline for just cause is vested exclusively in the Board, provided that an employee who has been disciplined will be advised of the reason or reasons for such action. The level of discipline imposed shall be based on the nature and severity of the infraction. Disciplinary action challenged by the employee as not in conformance with this policy, may be grieved.

The Chancellor is authorized to implement corrective and disciplinary action for System Office employees pursuant to the procedures established in this policy.

Investigatory Suspension. An employee who is under investigation for misconduct, or charged with criminal activity or for other reasons at the discretion of the President or designee may be suspended with pay until such time as it is possible to determine if disciplinary action should be taken. The Chancellor is authorized to implement corrective and disciplinary action for System Office employees pursuant to the procedures established in this policy.

Verbal Counseling. Verbal counseling is an informal level of corrective action. Verbal counseling is not disciplinary action. Verbal counseling is not grievable. It is a warning given by an immediate supervisor in conference with an employee in which the matter is discussed with the employee. The employee will be advised what action is expected to correct the problem.

Predisciplinary Notice. Prior to imposing discipline, employees are entitled to notice of the allegations against them which will identify the nature of the offense, the rule, policy, or performance standard violated and include an explanation of the evidence against them. The notice will include a description of the incident(s) involved and date(s) of occurrence as applicable.

Employee Opportunity to Respond. Prior to imposing discipline the employee will additionally be entitled to an opportunity to respond to the allegations, present mitigating evidence, or present reasons why disciplinary action should not be taken.

Notice of Disciplinary Action. An employee will be notified in writing whenever any disciplinary action is taken against them. The employee must acknowledge receipt by signing the written disciplinary notice. The employee's signature does not constitute agreement with the content of the notice. If the employee refuses to sign, the supervisor and a witness will sign a notation of the employee's refusal on the notice. A copy of the written disciplinary notice will be placed in the employee's personnel file.

Types of Disciplinary Action:

Written Warning. Written warnings consist of a discussion between the employee and a supervisor in which the supervisor explains in detail the reasons for the warning and then provides a written disciplinary notice to the employee of the

action required to correct the unsatisfactory performance, the time allowed for improvement and the consequences, including dismissal, for future violations or failure to improve.

Disciplinary Probation. A disciplinary probation may be imposed by the appropriate Vice President or designee for a period of up to six (6) months, but may be extended to a total of one (1) year, during which time the employee's performance must improve. A corrective action plan including the time allowed for improvement and the consequences, including dismissal, for future violations or failure to improve shall be included in the written disciplinary notice.

- i) Employees on disciplinary probation shall not be promoted or granted merit pay increases.
- ii) Employees granted leave while serving disciplinary probation may have their probation extended by the number of days absent on leave.
- iii) Employees may be removed from disciplinary probation by a written notice of the appropriate Vice President or designee.

Disciplinary Suspension Without Pay. A period of suspension imposed by the President shall be without pay and shall not exceed five (5) working days. The disciplinary notice informing the employee of suspension shall be dated and include the reason for the suspension, the number of days of the suspension, time allowed for improvement and the consequences, including dismissal, for future violations or failure to improve.

- i) The employee's service date shall be adjusted by the number of calendar days absent during a suspension.
- ii) Employees on suspension shall not be granted paid leave during the suspension period.

Demotion. A President may demote an employee to a class of a lower salary grade as a disciplinary action. The employee's duties shall be changed to reflect the new classification. Upon demoting an employee for disciplinary reasons, a President shall reduce the employee's salary a minimum of five percent (5%) and the salary may not be above the Maximum Rate of the new salary grade. However, demoted employees' salaries may be reduced no lower than the minimum salary of the new salary grade. The written notice regarding the demotion time shall specify the time allowed for improvement and the consequences, including dismissal, for future violations or failure to improve.

Dismissal. Dismissal is removal from employment for failure to respond to previous disciplinary actions or when extreme circumstances render any preceding steps unnecessary or inappropriate.

Upon receipt of a supervisor's and/or Vice President's recommendation to dismiss an employee, the President shall inform the employee, in writing, of a time at which the employee may present to the President or designee, any facts, material, or evidence regarding the employee's potential dismissal. Failure by the employee to appear shall constitute a waiver by the employee of the aforementioned meeting. The employee may be represented by a third party at the meeting, but the time, date, or place of said meeting shall not be postponed or rescheduled because the representative of the employee is unable to attend unless both the President and the employee mutually agree to another time, date, and/or place.

Within five (5) work days following the meeting, the President shall provide the employee a copy of their recommendations regarding the dismissal. The five (5) day period may be extended upon agreement between the President and the employee. A copy of the President's recommendation shall be forwarded to the employee and the Chancellor. If the President recommends that the employee be dismissed, the written notice shall inform the employee that they may request a hearing before a hearing officer by submitting a written request to the President within ten (10) work days of receipt of the notice. If the employee submits a written request for a hearing the President shall refer the proposed dismissal to a hearing officer for a hearing and recommendation. The hearing officer will be appointed by the President.

The hearing officer will then establish the date, time and place for the hearing and so inform the employee and the President. The hearing officer shall admit and consider evidence submitted by the parties in the form of documents or the testimony of witnesses. The hearing officer will arrange for the hearing to be recorded. The employee shall have the right to attend all evidentiary proceedings, to present evidence, to examine documents, to question witnesses, and to otherwise present any relevant evidence with respect to the statement of reasons for dismissal. The employee shall also have the right to be represented by an attorney at the employee's expense. Any party who wishes to use a court reporter to take a verbatim transcript may do so at party's own expense. The hearing officer shall adopt rules to be followed which ensure substantive and procedural due process including prior notice of witnesses to be called and documents to be offered in evidence at the hearing, no documents or witnesses not so listed shall be heard, except for the purpose of rebutting oral testimony of the other party or for other justifiable cause found to exist. The hearing officer may admit probative evidence as well as exclude incompetent or repetitive evidence.

The hearing shall be conducted within twenty (20) working days of the request for a hearing. The hearing officer shall render its written recommendation along with

a complete recording of the hearing to the employee and the President within ten (10) working days after the hearing is closed.

Within ten (10) working days after receiving the recommendation from the hearing officer, the President shall render a decision in writing to the employee. If the President rejects the recommendations of the hearing officer, the President shall state reasons for doing so, in writing, to the employee.

If the employee is not satisfied with the decision of the President, the employee may make a written request to the Chancellor within ten (10) working days of the receipt of the President's decision. The Chancellor shall render a written decision regarding the dismissal within twenty (20) working days. The decision of the Chancellor, on behalf of the Board, will be final.

An employee recommended for dismissal for cause shall continue to be an employee until the appeal procedure up to and including the Chancellor only has been exhausted or until the employee has failed to advance their appeal in a timely fashion. The President may, at their discretion, suspend or reassign the employee to other duties with pay during the appeal procedure.

If the Chancellor recommends dismissal for an employee in the System Office, the employee may request a hearing before a hearing officer by submitting a written request to the Board Chair within ten (10) work days of receipt of the notice. If the employee submits a written request for a hearing the Board shall appoint a hearing officer to conduct a hearing and submit findings of facts and recommendations to the Board for a vote on the dismissal decision. The Board's decision will be final.

DRUG AND ALCOHOL TESTING

In the interest of maintaining a safe, healthy, and efficient workplace for all employees, and to protect the Board's property, information, equipment, and reputation, the Board has established a program to test for drug and alcohol use in the workplace. Testing will be required when reasonable cause exists in the workplace to conduct such a test. The Board shall be responsible to pay for the costs of any such tests. Employees, who may be required under federal law or regulations to submit to random drug and alcohol testing, will be notified of the general testing requirements in writing in advance.

GRIEVANCE PROCEDURE

All regularly employed full-time employees (at least .75 FTE) have grievance rights. Applicants, temporary employees, probationary, part-time employees (less than .75 FTE) and employees located in the NSCS Office do not have grievance rights under this policy.

Employees who are aggrieved as a result of a violation of policies or other terms and conditions of employment may file a grievance. Presidents and the Chancellor, as appropriate, shall ensure that every possible effort is made to resolve grievances at the

College and System Office levels.

The Board has final authority to determine whether or not an issue is grievable and may elect to hear any issue at its discretion. Issues determined to be non-grievable are subject to summary dismissal. The following issues, when done in compliance with established law, rule or policy, are examples of non-grievable matters: performance evaluations; employment appointments including promotions to positions; leave of absence decisions; salary allocations; and, position classification. Employees who have been recommended for dismissal from employment for cause under the provisions of this policy, may not file grievances while the dismissal process is pending.

Steps. A grievance will be processed in the following manner:

Step 1. The employee will discuss the grievance with their immediate supervisor in an attempt to settle the grievance.

Step 2. If the grievance is not settled in Step 1, the employee may file a written grievance with the Human Resources Director within no more than fifteen (15) working days after the employee has knowledge or should have had knowledge of the facts giving rise to the grievance. The written grievance shall be recorded on the designated form. When reducing a grievance to writing, the following information must be stated with reasonable clarity: the exact nature of the grievance, the act(s) of commission or omission, relevant date(s) if known, the identity of individual(s) alleged to have caused the grievance, the rule or policy that was misinterpreted or misapplied and the relief requested. Upon receipt of the written grievance and prior to issuance of a written response, the Human Resources Director and the appropriate Vice President shall meet and confer with the employee in an attempt to resolve the grievance. The Vice President shall provide a written response to the employee within ten (10) working days of the date the grievance was filed. If a written response is not received within ten (10) working days, the employee may proceed to Step 3.

Step 3. If the grievance is not settled in Step 2, the employee may appeal to the President within ten (10) working days of the receipt of the written response in Step 2, by filing the written grievance form and all prior written responses with the President.

At the employee's request, the President will conduct a conference with the employee in an attempt to resolve the grievance.

Within ten (10) working days of receipt of the written grievance form and all prior written responses, the President will render a written decision to the employee.

Step 4. If the grievance is not settled in Step 3, the employee may appeal to the Chancellor, within ten (10) working days of the receipt of the written response in Step 3 by filing the written grievance form and all prior written responses with the Chancellor.

The Chancellor shall notify the employee of their final decision, within twenty (20) working days after receipt of the written grievance form, all prior written responses and any additional information the employee wishes to have considered.

Time Limits. Failure of the Board in any step to render a decision to the employee with the maximum time limits shall automatically allow the employee to proceed to the next step. Failure of the employee to proceed to the next step within maximum time limit shall be considered as termination of the grievance.

HOLIDAY SCHEDULE

Thirteen (13) paid holidays are provided each year. Additional holidays may be scheduled at the discretion of the President or Chancellor to match state and federal holiday observances. In order for an employee to be eligible for holiday pay the employee must work their scheduled work day before and after the holiday or be authorized to use paid or unpaid leave on the day before and after the holiday. Part-time employees shall receive paid holiday time on a pro-rated basis.

LAYOFFS

The President or Chancellor, as appropriate, decides when a layoff is necessary, and which employees, positions, and geographic locations will be affected. Layoffs may be determined necessary because of budget adjustments or reallocations, a modification of position workloads, or elimination of or change in scope of institutional services, or as the result of any other job-related management decision.

Employees to be laid off shall be given as much notice as possible, but at least fifteen (15) working days' written notice if employed full-time (at least .75 FTE) and ten (10) working days' written notice if employed part-time (less than .75 FTE).

LEAVE

Bereavement Leave

At the discretion of the immediate supervisor, up to six (6) days of paid bereavement leave, per fiscal year may be granted to employees. No employee shall be unreasonably denied the use of vacation leave when such additional time is required to settle personal matters related to a death in the immediate family. Generally, bereavement leave is taken immediately following the death, however, there may be circumstances when more flexibility is needed, for example, if a memorial service is scheduled at a time in the future.

Civil Duty Leave

An absence with pay will be granted an employee for jury service or election service during the actual period of service, and the employee will retain fees paid as a juror or

election worker; provided that the employee calls their supervisor to determine whether they should report for work upon being released from jury duty or election service on any day prior to the end of their regular shift.

Absence with pay may be granted for an employee who is subpoenaed as a witness during the actual period of such service; provided that the absence is limited to that period the employee is actually compelled to be present at court, having made reasonable efforts to arrange with the subpoenaing party that the attendance would be so limited. Copies of summons and subpoenas should be provided to the Human Resource Office in advance of the absence.

If an employee is appointed as a clerk, election inspector, or judge on an election or counting board, the employee shall be granted an absence with pay during the time when the employee's physical presence is required by the court or the board. The employee shall retain all fees paid for their civil service.

Crisis Leave Sharing Program

(a) Employees may contribute accrued vacation leave, accrued sick leave or compensatory hours to benefit another employee at the same College who is suffering from a catastrophic illness, who is unable to report to work due to pandemic quarantine measures or who is a new parent. Vacation leave, sick leave or compensatory hours may be donated in no less than one (1) day increments. Hours donated but not used will be maintained in a crisis leave sharing pool and distributed on an as needed basis to eligible employees by a Shared Leave Committee designated by the College.

(b) New Parents. Within the first twelve (12) months following the birth or adoption of a child, an employee may request up to thirty (30) workdays of crisis leave donations. To be eligible to receive leave, employees must have exhausted their own paid leave options. For employees eligible for FMLA, crisis leave donations shall count against the twelve (12) weeks of FMLA leave. Donations are not for intermittent use; donations may be used for up to thirty (30) consecutive workdays.

The Committee will determine the amount of donated leave an employee may receive and may only authorize an employee to use up to a maximum of ninety (90) days in a twelve (12) month period. To be eligible to receive donated leave, an employee must have exhausted all paid leave.

The crisis leave sharing program will permit salary and health insurance continuation for those employees receiving shared leave.

The maximum number of hours for each College crisis leave pool is 7,500 donated hours.

Details of this program are available at the Human Resource Office.

Employees located in the NSCS Office may contribute accrued vacation leave, accrued

Note: "Child" shall mean biological, adopted or foster child, a stepchild, a legal ward, or child of a person standing in loco parentis.

Serious Health Condition. A serious health condition is defined to include:

Employees taking family military leave for less than five (5) consecutive days shall give the Employer advanced notice as is practicable. The employee shall consult with the Employer to schedule the leave so as not to unduly disrupt College operations. The Employer may require certification from the proper military authority to verify the employee's eligibility for the family military leave requested. For benefit purposes, employees taking Family Military Leave will be treated the same as other employees taking unpaid Family Medical Leave.

National Defense Authorization Act. An employee who is a spouse, child, parent or next of kin (nearest blood relative) to a member of the Armed Forces who is being treated for,

Inclement Weather/College Closure Leave

When inclement weather causes College classes to be canceled, all employees, other than those required to report to work to provide emergency or other essential services, will be entitled to take Inclement Weather Leave. Such leave does not require the prior approval of the employee's supervisor. Time spent on Inclement Weather Leave will be charged against the employee's vacation or compensatory leave balance or time can be made up within thirty (30) working days at the request of the employee, which request shall not unreasonably be denied. When the President declares the College closed, absences will not be charged against employee leave balances. Employees required to report to work to provide emergency or other essential services as determined by the President will be allowed comparable time off on an alternate date mutually agreed upon by the supervisor and the employee. The Chancellor is authorized to make inclement weather leave decisions for employees located in the System Office.

Eligible full-time employees (at least .75 FTE) who elect to surrender their right to continued employment and retire on June 30, 2026, shall in exchange for the surrender of such right, receive a financial settlement incentive of twenty-five percent (25%) of their final year base salary with payment to be made in twelve (12) equal monthly installments following termination of employment. An eligible employee must be fifty-five (55) years of age with ten (10) or more years of consecutive service within the NSCS and must provide six (6) months of advanced written notice. Part-time employees (less than .75 FTE) shall not be eligible for this program. The six (6) months advanced written notice can be waived at the discretion of the Board.

In addition, the employee and spouse (if spouse is currently enrolled in plan coverage) will be permitted to remain in the group medical and dental insurance plan offered retirees by Blue Cross/Blue Shield at the time of the employee's retirement. The Board will pay the full cost of such coverage, which includes both the cost the employee would pay if still employed and the cost that the Board pays for such coverage as the employer. Coverage payments will continue for a period of twelve (12) months following retirement. Any COBRA benefits remaining will be available following cessation of the coverage payments. COBRA benefits are not available if the employee elects to enroll in the Direct Bill program.

If the retired employee reaches the age of sixty-five years (65) at any time during the twelve (12) month period of payout, at which time eligibility to participate in the BC/BS retiree plan ceases, the Board will pay an amount equivalent to the full-cost of the NSEA Medicare Supplemental Plan that the employee selects for the payout period remaining.

If death occurs during the payout period, the employee's beneficiaries or estate will receive any remaining incentive payments due under the terms of this program. The medical and dental benefit will terminate upon the date of death.

No employee will be coerced into participating in this Voluntary Retirement Settlement Program, or have their employment terminated for the purpose of preventing them from becoming eligible to participate.

The Program is intended to be operative through the time period indicated with salary payments and insurance coverage available only during the fiscal year following retirement.

Early Retirement Incentive Program. The Program is designed to encourage the early retirement of eligible full-time (at least .75 FTE) employees by offering an incentive to retire in the form of paid premiums in the group medical and dental health insurance program offered retirees by Blue Cross Blue Shield at the time of the eligible employees' retirement. The payment of premium for the employee and spouse (if spouse is currently enrolled in plan coverage) will continue until the retired employee and/or spouse becomes eligible for coverage under the Federal Medicare program, at which time the paid premiums shall cease. Full-time employees who have completed at least ten (10) years of continuous service within the NSCS, and who are sixty (60) years of age or older are eligible to participate in this program upon providing six (6) months of advanced written notice. The six (6) months advanced written notice can be waived at the discretion of the Board. Part-time employees (less than .75 FTE) shall not be eligible for this program. In order to be eligible for this program, the employee has to meet the five (5) year Educator's Health Alliance continuous coverage requirement. If death occurs during the coverage period, the medical and dental benefit will terminate upon the date of death.

TUITION PROGRAMS

Only full-time (at least .75 FTE) employees are eligible for the following programs. These programs are not available to the immediate family members of employees whose anticipated employment period is less than six (6) months, regardless of FTE employment status. To receive the tuition benefit, employees and immediate family (if applicable) must submit and have approved a tuition remission/waiver request form no later than the tuition payment due date for that term. Benefits will not be provided retroactively for previously ended terms.

Tuition Remission. A sixty-seven percent (67%) tuition remission will be available for employees and immediate family (spouse and children who are twenty-four [24] years of age or younger) members of employees who enroll at a Nebraska State College on a space available basis. The remission does not apply to fees. Although online courses have a single rate, a portion of the rate consists of fees. The remission provided for online courses will be sixty-seven percent (67%) of the equivalent resident tuition rate for an on-campus course. Remissions are subject to the following conditions:

- a) The employee or immediate family member must be admitted as a student of the College and must have met all normal academic requirements for the courses taken.

Employee Tuition Waiver. Employees will be eligible to enroll for credit in course offerings during non-work hours for one dollar (\$1.00) per course on a space available basis. Enrollment and tuition waiver under this provision will be limited to one (1) course of not more than four (4) credit hours each fall and spring semester, and one (1) summer term. One dollar (\$1.00) covers the cost of tuition for purposes of this waiver program and the one dollar (\$1.00) charge is non-refundable. Any mandatory or applicable fees which are charged with the course enrollment must be paid for by the employee. Although online courses have a single rate, a portion of the rate consists of fees. The waiver provided for

online courses will be based on the equivalent resident tuition rate for an on-campus course beyond one dollar (\$1.00). Waivers are subject to the following conditions:

- a) Employees must be admitted as students of the College and must have met all normal academic requirements for the courses taken.
- b) An employee's work schedule may be arranged, with appropriate supervisory approvals, to accommodate enrollment.

Limitation. An employee may not enroll in courses under the two programs described above simultaneously during the same semester. Only one (1) tuition waiver course may be taken per semester by an employee. Tuition remissions and tuition waivers will not apply to already discounted tuition rates for dual enrollment and professional development courses. To receive the tuition benefit, employees must submit and have approved a tuition remission/waiver request form no later than the tuition payment due date for that term. Benefits will not be provided retroactively.

BOARD POLICY

It is the policy of the Board that the retirement program is and shall be consistent with state and federal regulations.

Participation, Annuity

The Board shall provide participating plans for retirement annuities for all eligible employees of the Nebraska State College System. All plan assets shall be held in an annuity, or a trust or custodial account, for the exclusive benefit of plan participants. The Board shall provide such retirement benefits through the Teachers Insurance and Annuity Association of America (TIAA). Old Age and Survivors Insurance of the Social Security Administration shall be a part of the plan of retirement benefits.

The State Colleges are authorized to enter into, on behalf of the Board, contracts with employees providing for the purchase of such retirement annuity contracts under the provisions of the Technical Amendments Act of 1958 to the Internal Revenue Code, as amended. Contracts with the State College employees shall provide that the accounts contributed by the State Colleges for such retirement annuity contracts shall be contributed as a result of an agreement of the employee to take a reduction in salary, or to forego an increase in salary, but only to the extent that such amounts are earned, or would be earned by the employee after the agreement becomes effective. Such an agreement must be legally binding and irrevocable with respect to amounts earned while the agreement is in effect and shall, in all other respects, conform with the applicable provisions of the Internal Revenue Code, as amended. The right of employees to such retirement annuity contracts shall be non-forfeitable, except for failure to pay future premiums; and such retirement annuity contracts shall be non-transferable.

Primary and Secondary Plans

A primary retirement plan intended to constitute an eligible deferred compensation plan as set forth in Internal Revenue Code (Code) Section 403(b) shall be provided for all full-time employees of the Nebraska State College System. Participation in the primary 403(b) Defined Contribution Plan is mandatory as set forth in the section below relating to Eligibility for Participation in the Primary Retirement Plan.

Secondary retirement plans intended to constitute eligible deferred compensation plans within the meaning of Sections 403(b) and 457 of the Code, as amended, shall be offered to all eligible employees of the Nebraska State College System. Participation in the secondary 403(b) and 457(b) Plans is voluntary as set forth in the section below that outlines Eligibility for Participation in the Secondary Retirement Plans. The secondary 403(b) Tax Deferred Annuity Plan and 457(b) Voluntary Deferred Compensation Plan shall be secondary to and a supplement for the primary 403(b) Defined Contribution Retirement Plan.

Eligibility for Participation in the Primary Retirement Plan 403(b)

1. Employees eligible for participation are any active employee of the State College System whose employment status is full-time. Full-time for faculty employees shall mean carrying a "full-time load," as defined by the College, for the regular academic year. Full-time for all other employees will consist of working full-time, as defined by the College, for the regular academic year or at least three-fourths time over a twelve (12) month period.

**POLICY: 5405 Retirement Plan;
State College Employees**

Page 2 of 6

2. All eligible employees will begin participation in this retirement plan on the first day of the month coinciding with or next following the attainment of age thirty (30). During required participation, employees are not permitted to switch from salary reduction (pre-tax) to salary deduction (after-tax) at any time. Therefore, salary reduction is to be used exclusively. As a result, the mandatory employee contribution will be treated as an employer contribution for calculation purposes and will not be subject to the employee elective deferral limit. Furthermore, during voluntary employee participation, those voluntary employee contributions will be subject to the limits under 402(g), the employee elective deferral limit, in addition to the 403(b) and the 415 limits.
3. All eligible employees may begin participation in this retirement plan on the first day of the month coinciding with or next following the second anniversary of their employment and the attainment of age twenty-five (25). Eligible employees under age thirty (30) may count prior full-time service (at least three-fourths time over a twelve [12] month period) with an educational institution toward the required service period. Educational institutions include, but are not limited to, public and private elementary or secondary schools (K-12) in addition to postsecondary institutions.

Contributions for Primary Retirement Plan 403(b)

The Board shall have power, in its discretion, to provide retirement benefits for employees of the Board, subject to the following:

1. The cost of such retirement benefits shall be funded in accordance with sound actuarial principles with the necessary contributions for both past service and future service being treated in the budgets in the same way as any other operating expense.
2. The maximum State College contribution under such retirement plan shall not exceed the sum of:
 - a. the percentage approved by the Board of each employee's salary or wage earnings for any calendar year before any agreement for reduction of salary or wage earnings; and,
 - b. pursuant to an agreement for reduction of salary or wage earnings, the amount of the reduction of salary or wage earnings.
3. Each employee's contribution shall equal six percent (6%) of each employee's qualifying salary or wage earnings for any calendar year and shall be calculated before any agreement for any reduction of salary or wage earnings, provided that in lieu of making such contribution, each such employee shall enter into an agreement for reduction of salary or wages in an amount equal to such employee's contribution for the purchase by the Board of an annuity contract for such employee, under the provisions of the Technical Amendments Act of 1958 to the Internal Revenue Code, as amended.
4. The retirement benefits of any employee for service prior to the effective date of any retirement plan established under the provisions of this section shall be those provided under the retirement plan now in force which benefits shall not be abridged.
5. Each participant in this primary retirement plan and each College shall make contributions under the retirement plan on a monthly basis during the years of participation, except for months in which no salary is paid, in accordance with the following schedule:

6. Under no circumstances or conditions will any contribution of the Colleges revert to, be paid to, or insure to the benefit of, directly or indirectly, the Colleges. However, if contributions made by the Colleges were based on mistake of fact, such contributions may be returned to the Colleges within one (1) year of the date on which the contribution was made.

Eligibility for Participation in the Secondary Retirement Plans 403(b) and 457(b)

1. Full-time employees (at least three-fourths time over 12 months) are eligible to participate on a voluntary basis in the secondary 403(b) and 457(b) retirement plans.
2. Non-student employees who normally work twenty (20) hours or more per week are eligible to participate on a voluntary basis in the secondary 403(b) retirement plan.
3. To participate in the secondary plans, each eligible employee shall complete and return the applicable forms, including a Salary Reduction Agreement, to the College Human Resources Office. Enrollment shall be effective on or after the first day of the pay cycle following the date the enrollment forms are properly completed by the employee, including the Salary Reduction Agreement, and approved by the employer or its designee.

Contributions for Secondary Retirement Plans 403(b) and 457(b)

1. The employer will not make any non-elective or matching contributions to the Nebraska State College 403(b) Tax Deferred Annuity Plan or 457(b) Voluntary Deferred Compensation Plan. These plans will accept only elective deferrals made to the plan by the eligible employee.
2. Starting the effective date of this plan, and in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001, the Board will permit eligible State College employees to participate simultaneously in both the primary 403(b) and secondary 403(b) and 457(b) retirement plans.
3. The secondary 403(b) Tax Deferred Annuity Plan includes elective deferrals which can be made on a pre-tax and/or after-tax (Roth) basis.
4. The 457(b) Voluntary Deferred Compensation Plan is an elective salary reduction plan that permits employees who participate to supplement their primary 403(b) plan and Social Security benefits by setting aside an additional portion of their salary on a pre-tax basis. Any such elective deferral of salary may be made up to the maximum amount permitted by law provided the employee agrees to voluntarily defer a minimum of twenty-five dollars (\$25) per pay period.

5. Participants who elect to make contributions on a pre-tax basis, do not pay any federal or state income taxes on the amounts they contribute, or on any earnings on the amount they contribute, until the funds are withdrawn. Contributions made on an after-tax (Roth) basis are included as taxable income.
 6. A participant shall be fully vested at all times in his or her accrued benefits under these plans. Such accrued benefits shall be non-forfeitable at all times.
 7. Employees may elect to change their Elective Deferral Rate with respect to future contributions by submitting a new properly executed Salary Reduction Agreement to the employer. Such change shall take effect as soon as administratively practicable but not earlier than the first pay period commencing with or during the first month following receipt by the employer of such Salary Reduction Agreement.
 8. Employees may terminate their election to have compensation deferred in this plan by so notifying the employer or its designee in writing. Such termination shall take effect as soon as administratively practicable, but not earlier than the first pay period commencing with or during the first month following receipt by the employer of satisfactory written notice of such revocation.
 9. To the extent permitted by law, rollovers may be made to the secondary 403(b) and 457(b) Plans from any other eligible deferred compensation plan maintained by a State, political subdivision of a State or any agency or instrumentality of a State or political subdivision of a State. Such funds shall be accepted and fully vested and non-forfeitable at all times.

NAME: Surplus Property

POLICY
NUMBER: 6014

A. PURPOSE

To provide for the proper handling of surplus tangible personal property.

B. DEFINITIONS

1. **Tangible Personal Property** – Property exclusive of land and buildings that is movable, including equipment, furnishings, vehicles, appliances, electronics, scientific or academic instruments and other physical property.
2. **Surplus Property** - Usable or unusable tangible personal property, which has been declared excess or surplus to the needs of the College or System Office.

C. POLICY

1. Surplus Property

Tangible personal property that is deemed to be surplus property by a College or the System Office can be transferred, sold, traded or destroyed depending on the situation.

1.1. Authorization

The transfer, sale, trade or disposal of property for any College must be approved by the President, the Vice President for Administration and Finance, the Associate Vice President for Administration and Finance, or Comptroller. The transfer, sale or disposal of property for the System Office must be approved by the Chancellor or Vice Chancellor for Finance and Administration or General Counsel.

1.2. Transferred Between Departments, College or System Office

Tangible personal property that is no longer needed by a department of the College shall first be made available to other departments at the College. Surplus items will be deemed to have no value when they are transferred between departments, therefore the selling of items between departments will be prohibited. If no other College department is

interested in the surplus property, the property should be offered first to the other Colleges and the System Office. Any surplus property from the System Office will be first offered to the Colleges.

1.3. Sale or Trade of Surplus Property

If the other Colleges or System Office are not interested in surplus property, then the items may be sold or traded. Revenues from the sale of surplus property, less standard commission/sales costs, will be deposited in the appropriate funds, as directed by the President, Vice President for Administration and Finance, Chancellor or Vice Chancellor for Finance, as appropriate. All items will be sold “as is” with no return and/or refund.

- Sale by publicly advertised auction – Surplus property may be sold at auction if the auction is advertised in local/area newspapers and a minimum of fifteen (15) calendar days shall have elapsed between the time formal bids are advertised or called for and the time of their opening. All sales shall adhere to approved cash handling procedures.
- Sale by fixed price – Surplus property may be sold by fixed price if the price can be reasonably estimated. Surplus property sold by fixed price should have the method of determining the fixed price on file for review by interested parties. College or System Office employees are not eligible to purchase surplus items by fixed price. All sales shall adhere to approved cash handling procedures.
- Sale by negotiated price – Surplus items may be sold by negotiated price if a fixed price cannot be reasonably determined. A record of the negotiation should be kept on file for review by interested parties. College or System Office employees are not eligible to purchase surplus property by negotiated price. All sales shall adhere to approved cash handling procedures.
- Sale by sealed bids – Surplus property may be sold by sealed bids if the bidding process is advertised in local/area newspapers and a minimum of fifteen (15) calendar days shall have elapsed between the time formal bids are advertised or called for and the time of their opening. Receipt of three sealed bids is preferred. If advertising protocol is followed and less than three bids are received, the College may accept less than three.
- Sale by On-Line Auction – Items may be sold by posting items to school websites, social media or online auction houses when deemed appropriate, with appropriate internal controls. The on-line auction process should be reviewed and approved by the Chancellor.
- Trade-In – Surplus items that are to be traded-in, do not have to be offered to the other Colleges or System Office. Items cannot be traded prior to the appropriate approvals required within this policy.

1.4. Disposal of Personal Property

- If a surplus item is not sellable or is unusable, the item may be disposed of by recycling the item or transferring the item to the local waste disposal facility. Whenever practical, the unusable item will be recycled. Recycling is appropriate for metal items and electronic waste.
- Hard drives shall be erased or destroyed on all computers declared surplus.
- Hazardous waste shall be dealt with according to all applicable laws and regulations.
- All labeling that identifies the College or State of Nebraska must be removed.

1.5. Surplus Firearms

Surplus firearms must be turned over to the Nebraska State Patrol or other local law enforcement agency.

1.6 Inventory

Any inventoried item which has been determined to be surplus to the needs of the institution, must be removed from the inventory. Each institution shall develop written procedures to ensure that items sold, transferred or disposed of are identified and removed from inventory/cost records.

2. Exceptions to Surplus Property Disposal

2.1. Federal Property

Title to federally purchased property may be retained by the federally sponsored agency or vested in the College depending on the regulations of the agency and the requirements of the research project. Any federal requirements must be followed regarding any federally purchased property that is declared excess or surplus.

2.2. Surplus Materials

Materials consumed in the day-to-day operation of the College are considered supplies and are not managed or accounted for as property or equipment and may not be designated as surplus property. However excess supplies may be disposed of in a similar manner to surplus property.

Each College and the System Office shall be responsible for maintaining required inventory records for tangible personal property, performing physical inventories, reconciling physical inventories to the related records and reconciling additions and deductions on the inventory system to the general accounting system.

A physical inventory is to be conducted annually to compare assets on hand to those listed on the inventory records. The location of equipment and other capital items should be updated as necessary to reflect the current status of the inventory; it is essential that persons taking the physical inventory be able to locate all items listed on the inventory promptly. Physical inventory as of June 30 should be completed and documented by August 31 each year.

If any property identified in the inventories is lost, destroyed or unaccounted for due to negligence or carelessness, proper steps shall be taken to recover such property or the reasonable value thereof from the responsible party.

POLICY NAME: Purchasing of Materials and Equipment

POLICY NUMBER: 6400

A. PURPOSE

To secure the best possible prices and procure quality materials and equipment that meet specifications and other requirements. This policy applies to bidding and purchasing of all goods, materials, supplies, vehicles and equipment, with the exception of fixed equipment, hereinafter referred to as “materials”.

Fixed equipment should be purchased according to Policy 8064.

The purchase of any IT equipment or software must adhere to the purchasing thresholds in Policy 7018 and have the approval of the College or the NSCS Chief Information Officer (CIO) or designee. See Policy 7018 for additional guidance.

B. DEFINITIONS

1. **Open Solicitation:** Consists of pursuing purchase prices which are secured by telephone calls, prices available online, or letters to potential vendors or from the vendors’ published material.
2. **Informal Bids:** An Informal Bid is a written quote from a vendor which may include a facsimile quote or an email. Note that “proposals” and “quotes” have the same meaning as “bids” throughout this policy.
3. **Formal Bids:** Bids are secured from vendors by means of an advertised Request for Proposal (RFP). An RFP is a document that announces a project, describes the scope of the project, details criteria for bids, and solicits bids from vendors. A minimum of fifteen (15) calendar days shall elapse between the time the RFP is advertised and the time of the bid opening. Bids must be opened in the manner, time and date specified in the RFP. Electronic bids are only allowed when prescribed by the RFP.
4. **Emergency:** Any situation where it is necessary to enter into a contract to (a) avoid the loss of life, health, safety or property; (b) respond to time limits established by an external authority; (c) ensure the continuation of an essential College service, function, utility, facility or (d) avoid, correct or repair a situation outside the control of the College including detrimental negligence or acts of an employee, natural or manmade disasters.

5. Fixed Equipment: Equipment that is affixed to the facility and is not movable.

C. POLICY

1. Purchasing Thresholds

All purchases shall conform to the following dollar thresholds and bidding process.

1.1. Less than \$25,000 – No bids are required

Open Solicitation applies when the materials purchased are valued at less than twenty-five thousand dollars (\$25,000). If it is determined by the College/System Office that solicitation of bids for materials costing less than twenty-five thousand dollars (\$25,000) would result in a better-quality product or lower cost, Informal Bids may be secured in writing by facsimile quotes or emails.

1.2 \$25,000 but less than \$150,000 – Informal Bid process

An Informal Bid process is required for all purchases that are twenty-five thousand dollars (\$25,000) but less than one hundred fifty thousand dollars (\$150,000). A minimum of three (3) written quotes is necessary. If it is not possible to get three (3) written quotes, the process and reasons should be documented.

1.3 \$150,000 or more – Formal Bid process

On purchases of one hundred fifty thousand dollars (\$150,000) or more Formal Bids are required.

2. General Purchasing Guidance

2.1. Purchase Orders and Notification of Award

Purchase orders or purchase requisitions or signed contracts may serve as notification of award and documentation for the purchase of supplies and materials.

2.2. Most Advantageous Price

- Purchasing processes and procedures shall be designed to ensure that all materials following appropriate standards and specifications can be purchased at the most advantageous price.
- Where feasible and appropriate, each College shall attempt to determine its annual supply needs so that purchasing may be coordinated to realize the potential economies of standardization of materials and large-scale purchases.
- State purchasing assistance or contracts may be utilized where found to be advantageous.

2.3. Threshold Adherence

All purchases shall be bid as a single whole item. In no case shall purchases be divided or fractioned to produce several purchases which are each of an estimated value below a particular threshold bidding requirement.

3. General Bid Requirements

3.1. Minimum Number of Bidders

If materials are to be purchased by the Formal Bid process, the College or System Office shall prepare standards and specifications for the Request for Proposal (RFP) in such a manner it will be possible for three (3) or more manufacturers, vendors or suppliers to submit bids. If bids are not submitted from three (3) bidders, bids may be accepted from a fewer number of bidders than three (3) upon documentation of the bidding process including the companies contacted.

3.2. Bid Timelines

The RFP shall state the manner, day and time upon which bids shall be returned, received and opened.

3.3. Bid Preference

When a public bid is to be awarded to the lowest bidder, a Nebraska residential bidder shall be allowed a preference over a nonresident bidder from a state which gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder. This provision shall not apply to any contract for any project upon which federal funds would be withheld because of such provisions.

3.4. Nondisclosure

No person in charge of any bids prior to the bid opening time shall open them prior to that time or otherwise disclose to any bidder the contents, amount, or other details of any rival bid.

3.5. Lowest Bidder

Purchases are generally made from the lowest bidder, taking into consideration the best interest of the College, the quality of the materials proposed to be supplied, conformity with specifications, the purposes for which required, and the times of delivery. In determining the lowest bidder, in addition to price, the College may develop criteria specific to a purchase or may give the following elements consideration when appropriate:

- The ability, capacity and skill of the bidder to meet the specifications;
- The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- Whether the bidder can meet the delivery expectations;
- The performance on past awarded bids;

- The previous and existing compliance by the bidder with laws relating to the contract;
- The life cycle costs of the personal property in relation to the purchase price and specific use of the item;
- The performance of the materials, taking into consideration any commonly accepted tests and standards of product usability and user requirements; and
- Such other information as may be secured having a bearing on the decision to award the bid.

3.6. Bid Rejection

Any or all bids may be rejected including the bid of any bidder who has failed to perform a previous contract with the Colleges. In any case, where Formal Bids are required and all bids rejected, and the proposed purchase is not abandoned, new bids shall be called for as in the first instance.

4. Exceptions, Emergencies, and Sole Sourcing

4.1. Exceptions to Bidding Requirements

The following are exceptions to bidding requirements. Documentation justifying the exception should be kept on file by the College.

- Used items including vehicles and equipment, used materials, or used supplies.
- Library books, magazines, and acquisitions.
- Purchasing from a previously competitively bid government contract, including the State of Nebraska, the University of Nebraska System, or a multistate compact contract. Competitively bid government contracts by non-government entities such as consortiums, organizations, and partnerships are also included.
- When pricing has been established by the federal General Services Administration.
- Utilities include electricity, water and sewer, heating fuels, gasoline, diesel fuel, or wood chips.
- Lodging and airfare.

4.2. Emergency

Emergency purchases shall be documented by the College and submitted by the President, Vice President for Administration and Finance (VPAF), or Vice President for Academic Affairs (VPAA) to the Chancellor for approval. Chancellor approval of an emergency automatically includes the suspension of bidding requirements as appropriate for each emergency.

4.3. Sole Source

A sole source purchase is when there is only a single feasible or sole source for the supplies or equipment. Documentation to purchase based on sole source without Informal or Formal Bids shall be documented by the College and approved by the President, VPAF or VPAA and given System Office approval by the Vice Chancellor for Facilities (VCF), or the Vice Chancellor for Finance and Administration (VCFA). A single feasible or sole source exists when:

- Supplies or equipment are proprietary and only available from the manufacturer or a single entity and there is no similar equipment available that meets the requirements;
- Supplies or equipment that must be compatible with the original equipment;
- The materials are copyrighted and are only available from the publisher or a single distributor; or
- Donors providing majority funding for materials may specify a particular vendor.

4.4. Notwithstanding any other provisions of this Policy, the Chancellor is authorized to approve exceptions to established purchasing requirements when, in the Chancellor's sole discretion, such exceptions are determined to be in the best interests of the College or System Office. Any request under this section must be documented by the College and submitted by the President.

Exceptions may be approved under circumstances including, but not limited to:

- Strategic business opportunities;
- Situations in which strict adherence to standard contracting procedures would result in unreasonable delays, increased costs, or other adverse impacts to the College or System Office;
- Other exceptional circumstances determined by the Chancellor to warrant an exception, consistent with the System's fiduciary responsibilities and governing requirements.

Nothing in this Policy authorizes the Chancellor to waive or circumvent applicable federal or state statutes. The Chancellor shall ensure that any approved exception is reasonable and appropriately documented in writing, including the business justification for the exception. Approval of an exception under this provision does not establish a precedent for future agreements and shall be exercised sparingly and only when justified by the circumstances. Prior to approving an exception under this section, the Chancellor shall provide notice to the Board of the proposed exception and the business justification for the exception. Any purchase subsequently approved under this section shall be reported to the Board.

5. Compliance Requirements

5.1. Purchasing Responsibility

- The responsibility for the purchasing, receiving, storing and distributing of all materials and supplies to support the activities and programs of each College and the System Office, unless otherwise provided, is delegated by the Board to the Presidents or to the Chancellor. The VPAF shall serve as the principal purchasing agent for the College and shall be responsible for the development and implementation of College processes and procedures which conform to the requirements of the Board.
- Should such processes and procedures include the appointment of a College purchasing agent and a decentralized purchasing function, responsibility for conformance with the College's and Board's requirements shall remain with the principal purchasing agent.

5.2 Independence and Conflict of Interest

- While an employee as a prospective user may informally seek information and confer with a vendor about services and product prices, negotiation for purchases of services and products must be done in compliance with the College and Board policies.
- The principal purchasing agent shall retain responsibility for assuring compliance with procurement procedures.
- If correspondence is carried on between a prospective user and a vendor, copies of such correspondence shall be included along with other price documentation accompanying a purchase order to the extent determined appropriate by the principal purchasing agent. Employees are to be aware of and follow the conflict-of-interest requirements stated below when working with potential vendors.
- An employee, employee's family member, and/or business with which the employee is associated shall not enter into a College or System contract valued at two thousand dollars (\$2,000) or more, in any one (1) year, unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. §49-14,102.
- An employee should not be involved in an advisory or decision-making capacity relating to College or System purchases where the employee, employee's family member and/or business has a financial interest.
- If an employee, the employee's family or a business with which the employee is associated has a financial interest directly, or indirectly in a College or System purchase the Vice Chancellor for Finance & Administration must review information regarding the financial interest and approve the terms of the purchase and/or contract in advance.

- Employees or employees' family members may not receive or accept, either directly or indirectly, by rebate, gift, or otherwise, any money or other specific item of value whatsoever, or any promise, obligation or contract for future reward or compensation from any vendor, person, firm, corporation or other entity which is conducting business with the College or System.
- For purposes of this Policy, a direct or indirect financial interest does not include de minimis holdings or transactions that are unlikely to influence, or appear to influence, the employee's decision making. A financial interest shall be considered de minimis if: the value of the interest in a publicly traded entity does not exceed \$5,000 in aggregate, including stock, stock options, or other ownership interests; and, the employee does not serve in a managerial, board, or executive capacity with the entity; and, the interest does not represent more than 1% ownership in the entity.

5.3 Disabled Veteran or Enterprise Zone Act Preference

- In accordance with state law, when a state contract is to be awarded to the lowest bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.
- Resident disabled veteran means any person who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service connected disability or a disability determination from the United States Department of Defense.

POLICY
NAME: Contracts and Agreements

POLICY
NUMBER: 6401

A. PURPOSE

To ensure that all situations involving a contract or agreement (hereinafter referred to as contracts) for acquiring services are clear and that the appropriate process is followed when entering into a contract. A contract is necessary whenever a legal relationship is established consisting of rights and duties that go beyond the sale transaction details.

B. DEFINITIONS

1. **Contract** - A written agreement between two or more parties creating legally enforceable obligations. Whether a document is titled as a contract, an agreement, a memorandum of understanding, or any other type of cooperative undertaking, any written arrangement wherein parties exchange value, such as the exchange of services for payment, is legally considered to be a contract. The relationship's legal status does not change just because the document is labeled as something other than a contract.
2. **Open Solicitation:** Consists of pursuing purchase prices which are secured by telephone calls, prices available online, or letters to potential vendors or from the vendors' published material.
3. **Informal Bids:** An Informal Bid is a written quote from a vendor which may include a facsimile quote or an email. Note that "proposals" and "quotes" have the same meaning as "bids" throughout this policy.
4. **Formal Bids:** Bids are secured from vendors by means of an advertised Request for Proposal (RFP). An RFP is a document that announces a project, describes the scope of the project, details criteria for bids, and solicits bids from vendors. A minimum of fifteen (15) calendar days shall elapse between the time the RFP is advertised and the time of the bid opening. Bids must be opened in the manner, time and date specified in the RFP. Electronic bids are only allowed when prescribed by the RFP.
5. **Emergency:** Any situation where it is necessary to enter into a contract to (a) avoid the loss of life, health, safety or property; (b) respond to time limits established by an external authority; (c) ensure the continuation of an essential

College service, function, utility, facility or (d) avoid, correct or repair a situation outside the control of the College including detrimental negligence or acts of an employee, natural or manmade disasters.

- 6. Revenue Sharing** – A financial arrangement where the parties agree to distribute a portion of the income generated from a specific activity, product, or service. Revenue sharing includes, but is not limited to commissions, royalties, profit sharing, or other forms of revenue distribution.

C. POLICY

1. Application of Policy

- Policy 6401 applies to all situations where there will be a contractual relationship or terms established in writing with a third-party except capital construction and facility maintenance and repair, and where the purchase of fixed facility equipment acquisitions will involve a contract, which fall under Policies 8064 and 8066.
- General consulting contracts in this policy exclude architect and engineer services agreements which are addressed in Policies 8064 and 8066.
- For contracts related to IT purchasing, consulting or services, refer to Policy 7018.
- Purchases of insurance are not subject to these bidding and contract requirements, instead refer to Policy 6608.

2. Contract Thresholds

Thresholds are determined based on the total contract amount for the initial term of the contract, not to include renewal periods. All contracts shall conform to the following thresholds for bidding and contract signature approvals.

2.1. All Contracts Except for Consulting Agreements and Revenue Sharing Contracts

- Contracts less than \$50,000
 - Signed by the President, Vice President for Administration and Finance (VPAF) or Vice President for Academic Affairs (VPAA). The VPAA's authority is limited to contracts referenced in Section 5.4
 - Open Solicitation applies when the contract will be less than fifty thousand dollars (\$50,000). If it is determined by the College or System Office that solicitation of bids for contracts costing less than fifty thousand dollars (\$50,000) would result in a lower cost or better service, Informal Bids may be secured in writing by facsimile quotes or emails.

- No contract is required for repair or maintenance services less than fifty thousand dollars (\$50,000) to moveable equipment, vehicles, and furnishings.
- From \$50,000 but less than \$150,000
 - Signed by the President, VPAF, or VPAA (limited per Section 5.4).
 - The contract is awarded using an Informal Bid process. If it is not possible to get three (3) bids, the process and reasons should be documented.
- From \$150,000 but less than \$300,000
 - Contract is awarded based on a Formal Bid process.
 - Signed by the President, VPAF, or VPAA (limited per Section 5.4).
- \$300,000 and above
 - Contract is awarded based on a Formal Bid process.
 - Requires Board approval or Board authorization for the Chancellor to approve.
 - Signed by the Chancellor, Vice Chancellor for Finance and Administration (VCFA) or General Counsel; and the President, VPAF, or VPAA (limited per Section 5.4).

2.2 General Consulting Contracts

- Contracts less than \$75,000
 - Signed by the President, VPAF, or VPAA (limited per Section 5.4).
 - Open Solicitation applies when the contract will be less than seventy-five thousand dollars (\$75,000). If it is determined by the College or System Office that solicitation of bids for contracts costing less than seventy-five thousand dollars (\$75,000) would result in a lower cost or better service, Informal Bids may be secured in writing by facsimile quotes or emails.
- From \$75,000 but less than \$150,000
 - Signed by Chancellor, VCFA or General Counsel; and the President, VPAF, or VPAA (limited per Section 5.4).
 - The contract is awarded using an Informal Bid process. A minimum of three (3) bids is necessary. If it is not possible to get three (3) bids, the process and reasons should be documented.
- \$150,000 or more
 - Requires Board approval or Board authorization for the Chancellor to approve.

- Signed by the Chancellor, VCFA or General Counsel; and the President, VPAF or VPAA.
- Contract is awarded based on a Formal Bid process.

2.3. Revenue Sharing Contracts

- Bidding Exemptions for Revenue Sharing Contracts
 - Educational partnership agreements do not have to be bid even if they include a revenue sharing component.
 - Contracts with vendors located within the state of Nebraska that include revenue sharing for goods and services or projects provided on-campus do not have to be bid.
 - Licensing agreements for the use of the College name, logo or marks do not have to be bid.
- All Other Revenue Sharing Contracts
 - Should utilize a Formal Bid process
 - Must have Board approval
 - Signed by the Chancellor, VCFA or General Counsel; and the President or VPAF..

3. General Bid Requirements

3.1. Minimum Number of Bidders

If services are to be purchased by the Formal Bid process, the College or System Office shall prepare standards and specifications for the RFP in such a manner it will be possible for three (3) or more vendors to submit bids. If bids are not submitted from three (3) bidders, bids may be accepted from a fewer number of bidders than three (3) upon documentation of the bidding process, including the companies contacted.

3.2. Bid Timelines

The RFP shall state the manner, day and time upon which bids shall be returned, received and opened.

3.3. Bid Preference

When a public bid is to be awarded to the lowest bidder, a Nebraska residential bidder shall be allowed a preference over a non-resident bidder from a state, which gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder. This provision shall not apply to any contract for any project upon which federal funds would be withheld because of such provisions.

3.4. Nondisclosure

No person in charge of any bids prior to the bid opening time shall open them prior to that time or otherwise disclose to any bidder the contents, amount, or other details of any rival bid.

3.5. Lowest Bidder

Purchases of services are generally made from the lowest bidder, taking into consideration the best interest of the College, the quality of the materials proposed to be supplied, conformity with specifications, the purposes for which required, and the times of delivery. In determining the lowest bidder, in addition to price, the College may develop criteria specific to a purchase or may give the following elements consideration when appropriate:

- The ability, capacity and skill of the bidder to meet the specifications;
- The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- Whether the bidder can meet the delivery expectations;
- The performance on past awarded bids;
- The previous and existing compliance by the bidder with laws relating to the contract;
- The life-cycle costs of the personal property in relation to the purchase price and specific use of the item;
- The performance of the materials, taking into consideration any commonly accepted tests and standards of product usability and user requirements; and
- Such other information as may be secured having a bearing on the decision to award the bid.

3.6. Bid Rejection

Any or all bids may be rejected, including the bid of any bidder who has failed to perform a previous contract with the Colleges. In any case, where Formal Bids are required and all bids rejected, and the proposed purchase is not abandoned, new bids shall be called for as in the first instance.

4. Exceptions, Emergencies, and Sole Sourcing

4.1. Exceptions to Bidding Requirements

The following are exceptions to the bid requirements. Documentation justifying the exception should be kept on file by the College or System Office:

- Purchasing services from a previously competitively bid government contract, including the State of Nebraska, the University of Nebraska System, or a multi-state compact contract. Competitively bid government contracts by non-government entities such as consortiums, organizations, and partnerships are also included.
- When pricing has been established by the federal General Services Administration.

- Placement of ads or advertising.
- Purchase of insurance as addressed in Policy 6608.
- Other exceptions include medical clinics and nursing services.

4.2. Emergency

Emergency purchases shall be documented by the College and submitted to the President or VPAF, for approval by the Chancellor. Chancellor approval of an emergency automatically includes the suspension of bidding requirements as appropriate for each emergency.

4.3. Sole Source

Documentation to purchase based on sole source without Informal or Formal Bids shall be documented by the College and approved by the President or VPAF, and given System Office approval by either the VCF or VCFA. A sole source purchase is when there is only a single feasible or sole source for the services. A single feasible or sole source exists when:

- Services are proprietary and only available from the company or a single entity.
- The same vendor/contractor of an installed pilot project system is required to install expansions to that system.
- Factory authorized maintenance services must be utilized in order to maintain a warranty or integrity of system.
- Only one (1) type of product or solution exists for a specific service.
- The services of a particular provider are unique, e.g. entertainers, authors, etc.
- Based on current research, it is determined that only a single entity services the region in which the services are needed.

4.4. Notwithstanding any other provisions of this Policy, the Chancellor is authorized to approve exceptions to established contract requirements when, in the Chancellor's sole discretion, such exceptions are determined to be in the best interests of the College or System Office. Any request under this section must be documented by the College and submitted by the President.

Exceptions may be approved under circumstances including, but not limited to:

- Strategic business opportunities;
- Situations in which strict adherence to standard contracting procedures would result in unreasonable delays, increased costs, or other adverse impacts to the College or System Office;

- Other exceptional circumstances determined by the Chancellor to warrant an exception, consistent with the System's fiduciary responsibilities and governing requirements.

Nothing in this Policy authorizes the Chancellor to waive or circumvent applicable federal or state statutes. The Chancellor shall ensure that any approved exception is reasonable and appropriately documented in writing, including the business justification for the exception. Approval of an exception under this provision does not establish a precedent for future agreements and shall be exercised sparingly and only when justified by the circumstances. Prior to approving an exception under this section, the Chancellor shall provide notice to the Board of the proposed exception and the business justification for the exception. Any contract subsequently approved under this section shall be reported to the Board.

5. Compliance Requirements

5.1. Contract Execution

No work should be performed under the contract until it has been signed by all parties. No contract, lease, or purchase agreement that requires approval by the Board or Chancellor shall be signed or finalized in any form until the Board or Chancellor has authorized the College to enter into the contract.

5.2. Contract Cancellation

Contracts can only be cancelled by individuals who are authorized to sign contracts on behalf of the College.

5.3. Non-Appropriation Clause

No contract may commit funds for a future fiscal year, unless specific funding has been identified in a Legislative appropriation bill or an appropriate cancellation clause has been inserted in the contract.

5.4. Contract Negotiation and Authorization

College departments are responsible for negotiating contracts prior to submission to the appropriate Vice President. The Presidents and VPAFs are primarily responsible for signing College contracts.*The VPAAAs may only sign contracts of an academic nature including, but not limited to, Academic Collaborations, Partnerships and Affiliations; Academic Transfer or Articulation Agreements; Academic Camps; Community Service and Service Learning; International Travel; Library Collections; academic events, speakers or activities; and work-based learning experiences, such as internships, practicums, clinical placements, student teaching, etc.

5.5. Chancellor Approval

The Chancellor can execute and sign a contract in place of the President, VPAF or VPAA for a College.

5.6. Contract Reporting

Contracts over one hundred fifty thousand dollars (\$150,000) and all subsequent change orders, addenda and amendments over fifty thousand dollars (\$50,000) shall be reported to the Board.

5.7. Contract Form

- The NSCS standard contract forms are to be used whenever possible. (See Contracts and Procurement found at www.nscs.edu.)
- In cases where there are no alternatives to using vendor contract forms, the applicable provisions of the appropriate NSCS form need to be incorporated into the contract.
- If an online user agreement (sometimes referred to as a “click-through agreement”) is required for a purchase, the terms and conditions are to be approved by the appropriate Vice President.

5.8. Independence and Conflict of Interest

- While an employee, as a prospective user, may informally seek information and confer with a vendor about services and product prices, negotiation for purchases of services and products must be done in compliance with the College and Board policies.
- The principal purchasing agent shall retain responsibility for assuring compliance with procurement procedures.
- If correspondence is carried on between a prospective user and a vendor, copies of such correspondence shall be included, along with other price documentation accompanying a purchase order, to the extent determined appropriate by the principal purchasing agent. Employees are to be aware of and follow the conflict-of-interest requirements stated below when working with potential vendors.
- An employee, employee’s family member, and/or business with which the employee is associated shall not enter into a College or System contract valued at two thousand dollars (\$2,000) or more, in any one (1) year, unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. §49-14,102.
- An employee should not be involved in an advisory or decision-making capacity relating to College or System purchases where the employee, employee’s family member and/or business has a financial interest.
- If an employee, the employee’s family or a business with which the employee is associated has a financial interest directly, or indirectly in a College or System purchase the VCFA must review information

regarding the financial interest and approve the terms of the purchase and/or contract in advance.

- Employees or employees' family members may not receive or accept, either directly or indirectly, by rebate, gift, or otherwise, any money or other specific item of value whatsoever, or any promise, obligation or contract for future reward or compensation from any vendor, person, firm, corporation or other entity which is conducting business with the College or System.
- For purposes of this Policy, a direct or indirect financial interest does not include de minimis holdings or transactions that are unlikely to influence, or appear to influence, the employee's decision making. A financial interest shall be considered de minimis if: the value of the interest in a publicly traded entity does not exceed \$5,000 in aggregate, including stock, stock options, or other ownership interests; and, the employee does not serve in a managerial, board, or executive capacity with the entity; and, the interest does not represent more than 1% ownership in the entity.

5.9. Threshold Adherence

All services shall be bid as a single whole item. In no case shall services be divided or broken up to produce several smaller contracts, which are each of an estimated value below a particular threshold bidding requirement.

5.10. Disabled Veteran or Enterprise Zone Act Preference

- In accordance with state law, when a state contract is to be awarded to the lowest bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.
- Resident disabled veteran means any person who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense.
- The resident disabled veteran must own and control a business or, in the case of a publicly owned business, more than fifty percent (50%) of the stock must be owned by one (1) or more persons that meet the definition of a resident disabled veteran. The management and daily business operations of the public business must also be controlled by one (1) or more persons meeting the definition of resident disabled veteran.

5.11. Federal Funding

When services are purchased with federal funds, federal purchasing requirements must also be followed. For those purchases meeting the federal definition of a “covered transaction”, the purchaser shall verify that the potential vendor has not been suspended or debarred.

6. Contracts Delegated to Colleges or System Office

The following contracts do not require review and approval by the Board or the Chancellor, but must adhere to approval and bidding requirements, if appropriate:

- Any contracts that establish placements for students to complete work-based learning experiences, such as an internship, practicum, clinical placement, student teaching, etc.
- Any community service and service-learning contract.
- Any Northeast Nebraska Teacher Academy agreement (NENTA).
- Any articulation agreement to determine course equivalencies in accordance with Board Policies.

7.2 Educational Partnerships

- All contracts establishing collaborative, educational partnerships, and international study abroad trips require Board approval. Contracts, Memorandum of Understandings, or Agreements establishing collaborative, educational partnerships between the Colleges and external entities must be approved in advance by the Board and signed by the Chancellor.

- Contracts related to international study abroad trips are considered educational partnerships and must be approved in advance by the Board.

7.3 Food Service and Bookstore Contracts

All external food service and bookstore contracts require Board approval in advance, per Policies 9300 and 9500.

8. Consultant Contract Guidance

The Board recognizes the value and financial savings that may accrue from the use of experienced consultants to the Board, staff and faculty on special aspects of College and System Office programs. Since no College can include in its personnel appointments all the highly qualified and widely experienced people on all phases of College or System Office operations, the Board will therefore contract from time to time, as appropriate, with individuals or groups for special consulting services.

8.1. CPA Firms, Lobbyist and Search Consultants

The hiring and retention of personnel,, hired for a duration greater than five (5) days for any College or the System Office, shall be approved by the Chancellor. Board of Trustees of the Nebraska State Colleges

Business and Finance

POLICY
NAME: Sponsorships

POLICY
NUMBER: 6405

A. PURPOSE

To provide the parameters of College sponsorship agreements.

B. DEFINITIONS

1. **Sponsorship** – A form of financial support provided by a business or organization to the College in exchange for promotional benefits that are mutually beneficial. Sponsors provide financial assistance or in-kind services and in return they receive advertising visibility, or other promotional advantages. Sponsorship agreements are unique from grants which are outlined in Policy 6704.

C. POLICY

1. Sponsorships

The Board recognizes that many College activities provide potential sources of revenue or other in-kind benefits through legitimate and worthwhile opportunities for sponsorships.

1.1. Sponsorship Payment

The Colleges must have a written agreement with a sponsor to receive payment in support of College activities and provide reciprocal benefits to the sponsor. College activities may include, but are not limited to, academic related events, athletic events, performances, presentations, equipment, radio station operations and camps. The reciprocal benefits must be in accordance with IRS regulations for qualified sponsorships. Any printed or verbal acknowledgements are limited to the sponsor's name, contact information, regularly used logo and slogan, and/or neutral product or service descriptions. A qualified sponsorship agreement expressly excludes price information, qualitative/comparative statements, calls to action, or displays in regularly printed materials not connected with a specific event. All sponsorships shall:

- Be qualified sponsorship payments in accordance with the definition provided in this policy;

- Have an appropriate financial commitment on the part of the sponsor in order to offset any administrative burden and/or expense associated with the sponsorship;
- Comply with all other policies of the Board;
- Not unduly advance the interests of one non-College entity or organization over another;
- Be conducted in a manner consistent with the NSCS mission and values; and,
- Reflect positively on the College and the NSCS.

1.2. Sponsorship Revenue

Revenue from sponsorships shall be deposited in the appropriate accounts in the College's cash funds. One exception to this is that sponsorship revenue designated by the College for student scholarships shall be deposited in or transferred to the College's Trust Funds and shall only be used for student scholarships.

1.3. Sponsorship Advertising Locations

2. Setting Base Tuition Rates

The Board will advocate sufficient funding from the state to maintain affordable tuition so more citizens can avail themselves of the opportunity to attend college. Factors which may be considered in establishing tuition rates will include, but not be limited to availability of general funds, resource requirements of the Colleges, peer comparisons, consumer price index, higher education price index, availability of student financial assistance and changes in regional per capita income.

2.1. Guidelines

When setting the rates, the following will be used as guidelines:

- There will be one rate for undergraduate and one rate for graduate online courses. The graduate rate will generally be set at approximately one hundred twenty-five percent (125%) of the undergraduate rate. However, special undergraduate and/or graduate online rates may be established by the Board for specific programs. In addition, the differential between undergraduate and graduate may vary in years where extenuating circumstances arise that warrant an adjustment to either rate.
- In recognition of the value of a diverse student population and the fact that the Colleges' service regions that extend beyond the Nebraska borders, non-resident undergraduate tuition may be set at the same rate as the undergraduate resident rate and non-resident graduate tuition may be set at the same rate as the graduate resident rate.

2. **Academic Session:** All academic sessions offered within the Summer Term, as well as all Fall and Spring academic sessions with begin and/or end dates that differ from the official Fall and Spring semesters. They are usually shorter in length, such as five to eight weeks.
3. **Academic Term:** The officially established timeframes built into the Nebraska Student Information System (NeSIS) and identified as Fall Term, Spring Term, and Summer Term, within which all academic sessions and semesters are scheduled and courses offered.
4. **Administrative Action:** An action taken by academics, registrar, financial aid, student affairs, or student accounts that was not initiated by a student.
5. **Administrative Drop:** Administrative action taken to drop a student from one or more courses after the add/drop period is over, which results in the course(s) being retroactively dropped from the student’s schedule and no tuition and fees are charged.
6. **Administrative Withdrawal:** Administrative action taken to withdraw a student from all courses in which the student is enrolled for any current or future academic term after the add/drop period is over. This action is taken primarily due to disciplinary issues, failure to pay, or extenuating circumstances that require the student to be disenrolled from all College courses.
7. **Course Add/Drop Period** The course add/drop period runs from the first day of the academic session through 6% of the length of the academic session. Percentages that are at or above .45 will be rounded up to the next whole number.

For the regular academic semester, the add/drop period runs from the first day of the semester through day seven (7), which is Sunday.

8. **Refund** – The amount to be credited on a student's account or returned to the student related to various actions that impact tuition, fees, housing and food plan costs.
9. **Student Action:** An action initiated by the student related to their enrollment.

11. **Student Withdrawal:** Student goes through the College's formal process to withdraw from all courses in which they are enrolled.

C. POLICY

1. Dropped Courses

1.1. 100% Refund Period

The refund calculation for a dropped course uses the start and end date for the course to determine the total number of days, and then establishes the 100% refund at the 6% point of course days. Percentages are rounded up based upon the decimal being at or above 0.45.

1.2. 50% Refund Period

The refund for dropped courses occurring after the 6% point of the course days through the 12% point, will be at 50%. Percentages are rounded up based upon the decimal point being at or above 0.45.

2. Student or Administrative Withdrawal

2.1. Prior to Start of Academic Term or Session

Students that withdraw or are administratively withdrawn from all courses they are enrolled in prior to the start of the academic semester or academic session will have all tuition, fees, housing and food plan charges removed from their account without penalty.

2.2. After Academic Term or Session Starts

- Tuition and fees will be prorated through 60% of the session excluding breaks of five days or more, including weekends (Where classes end on a Friday and do not resume until Monday following a one-week break, both weekends (four days) and the five weekdays would be excluded from the calculation, for a total of nine days). After the 60% point, no refund is available to the student.
- Housing refunds will also be prorated through 60% of the term using the start and end dates to calculate the proration, and the final checkout date to calculate the refund.

- Food service refunds will be prorated through 60% of the term using the start and end dates to calculate the proration, and the Sunday following the date of withdrawal as the date to calculate the refund.

2.3. Administrative Withdrawal for Nonpayment

A student withdrawn for nonpayment shall have all student tuition and fees removed from their account and will have their room and food plan prorated.

3. Student Breaks Housing Contract

Students that are required to fulfill the College's live-on requirement cannot break their housing contract or their food contract. For students that are not required to live on campus and break their housing contract, but still attend school, housing is prorated, through 60% of term using the start and end dates to calculate the proration, plus student may pay a penalty, after the 60% point, no refunds and no penalty.

3.1. Student Breaks Housing Contract Prior to Start of Academic Semester

The penalty for breaking the housing contract would be as follows:

- Fall and Spring Term: Cancel prior to June 1 - No penalty; June 1 through June 30 - \$300 penalty; July 1 and after - \$600 penalty.
- Fall Term Only: Cancel prior to June 1 - No penalty, June 1 through June 30 - \$150 penalty, July 1 and after - \$300 penalty.
- Spring Term Only: Cancel prior to November 1 - No penalty, November 1 through November 30 - \$150 penalty, December 1 and after - \$300 penalty.

3.2. Student Breaks Housing Contract During Academic Semester

The penalty for breaking the housing contract would be as follows:

- Fall or Spring Term: Prorate housing charges through 60% of the academic semester based on check out date plus a \$300 penalty. After the 60% point, no penalty, and no refunds.

4. Student Breaks Food Plan Agreement

Students that are required to fulfill the College's live-on requirement cannot break their housing contract or their food contract other than through a student or administrative withdrawal. For students that are not required to have a food plan, and choose to break their contract, the following refund policies will apply:

4.1. Student Breaks Food Plan Contract Prior to Start of Academic Semester

The student will receive a full refund with no penalty if they break their food contract prior to the start of the academic semester.

4.2. Student Breaks Food Plan Contract During the Academic Semester

Students can only make food plan changes or cancel during the first two weeks of classes for fall and spring terms with no penalty, after that no refunds, food plans can only be changed to bigger plans. Food plans are prorated using full week for first two weeks.

5. Extenuating Circumstances

The Colleges retain discretion on how to handle refunds for tuition and fees, housing and food plans for student emergencies and other extenuating circumstances upon approval of the appropriate offices. The refund would not be less than is provided to other students when considering the timeframe.

POLICY
NAME: Indemnification and Legal Defense

POLICY
NUMBER: 6607

A. PURPOSE

The purpose of this policy is to set forth the scope of the State of Nebraska's responsibility to indemnify and provide legal defense for members of the Board of Trustees, any officers and employees of the Board and of any State College.

B. DEFINITIONS

None

C. POLICY

1. Indemnification

- 1.1. To the extent authorized by law, the State of Nebraska will indemnify members of the Board or any officer or employee of the Board or of any State College including past Board members, officers and employees for money damages and reasonable costs incurred as a result of an act or omission occurring in the course and scope of such individual's duties for or employment with the Board or any State College. Such individual's right to indemnification shall include the payments of awards, settlements, and associated costs, including appeal bonds and reasonable costs associated with a required appearance before any tribunal. Such individual's right to indemnification shall not exceed the amount subject to collection by a party directly against such individual. The provisions of this policy shall not apply in the case of malfeasance in office or willful or wanton neglect of duty. The provisions of this policy shall not be interpreted as an expansion of the personal liability of any such individual or as an obligation that the Board initiate legal action on behalf of any Board member, officer, or employee.
- 1.2. The Board may maintain insurance coverage on behalf of the Board and employees of the State Colleges to provide defense and indemnification with respect to liabilities discussed hereunder. If such insurance is

provided, the Board strongly encourages individuals seeking indemnification, to first request legal representation from the Board.

2. Legal Defense Provided by the Board

- 2.1. If any civil action is brought against any member of the Board or any officer or employee of the Board or of any State College, such individual may request that the Board provide legal counsel if such civil action is based in fact on an alleged act or omission in the course and scope of the individual's duties or employment. Such request shall be made in writing to the Chancellor. At its discretion, the Board may arrange for the legal defense of the requesting individual unless after investigation it is found that the claim or demand does not arise out of an alleged act or omission occurring in the course and scope of such individual's duties or employment or that the act or omission complained of amounted to malfeasance in office or willful or wanton neglect of duty, in which case the Board shall give the requesting individual written notice that the request for legal counsel in defense of the claim has been rejected.
- 2.2. Any such individual against whom a claim is made which is not rejected by the Board pursuant to 2.1 shall cooperate fully with the legal counsel provided for in the defense of such claim. If such individual does not cooperate or otherwise acts to materially prejudice the defense of the claim or the appearance, such legal counsel may be withdrawn.
- 2.3. If the request for legal counsel is rejected or if it is established by a judgment ultimately rendered on the claim that the act or omission complained of was not in the course or scope of employment or amounted to willful or wanton neglect of duty, no public money shall be paid in settlement of such claim or in payment of any judgment against such individual. The rejection of a request for legal counsel shall not prejudice the defense that the claim arose out of an alleged act or omission occurring in the course and scope of such individual's duties or employment or that the act or omission complained of did not amount to malfeasance in office or willful or wanton neglect of duty. If such individual is successful in asserting such defense, they shall be indemnified to the extent authorized by law for the reasonable cost of defending the claim.
- 2.4. If such individual has been defended by legal counsel provided by the Board, the Chancellor and such other individuals whose involvement is necessary and proper may formulate procedures to implement this policy and coordinate the processing of claims under this policy with insurance and risk management practices.

3. Legal Defense Provided by the Attorney General

- 3.1. If any civil action is brought against any member of the Board or any officer or employee of the Board or of any State College, such individual may file a written request for legal counsel with the Attorney General asserting that such civil action is based in fact on an alleged act or

omission in the course and scope of their duties or employment. The individual seeking legal counsel shall provide a copy of the written request to the Chancellor at the time the request is filed with the Attorney General. The Attorney General shall appear and defend or represent the requesting individual unless after investigation it is found that the claim or demand does not arise out of an alleged act or omission occurring in the course and scope of such individual's duties or employment or that the act or omission complained of amounted to malfeasance in office or willful or wanton neglect of duty, in which case the Attorney General shall give the requesting individual written notice that the request for legal counsel in defense of the claim has been rejected.

- 3.2. Any such individual against whom a claim is made which is not rejected by the Attorney General pursuant to 3.1 shall cooperate fully with the Attorney General in the defense of such claim. If the Attorney General determines that such individual has not cooperated or has otherwise acted to prejudice the defense of the claim or the appearance, the Attorney General may at any time reject the defense of the claim or representation before the tribunal.
- 3.3. If the Attorney General rejects the defense of a claim or if it is established by a judgment ultimately rendered on the claim that the act or omission complained of was not in the course or scope of employment or amounted to willful or wanton neglect of duty, no public money shall be paid in settlement of such claim or in payment of any judgment against such individual. Such Action by the Attorney General shall not prejudice the right of the individual to assert and establish as a defense that the claim arose out of an alleged act or omission occurring in the course and scope of such individual's duties or employment or that the act or omission complained of did not amount to malfeasance in office or willful or wanton neglect of duty. If such individual is successful in asserting such defense, they shall be indemnified to the extent authorized by law for the reasonable cost of defending the claim.
- 3.4. If such individual has been defended by the Attorney General and it is established by the judgment ultimately rendered on the claim that the act or omission complained of was not covered by Neb. Rev. Stat. §81-8,239.05, the judgment against that individual shall provide for payment to the state of the state's costs, including a reasonable attorney's fee.

Each employee must also recognize this commitment and should show the highest degree of concern for the safety of fellow employees, students, and the general public.
- 1.2. To promote safety and prevent loss of assets or personal injury, the State Colleges will utilize an enterprise risk management approach to embed risk management into the culture and operations of the State Colleges, and its strategic planning, activity planning, and resource allocation. The Board will periodically reassess the State College System's risk management approach.
- 1.3. The State Colleges will remain alert to all opportunities for cooperative action with other institutions or agencies of the State that promote mutual benefits in handling risks that are not readily insured or safely retained.
- 1.4. The Chancellor is responsible for the coordination of the State College enterprise risk management and insurance management program, including:
 - Mechanisms for identifying, assessing, and prioritizing risks and

- Appropriate means to eliminate, abate, transfer, or retain, identified risks.
- 1.5. Each President is responsible for designating a staff person responsible for developing and implementing the enterprise risk management strategies for each operational unit of the College, including but not limited to academic affairs, facilities, finance and administration, information technology, and student affairs.

2. Insurance

- 2.1. Risks resulting in losses which cannot be eliminated or realistically assumed by the State Colleges should be transferred by purchase of insurance. The State Colleges are capable of assuming limited and predictable risks of financial loss. The Board will not attempt to insure against these foreseeable and bearable risks, if alternatives can be achieved with due regard for sound business practices.
- 2.2. All insurance procured for the System or a State College, the limits of liability for casualty protections, and the establishment of deductibles on property and casualty protection shall be coordinated through the System Office. 3. Claims

When a claim is filed by a student, employee, or campus visitor, the College shall contact the System Office (Vice Chancellor for Employee Relations and General Counsel or Vice Chancellor for Student Affairs and Risk Management) and provide a copy of the Colleges' security report related to the incident. After a review of the information provided, the College will be advised by the System Office about the proper filing of the claim, either with the insurance company or the State of Nebraska State Claims Board.

POLICY NAME: Grants & Service Agreements

POLICY NUMBER: 6704

A. PURPOSE

To document the process of applying for and accepting grants or entering into service agreements where the College will perform services for a third party.

B. DEFINITIONS

1. **Grant** – A financial award provided to the College or the System Office for a specific project or purpose. Grants are typically awarded based on a competitive application process, and recipients are expected to use the funds for the intended purpose outlined in the grant award. Grants are often given to support initiatives that align with the goals and priorities of the grantor, such as research, education, community development, or social impact. Importantly, grants do not involve a direct exchange of goods and services between the grantor and grantee. Grants are unique from sponsorship agreements which are outlined in Policy 6405.
2. **Service Agreement** – An arrangement between a College and another party where the College agrees to perform certain services and may be compensated for the services.

C. POLICY

1. Applying for Grants

The Colleges may seek support from non-state funds as available and as needed in their programs. Support may be from private, state or federal sources. Such support may be for current educational and general purposes, student loans, student employment, student grants-in-aid, research projects, capital outlay or other purposes.

Such funds will be sought and used only to the extent that the funds are not restricted in any way that interferes unduly with College or Board objectives and operational procedures.

2. Grant Application Approvals

2.1. Chancellor Approval

Applications for all grants shall be reviewed in advance by the Chancellor prior to the submittal of the application when possible. In cases where timing makes prior approval by the Chancellor impossible, the application will be submitted to the Chancellor for consideration as soon as possible thereafter. No grant may be accepted without approval of the grant application. Once the Chancellor has approved the application, the College will be notified, and the System Office will report the application to the Board at the next meeting.

2.2 Board Approval

Applications for grants which a) have as part of the agreement the obligation to accept fiscal responsibility in future years or b) which require maintenance of effort shall be approved by the Board prior to submittal of the application when possible. In cases where timing makes prior approval by the Board impossible, the application will be submitted to the Board for consideration as soon as possible thereafter. No grant award requiring Board approval may be accepted prior to Board approval.

2.3 Grant Details

Information provided to the Board and Chancellor relative to a grant application will include:

- Name of granting agency
- Purpose of grant
- Dollar amount being sought and source(s) of all funds
- Number of new positions to be funded from grant
- Amount of matching funds required
- Amount of in-kind funds required
- Source and amount of any other revenue obtained for the grant activity
- Time period of grant

2.4 Reporting Awards

The Colleges will report all grant awards to the Board at the next regularly scheduled Board meeting.

3. Service Agreements

The Colleges may enter into service agreements with third parties to perform services and may receive payment in connection with the services. There are various types of service agreements:

- Any agreement relating to the staging or performance of any cultural, artistic, musical, scholarly, or recreational event (at home or away) involving payment to the College.
- Any agreement where services are provided to an external party, including, but not limited to, instruction, consulting, planning, technical assistance or program development courses.

3.1. Reporting Service Agreements

The Colleges will report service agreements that have a total value of \$25,000 or more over the term of the agreement, at the Board meeting following approval of the agreement. The report shall include the name of the third party, the service to be rendered by the college, the terms of the agreement, and the total amount to be paid by the third party.

NSCS Technology Resources provided by the Colleges and the System Office are to be used for the sharing of knowledge, collaborative efforts, and completion of job or volunteer duties within the NSCS educational, research and public service missions. This Policy governs the use of NSCS Technology Resources.

The requirements in this Policy must be followed by all users of College networks including all use of any other networks that are accessed through an NSCS connection. The requirements in this Policy apply to all users including NSCS employees (including student employees), volunteers, authorized contractors and guests. Users that violate this Policy may be subject to denial of access and disciplinary action.

B. DEFINITIONS

- 1. Technology Resources:** Technology Resources include, but are not limited to, all NSCS-owned, operated, leased, outsourced, or contracted computing, networking, telephone, communication devices, and software that have a primary function related to the collection, transfer, storage, or processing of data. Equipment includes classroom and office equipment, including, but not limited to, computers, printers, monitors, keyboards, servers, drives, switches, routers, network cables, and software licenses used to display or print data; information resources; all NSCS electronic information, including data, voice, and video; all NSCS data, voice, and video networks; all NSCS application systems and software used to conduct campus business; and all NSCS-connected assets.
- 2. Users:** Users include all NSCS employees (including student employees), volunteers, contractors and guests who are authorized and have been granted access to NSCS Technology Resources.

C. POLICY

1. Access and Credentials

- 1.1. Users may only gain access to NSCS Technology Resources by use of College issued credentials.
- 1.2. NSCS follows the principle of least privilege in granting permission to NSCS Technology Resources. User access to NSCS Technology Resources does not imply that other users have the same access. It is the responsibility of each user to ensure that no unauthorized uses or disclosures occur.
- 1.3. Acceptance of any credentials (i.e. username/password, ID card or token, PIN, etc.) that provide access to NSCS Technology Resources shall constitute an agreement on behalf of the user to abide and be bound by the provisions of this Policy. Access to NSCS Technology Resources is a privilege, not a right. Every user is to be responsible for the integrity of the system, respect for the rights of other users, the integrity of the physical facilities and controls, and all pertinent license and contractual agreements related to NSCS systems.
- 1.4. Users shall make reasonable efforts to safeguard their credentials. No user may allow unauthorized persons to access College or System Technology Resources, except in cases necessary to facilitate computer maintenance and repairs. When any employee terminates employment with the College or System Office, his or her credentials shall be denied further access to Technology Resources.

2. Inspection and Monitoring

- 2.1. All information created, stored, transmitted, or received on NSCS Technology Resources may be subject to monitoring. This includes anything published on the internet or the NSCS or College intranet.

Activity on NSCS Technology Resources may be monitored, logged, and reviewed by NSCS or College administrators, discovered in legal proceedings and/or disclosed through public record requests.
- 2.3. The NSCS reserves the right to monitor, manage, and/or deny network access to any device attempting to use an NSCS network. This action may be taken, without prior approval, to maintain the integrity of NSCS Technology Resources, to protect the rights of others authorized to access the network, or if misuse of NSCS Technology Resources is suspected.
- 2.4. The NSCS reserves the right to access data in a user's NSCS account or NSCS owned device if the NSCS has a legitimate business need to review such files. Inspection of a user's data shall not be deemed a violation of the user's privacy. Access and inspection will be taken only after obtaining approval from the Chancellor, President, or General Counsel.

- Only those administrators named by the respective NSCS or College Chief Information Officer as being directly responsible for the security of NSCS Technology Resources may use special privileges which permit the examination, copying or printing of files, programs, email, or other information in an account, without the individual's prior permission.
- The designated administrators may only use their special privileges in compliance with this Policy. If a user suspects that someone has attained access to his/her account, the incident should be reported to the respective NSCS or College Chief Information Officer immediately in order to initiate appropriate action.

3. User Responsibilities

- 3.1.** All users are expected to respect the privacy of other users and their data, and to respect the legal protection of programs, publications and data provided by copyright and licensing laws. BOARD POLICY

Identity Theft Prevention Program

The Board recognizes the importance of identity theft prevention. The Board also recognizes that the Colleges currently maintain certain “covered accounts” as defined by the Federal Trade Commission (FTC) that include loan programs and payment plans. In response to the FTC’s issuance of “Red Flag Rules”, each College will establish and maintain an Identity Theft Prevention Program that includes identification, detection, prevention and mitigation of identity theft risks. The programs should be periodically reviewed and updated to consider changes to the plan in response to the changing environment.

A Red Flag, as included in the FTC’s rules, and also included below, is defined as a relevant indicator of a possible risk of identity theft. The Identity Theft Program should include, at a minimum, the following sections:

- 1) Identification
In identifying Red Flags, each College should consider the types of covered accounts it offers and maintains, the methods it provides to open and access its covered accounts, and its previous experiences with identity theft.
- 2) Detection and Prevention
Each program should include consideration of the detection of Red Flags in connection with the covered accounts. The program should also include obtaining identifying information about, and verifying the identity of, a person opening a covered account. This information should then be used to authenticate customers, monitor transactions, and verify the validity of change of address requests.
- 3) Response
Each program should provide for appropriate responses to detected Red Flags to prevent and mitigate identity theft.

Each program should be reviewed and updated periodically to reflect changes in risks such as:

- *experiences with identity theft
- *changes in methods of identity theft
- *changes in methods to detect, prevent, and mitigate identity theft
- *changes in service provider arrangements

Each College shall submit its initial Identity Theft Program for approval by the Board. Thereafter, a copy of each College’s current program and annual report on compliance shall be kept on file at each College. Each College President, or designee, will be responsible for oversight of the Identity Theft Program at their College.

Information Technology and Security

POLICY NAME: Information Technology (IT) Purchasing and Services

POLICY NUMBER: 7018

A. PURPOSE

To ensure that the procurement of all types of technology resources including IT products, IT equipment, hardware, software, licenses, subscriptions and all services and consulting meet appropriate technology standards and established requirements.

B. DEFINITIONS

1. **Open Solicitation:** Consists of pursuing purchase prices which are secured by telephone calls, prices available online, or letters to potential vendors or from the vendors' published material.
2. **Informal Bids:** An Informal Bid is a written quote from a vendor which may include a facsimile quote or an email. Note that "proposals" and "quotes" have the same meaning as "bids" throughout this policy.
3. **Formal Bids:** Bids are secured from vendors by means of an advertised Request for Proposal (RFP). An RFP is a document that announces a project, describes the scope of the project, details criteria for bids, and solicits bids from vendors. A minimum of fifteen (15) calendar days shall elapse between the time the RFP is advertised and the time of the bid opening. Bids must be opened in the manner, time and date specified in the RFP. Electronic bids are only allowed when prescribed by the RFP.
4. **Information Technology (IT):** IT includes devices and software that have a primary function related to the collection, transfer, storage, or processing of data. Equipment includes classroom and office equipment used to display or print data. Computers, printers, monitors, keyboards, servers, drivers, switches, routers, network cable and software licenses, all fall within Information Technology. In addition, any device connecting to the campus network is defined as IT. This includes, but is not limited to, HVAC equipment, lighting fixtures, laundry machines, televisions, and cameras.
5. **Emergency:** Any situation where it is necessary to enter into a contract to (a) avoid the loss of life, health, safety or property; (b) respond to time limits established by an external authority; (c) ensure the continuation of an essential

College service, function, utility, facility, or computer/software system; (d) avoid, correct or repair a situation outside the control of the College including detrimental negligence or acts of an employee, natural or manmade disasters, and security or data compromise.

C. POLICY

1. Information Technology Purchases and Services

1.1. Technology Approvals

Security of data and requirements for NSCS Technology Resources need to be considered when employees make IT purchases. In accordance with Policy 7003, Standard 10: Technology Resources Acquisition, all employees must consult with the applicable College or System Office Chief Information Officer (CIO), **before** developing, purchasing or contracting for products, services and/or consulting that have implications for Technology Resource components, data security or technical support. This includes, but is not limited to, cloud services, communication systems, information storage and processing systems, software systems, hosted services, physical facilities related to such systems and contractual relationships with vendors of such systems and services.

2. Contracting and Purchasing Thresholds

Thresholds are determined based on the total contract amount for the initial term of the contract, not to include renewal periods. All purchases shall conform to the following thresholds for bidding and contract signature approvals.

2.1. All Purchases Except for IT Consulting Agreements

- Purchases less than \$50,000
 - Open Solicitation applies when the purchase will be less than fifty thousand dollars (\$50,000). If it is determined by the College CIO or VPAF, or the System Office CIO, that solicitation of quotes for purchases costing less than fifty thousand dollars (\$50,000) would result in a lower cost or better service, Informal Bids may be secured in writing by facsimile quotes or emails.
 - No contract is required for IT repair or maintenance services less than fifty thousand dollars (\$50,000) for IT systems and equipment.
 - Contracts signed by the President or Vice President for Administration and Finance (VPAF), or the Chancellor or General Counsel.
- From \$50,000 but less than \$300,000
 - The purchase is made using an Informal Bid process. If it is not possible to get three (3) quotes, the process and reasons should be documented.

- Contracts signed by the President or VPAF, or the Chancellor or General Counsel.
- \$300,000 and above
 - Purchase is made based on a Formal Bid process.
 - A Selection Committee will be formed. See Section 4 below.
 - Contracts require Board approval or Board authorization for the Chancellor to approve.
 - Contracts signed by the Chancellor, Vice Chancellor for Finance and Administration (VCFA) or General Counsel; and the President or VPAF.

2.2 IT Consulting Contracts

- Contracts less than \$75,000
 - Open Solicitation applies when the contract will be less than seventy-five thousand dollars (\$75,000). If it is determined by the College CIO or VPAF, or the System Office CIO that solicitation of quotes for contracts costing less than seventy-five thousand dollars (\$75,000) would result in a lower cost or better service, Informal Bids may be secured in writing by facsimile quotes or emails.
 - Contracts signed by the President or VPAF, or the Chancellor or General Counsel.
- From \$75,000 but less than \$150,000
 - The contract is awarded using an Informal Bid process. A minimum of three (3) quotes is necessary. If it is not possible to get three (3) quotes, the process and reasons should be documented.
 - Contracts signed by Chancellor, VCFA or General Counsel; and the President or VPAF.
- \$150,000 or more
 - Contract is awarded based on a Formal Bid process.
 - A Selection Committee will be formed. See Section 4 below.
 - Requires Board approval or Board authorization for the Chancellor to approve.
 - Contracts signed by the Chancellor, VCFA or General Counsel; and the President or VPAF.

3. Contracts Delegated to Colleges or System Office

The following contracts do not require review and approval by the Board or the Chancellor, but must adhere to approval and bidding requirements, if appropriate:

- Any contract for the purchase of IT supplies and commodities used in the regular course of business operations.
- Any IT contract for the purchase of a license to use a mailing list, email list, or similar list of contacts.
- Any contract for cable television and internet services.
- Any IT contract or change order or addendum associated with an emergency approved by the Chancellor.

4. Information Technology (IT) Selection Committee

4.1. Selection Committee for Formal Bid Process

- The project leader is responsible for determining the IT selection committee, which shall consist of at least two (2) other members from the College or System Office.
- Each IT selection committee will be responsible for the development of the Request for Proposal (RFP) specifications, requirements and criteria for proposal evaluation and ranking. The committee will evaluate proposals and select the best proposal based on application of the stated criteria and any additional information derived through interviews.
- The committee may also consider “best and final offers” to determine final selection and award of contract.

5. General Bid Requirements

5.1. Minimum Number of Bidders

If items or services are to be purchased by the Formal Bid process, the College or System Office shall prepare standards and specifications for the Request for Proposal (RFP) in such a manner it will be possible for three (3) or more manufacturers, vendors, or suppliers to submit Formal Bids. If bids or proposals are not submitted from three (3) vendors, they may be accepted from a fewer number of vendors than three (3), upon documentation of the RFP process including the companies contacted.

5.2. Bid Timelines

The RFP shall state the manner, day and time upon which bids or proposals shall be returned and received.

5.3. Nondisclosure

No person in charge of, or a selection committee member of, any RFP’s prior to the time fixed for receipt of proposals shall disclose to any vendor the contents, amount, or other details of any rival proposal.

5.4. Lowest Bidder

Purchases are generally made from the lowest bidder, taking into consideration the best interest of the College, the quality of the materials proposed to be supplied, conformity with specifications, the purposes for which required, and the times of delivery. In determining the lowest bidder, in addition to price, the College may develop criteria specific to a purchase or may give the following elements consideration when appropriate:

- The ability, capacity and skill of the bidder to meet the specifications;
- The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- Whether the bidder can meet the delivery expectations;
- The performance on past awarded bids;
- The previous and existing compliance by the bidder with laws relating to the contract;
- The life cycle costs of the personal property in relation to the purchase price and specific use of the item;
- The performance of the materials, taking into consideration any commonly accepted tests and standards of product usability and user requirements; and
- Such other information as may be secured having a bearing on the decision to award the bid.

5.5 Bid Rejection

Any or all bids or proposals may be rejected including the proposal of any vendor who has failed to perform a previous contract with the Colleges. In any case, where Formal Bids are required and all proposals rejected, and the proposed purchase is not abandoned, new RFP's shall be called for as in the first instance.

6. Exceptions, Emergencies, and Sole Sourcing

6.1. Exceptions to bidding and RFP Requirements

The following are exceptions to bidding and RFP requirements. Documentation justifying the exception should be kept on file by the College.

- Used IT items and equipment.
- Technology license renewals.
- Technology maintenance contracts.
- Library electronic subscription services and acquisitions.
- Purchasing from a previously competitively bid government contract, including the State of Nebraska, the University of Nebraska System, or a multistate compact contract. Competitively bid government contracts

by non-government entities such as consortiums, organizations, and partnerships are also included.

- When pricing has been established by the federal General Services Administration.

6.2 Emergency

Emergency purchases shall be documented by the College and/or System Office CIO and submitted by the President or VPAF to the System Office CIO and Chancellor for approval. Chancellor approval of an emergency automatically includes the suspension of bidding and RFP requirements as appropriate for each emergency.

6.3 Sole Source

A sole source purchase is when there is only a single feasible or sole source for the IT items, systems, equipment, or services. Documentation to purchase based on sole source without Informal or Formal Bids shall be documented by the College and/or System Office CIO and approved by the President or VPAF and then given System Office approval by the System Office CIO or Chancellor. A single feasible or sole source exists when:

- IT items, systems, equipment, or services are proprietary and only available from the vendor or a single entity and there are no similar items, systems, equipment, or services available that meets the requirements;
- IT items, systems, equipment, or services that must be compatible with the original equipment, systems, or services;
- The software or materials are copyrighted and are only available from the vendor or a single distributor; or
- Donors providing majority funding for an IT project may specify a particular vendor.

6.4 Notwithstanding any other provisions of this Policy, the Chancellor is authorized to approve exceptions to established contract and purchasing requirements when, in the Chancellor's sole discretion, such exceptions are determined to be in the best interests of the College or System Office. Any request under this section must be documented by the College and/or System Office CIO and submitted by the President or System Office CIO.

Exceptions may be approved under circumstances including, but not limited to:

- Strategic business opportunities;
- Situations in which strict adherence to standard contracting procedures would result in unreasonable delays, increased costs, or other adverse impacts to the College or System Office;

- Other exceptional circumstances determined by the Chancellor to warrant an exception, consistent with the System's fiduciary responsibilities and governing requirements.

Nothing in this Policy authorizes the Chancellor to waive or circumvent applicable federal or state statutes. The Chancellor shall ensure that any approved exception is reasonable and appropriately documented in writing, including the business justification for the exception. Approval of an exception under this provision does not establish a precedent for future contracts or purchases and shall be exercised sparingly and only when justified by the circumstances. Prior to approving an exception under this section, the Chancellor shall provide notice to the Board of the proposed exception and the business justification for the exception. Any contract subsequently approved under this section shall be reported to the Board.

7. Compliance Requirements

7.1 Purchasing Responsibility

- The responsibility for the purchasing, receiving, storing and distributing of all materials and supplies to support the activities and programs of each College and the System Office, unless otherwise provided, is delegated by the Board to the Presidents or to the Chancellor. The VPAF shall serve as the principal purchasing agent for the College and shall be responsible for the development and implementation of College processes and procedures which conform to the requirements of the Board.
- Should such processes and procedures include the appointment of a College purchasing agent and a decentralized purchasing function, responsibility for conformance with the College's and Board's requirements shall remain with the principal purchasing agent.

7.2 Independence and Conflict of Interest

- While an employee, as a prospective user, may informally seek information and confer with a vendor about services and product prices, negotiation for purchases of services and products must be done in compliance with the College and Board policies.
- The principal purchasing agent shall retain responsibility for assuring compliance with procurement procedures.
- If correspondence is carried on between a prospective user and a vendor, copies of such correspondence shall be included, along with other price documentation accompanying a purchase order, to the extent determined appropriate by the principal purchasing agent. Employees are to be aware of and follow the conflict-of-interest requirements stated below when working with potential vendors.

- An employee, employee's family member, and/or business with which the employee is associated shall not enter into a College or System contract valued at two thousand dollars (\$2,000) or more, in any one (1) year, unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. §49-14,102.
- An employee should not be involved in an advisory or decision-making capacity relating to College or System purchases where the employee, employee's family member and/or business has a financial interest.
- If an employee, the employee's family or a business with which the employee is associated has a financial interest directly, or indirectly in a College or System purchase the Vice Chancellor for Finance & Administration must review information regarding the financial interest and approve the terms of the purchase and/or contract in advance.
- Employees or employees' family members may not receive or accept, either directly or indirectly, by rebate, gift, or otherwise, any money or other specific item of value whatsoever, or any promise, obligation or contract for future reward or compensation from any vendor, person, firm, corporation or other entity which is conducting business with the College or System.
- For purposes of this Policy, a direct or indirect financial interest does not include de minimis holdings or transactions that are unlikely to influence, or appear to influence, the employee's decision making. A financial interest shall be considered de minimis if: the value of the interest in a publicly traded entity does not exceed \$5,000 in aggregate, including stock, stock options, or other ownership interests; and, the employee does not serve in a managerial, board, or executive capacity with the entity; and, the interest does not represent more than 1% ownership in the entity.

7.3 Disabled Veteran or Enterprise Zone Act Preference

- In accordance with state law, when a state contract is to be awarded to the lowest bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.
- Resident disabled veteran means any person who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service connected disability or a disability determination from the United States Department of Defense.

- The resident disabled veteran must own and control a business or, in the case of a publicly owned business, more than fifty percent (50%) of the stock must be owned by one or more persons that meet the definition of a resident disabled veteran. The management and daily business operations of the public business must also be controlled by one or more persons meeting the definition of resident disabled veteran.

7.4 Federal Funding

When purchases are made using federal funds, federal purchasing requirements must also be followed. For those purchases meeting the federal definition of a “covered transaction”, the purchaser shall verify that the potential vendor has not been suspended or debarred.

BOARD POLICY

The Board directs the State Colleges to establish goals and objectives for their facilities that promote the efficient, economic and environmentally responsible use of energy resources. Specific attention shall be paid to lighting options, window replacement, energy management systems, energy efficient heating and cooling systems, low maintenance plantings, caulking and weatherstripping doors and windows, insulating walls, ceilings and floors, and devices that utilize solar energy.

The State Colleges are encouraged to budget operational funds or to seek financial assistance from the Department of Energy to undertake projects which will result in significant energy savings and have a payback of 10 (ten) years or less. The Board authorizes the colleges to use those energy savings for additional energy savings measures; for one-time equipment purchases; and/or to support the operations of the institution.

The Board recognizes the cost savings that can be realized with the installation of energy conservation measures and encourages the State Colleges to obtain information on the possible use of energy financing contracts if operational funds or grant funds are not available. Such agreements may include, but are not limited to, performance contracts, shared savings contracts, guaranteed contracts and lease purchase contracts. The agreement shall be with an energy service company for the purpose of implementing one or more energy conservation measures in an existing facility in exchange for a portion of the energy cost savings produced. The energy service company shall be a person or business experienced in the implementation and installation of energy conservation measures. Procedures established in Nebraska RRS 66-106 shall be followed in soliciting energy financing contracts and all such agreements must be submitted to the Board for approval prior to their execution.

Alcoholic beverages may be served to individuals twenty-one years of age or older at specific alumni and community functions or at an event or program, such as a banquet, official entertainment or reception approved and hosted by the president, or his or her designee.

- The Colleges must comply with Nebraska statutes, and the rules and regulations promulgated by the Nebraska Liquor Commission relating to the consumption of alcohol.
- Food and nonalcoholic beverages shall also be available any time alcoholic beverages are served.

2. Alcohol Use in Academic Course

In approved academic courses where samples containing alcohol are being studied, but not consumed, students age 19 and above may possess and conduct experiments on samples using the standard operation procedures of the laboratory. The College may, at the discretion of the president, allow alcoholic beverages to be possessed and consumed by individuals twenty-one (21) years of age or older in conjunction with an approved academic course and curriculum. For example, a chemistry course addressing technical/chemical composition may be combined with wine tasting opportunities.

3. Alcohol Event Procedures

The following guidelines will be applicable to dispensing and consumption of alcoholic beverages at scheduled events on College property or at College sponsored events that occur off campus.

- The College is responsible for and shall control the dispensing of alcoholic beverages provided by a private individual, group or organization sponsoring or participating at an approved event.
- The duration of the event shall be restricted as specified by the president or his or her designee.
- The College may provide, for a fee, all services and set-ups.
- Unused quantities of alcoholic beverages will remain the property of the private individual, group or organization sponsoring or participating in the event.
- Only persons invited by the College to attend the event and necessary College personnel may be present at the event. All other persons shall be excluded.
- While the Colleges may not sell alcoholic beverages, under any circumstance, the president may authorize appropriately licensed vendors to sell alcoholic beverages at events.
- Each president may promulgate specific College policies further controlling and regulating the dispensing and consumption of alcoholic beverages at scheduled events consistent with this policy.

FACILITIES, NEBRASKA STATE COLLEGE SYSTEM

POLICY: 8036

Facilities; Planning for Technology

Page 1 of 1

BOARD POLICY

Information and instructional technology play an increasingly important role in the efforts of the Colleges to deliver programs which address institutional objectives in instruction, research, public service and support areas. In order for the Colleges to be prepared to utilize technology in the pursuit of such objectives, planning for facilities development must include consideration of the types of technology available at the time plans are developed and the types projected for the future, including computer-assisted instruction, virtual classrooms, electronically published library materials, computer-assisted facilities management and the like. All campus facilities, existing and planned for the future, must offer an environment which supports the installation and use of information and instructional technology capabilities in classrooms, laboratories, offices, libraries, physical plant and infrastructure. As plans are developed for the renovation of existing facilities or for the construction of new ones, the Colleges shall insure that design documents and specifications incorporate the components and features necessary to meet the technological requirements of the structure at the time of construction and for the foreseeable future. The College Chief Information Officer (CIO) or Director of Computer Services, shall be consulted during the development of the program statement, and throughout the design and construction of the project.

POLICY
NAME: Vehicle Parking

POLICY
NUMBER: 8042

A. PURPOSE

To regulate parking on College property.

B. DEFINITIONS

1. **The Americans with Disabilities Act (ADA)** - is a federal civil rights law that prohibits discrimination based on disability. The ADA also requires covered employers to provide reasonable accommodations to employees with disabilities and imposes accessibility requirements on public accommodations.

C. POLICY

1. Vehicle Parking and Regulations

The Presidents are authorized to establish and enforce rules and regulations concerning the parking and operation of vehicles upon College property.

2. Handicapped Parking

2.1. Designated Parking

When parking lots are constructed or renovated on a College property, each College is to designate the parking spaces for the exclusive use of handicapped or disabled persons. The number, type and placement of such spaces are to be in conformance with ADA. Each College shall identify the handicapped parking stalls with signage that is clearly visible to all employees, students and visitors of the college.

- Any person wishing to obtain a temporary or permanent handicapped parking permit must apply for a permit from the city or county clerk in the location in which the applicant resides.
- Distinguishing license plates, permits or other types of identification shall be required in order to occupy a handicapped parking space.

2.2. Authority

- On-street parking designations shall be coordinated with the appropriate city or county official.

3. Parking Fees and Fines

3.1 Parking Fees

The cost of a parking permit for employees and students will be approved by the Board each year as part of the tuition and fee process.

Board of Trustees of the Nebraska State Colleges

Facilities

POLICY NAME: Capital Construction; Budget Requests; Planning, Design and Construction Documents

POLICY NUMBER: 8060

A. PURPOSE

To define the term, Capital Construction Project, and to specify approval and reporting requirements for such projects. To provide a process for the Colleges to follow for submission of Capital Construction Budget Requests (CCBR), and to provide requirements for Capital Construction Project planning and construction documents.

B. DEFINITIONS

1. Capital Construction Project: For both state-supported and revenue bond facility projects, a *Capital Construction Project* is defined as a project estimated at two million dollars (\$2,000,000) total project cost and above, for renovation and new construction of programmatic spaces. This threshold does not include costs of the project attributed to fire and life safety upgrades, Americans with Disability Act (ADA) requirements, deferred repair and renewal work and utilities infrastructure, and energy conservation improvements. Majority funded LB 309 Task Force for Building Renewal projects, and Auxiliary Contingency Maintenance projects, are excluded regardless of project size. Campus site improvements are considered a *Capital Construction Project* when reaching the threshold stated above, after subtracting utilities infrastructure costs.

The Vice Chancellor for Facilities (VCF) determines whether a project qualifies as *Capital Construction Project* based on information provided by the College, and if applicable, by the project design consultants.

C. POLICY

1. Capital Construction Board Approval and Reports

- All projects meeting the definition of a *Capital Construction Project* will require Board approval, and subsequent quarterly status reports to the Board, per Board Policy 8050. Non-Capital Construction LB 309 Task Force and Auxiliary Contingency Maintenance projects are Board approved and reported per Board Policies 8050 and 9101.

- When a *Capital Construction Project* reaches two million dollars (\$2,000,000) or more in estimated total project costs for programmatic spaces, Board approval of a Program Statement is required. See *Section 4*. This Program Statement approval requirement applies also to biennial Capital Construction Budget Requests (CCBR) seeking *state general funds* equal to or greater than the established State Building Division (SBD) Program Statement requirement (currently eight hundred ninety-six thousand dollars [\$896,000] until January of 2026).

2. Capital Construction Budget Requests (CCBR)

- The CCBR is a biennial set of requests for state general funds, submitted by the Nebraska State College System (NSCS) to the state of Nebraska every September 15th of even numbered years. It includes requests for major renovation and new construction projects, as well as LB 309 Task Force for Building Renewal requests. It does NOT apply to revenue bond building or Auxiliary Contingency Maintenance projects. After the NSCS CCBR is approved by the Board, the System Office is responsible for submitting the NSCS CCBR to applicable state offices by the published state deadlines.
- CCBR preliminary information (not including LB 309 Task Force requests information) is due to the Vice Chancellor for Facilities (VCF) by December 1st of odd numbered years. This information is reviewed by the Fiscal, Facilities and Audit (FFA) Committee and the Chancellor. The CCBR preliminary information (excludes estimated costs and priorities) is submitted to the Board for approval at the subsequent January Board meeting.
- Detailed cost estimates and narratives of approved preliminary *Capital Construction Project* requests are submitted to the Vice Chancellor for Facilities (VCF) by March 31st of even numbered years. After review, the Chancellor and FFA Committee recommend the final NSCS CCBR, with priorities and total project costs, for approval at the subsequent June Board meeting. CCBR Program Statements must be approved by the Board no later than at the June Board meeting, unless an exception is allowed by the Vice Chancellor for Facilities.
- Program Statements approved two (2) years earlier or before do not need another approval by the Board, unless there is a change in scope as defined by the Coordinating Commission for Postsecondary Education (CCPE), and as determined by the Vice Chancellor for Facilities (VCF). Simple adjustments of project budgets to account for inflation can be made without modifying the Program Statements when these adjustments are accounted for in the final NSCS CCBR as approved by the Board.
- When a CCBR request is a major utilities or infrastructure project, which does not propose renovations or additions to programmatic spaces, an engineering study may be submitted to the state in place of a Program Statement. Engineering studies do not require Board approval, but are used as Board information to approve a utilities infrastructure project in the NSCS CCBR.

3. Need Statements

- A Need Statement is a planning document for renovation or new construction of programmatic spaces when a Program Statement is not required. For any CCBR renovation or addition project (excluding LB 309 Task Force requests) when the estimated total project cost is below the SBD Program Statement threshold stated in *Section 1*, only a Need Statement is required to be submitted with the CCBR.
- Need Statements do not require Board approval, but are used as Board information for approving CCBR project requests, or for approving *Capital Construction Projects* that do not meet a requirement for a Program Statement.
- The Need Statement template can be found on the NSCS website by clicking here <https://www.nscs.edu/information-for/system-resources/facilities-projects>.

4. Program Statements

- A Program Statement is a planning document for renovation or new construction of programmatic spaces that details the scope of the proposed space modifications and associated construction and provides a thorough total project budget estimate. Program Statements are typically developed by architecture/engineering consulting firms using program and facilities information provided by the College. Program Statements are required for Board approval of *Capital Construction Projects* per *Section 1*.
- When preparing a Program Statement, see also the requirements of *Board Policy 8036; Facilities; Planning for Technology*.
- Program Statements are presented by the project design consulting firm to the Board for the purpose of obtaining Board approval. This Program Statement presentation and approval item may be combined with the Design Development for the project when necessitated by the project schedule and when funding for construction is imminent. See *Section 6* for Design Development documents phase.
- The Vice Chancellor for Facilities (VCF) is responsible for submitting Program Statements to applicable state offices for review, and to the CCPE for approval.
- The Program Statement template can be found on the NSCS website by clicking here <https://www.nscs.edu/information-for/system-resources/facilities-projects>.

5. Schematic Design

- The Schematic Design phase typically starts once adequate funding for the project is in place, and this phase is intended to validate or modify Program Statement assumptions, consider alternative design layouts, and eventually

arrive at schematic floor plans, building elevations, and other final Schematic Design documents before proceeding to the Design Development phase.

- The project design team comprised of College and System Office personnel, and others as appropriate, approves the final Schematic Design documents based on consistency with the Program Statement and total project cost budget.

6. Design Development

- The Design Development phase refines and elaborates on the Schematic Design documents and creates drawings that serve as a basis for the development of construction bid documents. Programmatic spaces, floor plans and building elevations are modified and updated based on more defined design requirements, and further refinement of construction systems and materials.
- For any *Capital Construction Project* that requires a Program Statement, the final Design Development documents for that project also require presentation to the Board, using the same procedures as described in *Section 4*, and may be combined with the Program Statement presentation/Board approval item, per that same section.
- The Design Development document template can be found on the NSCS website by clicking here <https://www.nscs.edu/information-for/system-resources/facilities-projects>.

7. Construction Documents

- Once the Design Development documents are approved by the Board, construction documents are developed for the purpose of obtaining bids. For *Construction Manager at Risk* projects, the bids are used to establish the *Guaranteed Maximum Price (GMP)*. For additional information, see *Board Policy 8071*. Reviewing and approving construction documents are delegated to the project's design team described in *Section 5*.

For additional guidance on *Board Policy 8060* and *Capital Construction Projects*, click here <https://www.nscs.edu/information-for/system-resources/facilities-projects>.

For specific construction bidding applicability, contracts guidance, and procedures, see *Board Policy 8064; Capital Construction, Facility Maintenance and Repair Contracts, and Board Policies 8066, 8067, and 8071*.

For completion of *Capital Construction Projects*, see *Board Policy 8069; Capital Construction; Inspections; Substantial Completion; Final Completion*.

C. POLICY

1. Contracting and Fixed Equipment Acquisition Thresholds

All contracts and fixed equipment acquisitions shall conform to the following dollar thresholds and bidding process.

1.1 Less than \$50,000 – Bids not required

2. Project and Contract Approvals

2.1. Approval of Projects

- No capital construction, maintenance or repair contract may commit funds for a project until the funds have been identified and approved by the Board, with the exception of Task Force for Building Renewal 309 funds.
- While Task Force projects must follow all other requirements in this Policy, unless otherwise noted, 309 funding does not have to be accepted by the Board prior to committing funds in accordance with this Policy.
- For state funded projects, the appropriation must have been received before construction contracts are submitted for approval.
- For revenue bond projects, bond proceeds or surplus funds must be available, and their expenditure approved by the Board before construction contracts are executed.
- Before a construction contract on a Capital Construction project is approved and executed, private or grant dollars committed to the project must be in-hand, or guaranteed in writing by the College, a college foundation, donor, or funding entity.

2.2 Contracts and Change Orders for College Approval and Execution

The President or Vice President for Administration and Finance (VPAF) is delegated the responsibility for bidding, negotiating, and signing on behalf of the Board the following types of construction contracts and any related change orders/addenda.

- Any contract for the construction, alteration, renovation, remodeling, repair, or demolition of any building or other improvement to real property, under which payment by the College will be less than three hundred thousand dollars (\$300,000).
- Contracts with architects or engineers or consultants where the fee will be less than one hundred fifty thousand dollars (\$150,000).

- Once approved by the Board (or the Chancellor per 2.4 below), the construction or maintenance contract shall be signed by the President or VPAF, and then by the Chancellor, Vice Chancellor for Finance and Administration (VCFA) or General Counsel. A contract signed by the vendor should be available for execution at the Board meeting when approved.

2.4 Board Approval Exception: Chancellor Authorization to Approve and Sign Contracts and Change Orders

If approval of any construction or maintenance contracts and change orders are critical to the schedule of the project, the Chancellor is authorized to approve and sign these contracts and change orders at the following thresholds.

- The Chancellor shall be authorized to approve construction and maintenance contracts of three hundred thousand dollars (\$300,000) or more, so long as the Board has authorized the project and compliance with all specifications, bidding and contract procedures has taken place. Notification of these approvals shall be provided as an information item to the Board at a subsequent meeting.
- The Chancellor shall be authorized to approve engineer or architect contracts of one hundred fifty thousand dollars (\$150,000) or more, so long as the Board has authorized the project and compliance with all consultant selection procedures has taken place. Notification of these approvals shall be provided as an information item to the Board at a subsequent meeting.
- If approval of a contract, change order or addenda requires immediate action, the Chancellor has the option of approving it as an emergency similar to 4.2 below. Such approved emergency contracts, change orders and addenda will be provided as an information item at the next Board meeting.

3. Formal Bidding Requirements

The details below must be followed when using a Formal Bid process to award a contract.

3.1. Specifications

3.2. Advertising

A public notice for construction shall appear once in a publication based in or near the locality of the project and in other widely circulated publications and electronic platforms as deemed necessary by the College. A copy of the advertisement shall be kept on file with the College. The notice shall not appear on a weekend or holiday. A minimum of fifteen (15) calendar days shall elapse between the time Formal Bids are first advertised or called for and the time of their opening. The notice, bid specifications or RFP shall include, at a minimum, the following information.

- Name of Board of Trustees and the College
- Description of project
- Date, place and time when bids must be received
- Person to contact for information
- Locations where bid documents can be viewed/obtained

3.3. Bid Submission and Opening

Bids shall be submitted in a sealed envelope with notation of the project on the front. Bids shall be opened on the date, time and place as advertised. The bid opening shall be conducted in public so that all bidders and interested parties may be present. No bids are to be received after the specified time and if so, are to be returned unopened. The bidder's envelope is to be attached to the back of the bid form. College staff or the professional consultant shall be responsible for opening and reading aloud the bids. Bid documents shall be considered public information after they have been opened. The following requirements shall be noted at the time of opening the bid.

- Conformance with bidding instructions
- Accompanied by bid bond or certified check or sent in separately in case of a bid submitted electronically
- Acknowledgment of any addendum
- Bid is signed

3.4. Evaluation

When bids are received, publicly opened and read, the contractors shall not be notified of the final decision until a later date so that adequate study and analysis can be made of the bids received. The professional consultant shall evaluate the bids received and make a recommendation to the College. Awarding of the contracts shall be based on competitive bidding with award to the lowest bidder, taking into consideration the best interests of the State of Nebraska and the System, the quality or performance of the firm and the materials to be supplied, their conformity with specifications, and the times of completion. In determining the lowest

bidder, in addition to price, the following elements shall be given consideration.

- The ability, capacity and skill of the bidder to perform the contract required;
- The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- Whether the bidder can perform the contract within the time specified;
- The quality of performance of previous contracts;
- The previous and existing compliance by the bidder with laws relating to the contract;
- Energy efficiency ratio as stated by the bidder for alternative choices of appliances or equipment;
- The life cost of the article or property in relation to the purchase price and the specific use of the item;
- The performance of the article or property, taking into consideration any commonly accepted tests and standards of produce usability and user requirements; and
- Such other information as may be secured having a bearing on the decision to award the contract.

3.5. Bid Acceptance

The recommendation, bid tab sheet and other applicable materials shall be kept on file by the College for review. If less than three (3) bids or proposals are received, then bids may be accepted upon documentation of the bidding process. If the recommendation is to reject the lowest bid for any one or more of the reasons stated above, the recommendation must include the reason(s) for the rejection. The Nebraska State College System (NSCS) always reserves the right to reject any or all bids.

4. Exceptions, Emergencies and Sole Sourcing

4.1. Exceptions to Bidding Requirements.

The following are exceptions to bidding requirements. Documentation justifying the exception should be kept on file by the College.

- Purchasing from a previously competitively bid government contract, including the State of Nebraska, the University of Nebraska System, or a multistate compact contract. Competitively bid government contracts by non-government entities, such as consortiums, organizations, and partnerships, are also included.
- When pricing has been established by the federal General Services Administration

- Utilities and fuels, including woodchips
- Advertising for facility projects
- Facility maintenance agreements

4.2. Emergency

- Proposed emergency projects and fixed equipment acquisitions meeting the definition of an emergency shall be documented by the College and submitted to the Vice Chancellor for Facilities (VCF) for approval by the Chancellor.
- Chancellor approval of an emergency automatically includes the suspension of bidding requirements as appropriate for each emergency.

4.3. Sole Source

A sole source exception would be permitted where there is only one firm with the necessary skillset to perform the services or there are other extenuating circumstances. Documentation to hire a vendor based on sole source without competitive bids or proposals shall be documented by the College and approved by the VPAF and either the VCF or the VCFA. A sole source situation may exist under the following conditions.

- Services are proprietary and only available from the manufacturer of a building system or equipment and the vendor is the only firm providing the unique expertise.
- Additions to a system must be compatible with the original equipment or facility software.
- The same vendor of an installed system is necessary to install expansions to that system.
- Factory authorized maintenance services must be utilized to maintain a warranty or the integrity of system.
- Based on current research, it is determined that only a single entity services the region in which the project is needed.
- Donors providing the funding for an item, service or system may specify a particular vendor, manufacturer, or brand of equipment to be used for the project.

4.4. Notwithstanding any other provisions of this Policy, the Chancellor is authorized to approve exceptions to established contract and purchasing requirements when, in the Chancellor's sole discretion, such exceptions are determined to be in the best interests of the College or System Office. Any request under this section must be documented by the College and submitted by the President.

Exceptions may be approved under circumstances including, but not limited to:

- Strategic business opportunities;
- Situations in which strict adherence to standard purchasing procedures would result in unreasonable delays, increased costs, or other adverse impacts to the College or System Office;
- Other exceptional circumstances determined by the Chancellor to warrant an exception, consistent with the System's fiduciary responsibilities and governing requirements.

Nothing in this Policy authorizes the Chancellor to waive or circumvent applicable federal or state statutes. The Chancellor shall ensure that any approved exception is reasonable and appropriately documented in writing, including the business justification for the exception. Approval of an exception under this provision does not establish a precedent for future contracts or purchases and shall be exercised sparingly and only when justified by the circumstances. Prior to approving an exception under this section, the Chancellor shall provide notice to the Board of the proposed exception and the business justification for the exception. Any contract or purchase subsequently approved under this section shall be reported to the Board.

5. General Contract Guidance

5.1. Performance Bond

For any construction project that has a total cost of more than three hundred thousand dollars (\$300,000), the successful bidder for the project shall be required to furnish a Performance Bond and a Labor Material Payment Bond, each in the amount of one hundred percent (100%) of the contract sum and written by a Surety licensed to do business in the State of Nebraska.

5.2. Resident Bidder Preference

When a public contract is to be awarded to the lowest bidder, a resident bidder shall be allowed a preference over a nonresident bidder from a state which gives or requires a preference to bidders from that state.

5.3. Contract Negotiation and Legal Requirements

A contract may be conditioned upon later refinements in scope and price and may permit the College, with written agreement by the contractor, to make changes in the project or the purchase without invalidating the contract. Later refinements shall not exceed the budget or available funding for the project.

5.4. Fair Labor Standards Compliance

All bidders on College projects must file a statement that they are complying with, and will continue to comply with, fair labor standards in the pursuit of their business and in the execution of the contract on which they are bidding.

5.5. Drug Free Workplace Compliance

All bidders must also comply with the State of Nebraska's Drug Free Workplace requirement. The proposal form used to bid projects shall contain a clause, which, when the proposal is signed by the bidder certifies that the firm has a drug free workplace policy in accordance with State requirements.

5.6. Non-Discrimination Requirement

The Contractor agrees to comply fully with Title VI of the Civil Rights Act of 1964, as amended, the Nebraska Fair Employment Practice Act, Neb. Rev. Stat. §§48-1101 to 48-1125, as amended, and Board Policy 5000. Unlawful harassment and/or discrimination in employment and procurement is prohibited. The Contractor further agrees to insert a similar provision in all subcontracts for services.

5.7. Contract Forms

- All contracts for construction and maintenance projects and related services of three hundred thousand dollars (\$300,000) or more will be reviewed by General Counsel or VCF prior to submission to the Board for consideration and action.
- Contract forms developed by the System Office may be used for all construction and other related services where the cost will be less than three hundred thousand dollars (\$300,000).
- If the project will be three hundred thousand dollars (\$300,000) or more, and a professional architect or engineer has designed and specified the project, the latest applicable American Institute of Architects (AIA) contract form must be utilized and must incorporate the standard NSCS Long Form provisions.

5.8 Non-Appropriation Clause

No contract may commit funds for a future fiscal year unless specific funding has been identified in a legislative appropriation bill or an appropriate cancellation clause has been inserted in the contract.

5.9 Independence and Conflict of Interest

- No College employee or Board member shall furnish or cause to be furnished any technical information or solicit proposals and/or prices or take any type of action, which would or could be construed to give a direct or indirect advantage or disadvantage to a potential bidder for a College project.

- No person shall attempt to influence in any way or participate or assume responsibility in the evaluation of proposals and selection of contractors when participation constitutes a conflict of interest.
- While an employee, as a prospective user, may informally seek information and confer with a vendor about services and product prices, negotiation for purchases of services and products must be done in compliance with the College and Board policies.
- The principal purchasing agent shall retain responsibility for assuring compliance with procurement procedures.
- If correspondence is carried on between a prospective user and a vendor, copies of such correspondence shall be included, along with other price documentation accompanying a purchase order, to the extent determined appropriate by the principal purchasing agent. Employees are to be aware of and follow the conflict-of-interest requirements stated below when working with potential vendors.
- An employee, employee's family member, and/or business with which the employee is associated shall not enter into a College or System contract valued at two thousand dollars (\$2,000) or more, in any one (1) year, unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. §49-14,102.
- An employee should not be involved in an advisory or decision-making capacity relating to College or System purchases where the employee, employee's family member and/or business has a financial interest.
- If an employee, the employee's family or a business with which the employee is associated has a financial interest directly, or indirectly in a College or System purchase the Vice Chancellor for Finance & Administration must review information regarding the financial interest and approve the terms of the purchase and/or contract in advance.
- Employees or employees' family members may not receive or accept, either directly or indirectly, by rebate, gift, or otherwise, any money or other specific item of value whatsoever, or any promise, obligation or contract for future reward or compensation from any vendor, person, firm, corporation or other entity which is conducting business with the College or System.
- For purposes of this Policy, a direct or indirect financial interest does not include de minimis holdings or transactions that are unlikely to influence, or appear to influence, the employee's decision making. A financial interest shall be considered de minimis if: the value of the interest in a publicly traded entity does not exceed \$5,000 in aggregate, including stock, stock options, or other ownership interests; and, the employee does not serve in a managerial, board, or executive capacity with the

entity; and, the interest does not represent more than 1% ownership in the entity.

5.10 Threshold Adherence

In no case shall materials and services be divided or broken up to avoid required bidding.

5.11 Reporting to the Board

Contracts over one hundred fifty thousand dollars (\$150,000) and all subsequent change orders, addenda, and amendments over fifty thousand dollars (\$50,000) shall be reported to the Board.

5.12 Disabled Veteran or Enterprise Zone Act Preference

- In accordance with state law, when a contract is to be awarded to the lowest bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.
- Resident disabled veteran means any person who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions) and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service connected disability or a disability determination from the United States Department of Defense.
- The resident disabled veteran must own and control a business or, in the case of a publicly owned business, more than fifty percent (50%) of the stock must be owned by one (1) or more persons that meet the definition of a resident disabled veteran. The management and daily operations of the public business must also be controlled by one (1) or more persons meeting the definition of resident disabled veteran.

5.13 Work Eligibility Status

Contractors shall register and use a federal immigration system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

5.14 Payments

For construction contracts of \$300,000 or more with phased payments and retainage requirements, the payment schedule shall be as follows.

- Every application of payment shall be based on a portion of the Contract sum, properly allocable to the completed portion of work and shall be reviewed and payment authorized by the architect/engineer. A retainage of five percent (5%) shall be kept until the project reaches

substantial completion, except that ten percent (10%) retainage may be used on projects fully funded by the 309 Task Force for Building Renewal, and small projects, as determined by the College.

- When the project reaches final completion, the retainage will be paid in full.

Rev. Stat. §81-1712 and periodically adjusted by the Department of Administrative Services (currently one hundred ten thousand dollars [\$110,000] until January 1, 2030).

2. **Applicability**

All contracts involving the use of Building Renewal funds must conform to Project Procedures/Standards as promulgated by the Task Force for Building Renewal.

3. Advertisement for Consulting Services

- A Request for Proposal (RFP) advertisement for the project shall be drafted by the College and reviewed by System Office staff before publication.
- The advertisement shall include a general description of the project and the name of the person at the College to contact for additional information.
- This advertisement must be published once at least thirty (30) calendar days prior to the deadline for receipt and opening of proposals in a publication based in or near the locality of the project and in other widely circulated publications or electronic platforms as deemed necessary by the College.
- A timeline shall be noted in the advertisement including the deadline for submittal of proposals. The RFP will direct the firms to include specific forms/information with their proposals.

4. Proposal Reviews

4.1. Screening Committee

The President is authorized to appoint a screening committee to review the professional consultants' proposals and to select three (3) or four (4) firms for interviews by the selection committee. It is suggested that the local committee include the leadership of the Division/Department for which the facility is being constructed/renovated; the Vice President of Administration and Finance (VPAF); the College Director of Facilities and others deemed appropriate by the President.

4.2 Proposal Criteria

In evaluating the proposals, the screening committee shall give consideration to the following criteria:

- Demonstrated interest in project;
- Relevant experience in projects of similar nature;
- Background of key personnel to be involved in project;
- Planned use of outside consultants;
- Approach in working with campus staff, students and faculty;
- Past performance in meeting budget limits and time schedules;
- Evaluation of firm's work on other state projects;
- Evaluation of proposal;
- Current workload and past volume of work for State Colleges to promote an equitable distribution of contracts among qualified firms; and
- Any additional project specific criteria.

4.3 Selection Committee

The President shall recommend the membership of the Selection Committee to the Board for approval. Included as members of the committee will be a Board of Trustee member, Chair of the Fiscal, Facilities & Audit Committee, the Vice Chancellor for Facilities (VCF) and appropriate campus personnel as desired by the President.

4.4 Selection Committee Interviews

- The College representative in charge of the selection process shall consult with the System Office staff in scheduling the date for the interviews.
- Once the firms to be interviewed have been identified by the Screening Committee, notification and appropriate material shall be forwarded to the selection committee for review prior to the interviews.
- The objective criteria used by the Selection Committee shall be similar to that used by the Screening Committee.
- Unless time is not available, each firm shall be interviewed for one (1) hour, including questions from the Selection Committee.

4.5 Selection Committee Decision

When the interviews have all been completed, the committee shall discuss the strengths of the firms in relation to the proposed project and shall arrive at agreement on the order of firm preference.

4.6 Contract Negotiation

After the Selection Committee has made their selections, the College shall then negotiate a contract, with the selected firm, keeping in mind the budget for professional fees. If the fee cannot be negotiated with the first-place firm within the budget limits and required terms, negotiations shall be held with the second-place firm. If agreement cannot be reached with the second-qualified firm, negotiations shall be undertaken with the third-place firm. If those negotiations do not result in a satisfactory agreement, the College and System Office staff will determine the next steps.

4.7 Agreement Form

The Department of Administrative Services (DAS) "Open End Agreement" as defined by DAS Standard Form of Consulting Services: Design and Contract Administration, Nebraska Open End Agreement may be substituted as defined by DAS policy. Per the current DAS-BD Open End Agreement, the policy applies to projects not to exceed two million nine hundred forty-five thousand dollars (\$2,945,000). The policy recognizes the DAS-BD Open End Agreement as an already complete Proposal Request.

5. Exceptions to Process

5.1. Emergencies and DAS Selected Consultants

In cases of emergencies approved by the Chancellor, and in cases where a DAS “Open End Agreement” consulting firm is utilized at less than two hundred ninety-five thousand dollars (\$295,000) in fees, the consultant selection procedures in Sections 3 and 4 are not required.

6. Contract Changes

POLICY: 8069

**Capital Construction; Inspections;
Substantial Completion; Final Completion**

Page 1 of 2

BOARD POLICY

Construction projects will be inspected by either the architect or engineering firm who designed the project, or by a construction inspector specifically hired to perform the construction inspection function. This representative of the owner will be responsible for the inspection services and provide information to the architect or engineer as applicable.

The duties of the construction inspector shall be determined by the College administrator responsible for the project, after consultation with the architect or engineer who designed the project.

Substantial Completion

A committee recommended by the President shall perform the substantial completion inspection of a capital construction project. The committee shall include the Chair of the Fiscal, Facilities and Audit Committee, a Board of Trustee's member, the Vice Chancellor for Facilities, a registered architect or engineer employed by the state (for state funded projects), the construction inspector retained by the College, the campus Physical Plant Director, and other campus representatives appointed by the President.

Before the substantial completion inspection occurs, the college-retained inspector, the architect/engineer and the contractor shall make an inspection of the project for the purpose of developing a punch list to be used by the substantial completion inspection committee. A copy shall be provided to each member of the committee along with a notation of the items that have been completed.

Following the inspection, if the committee determines that the project is at the substantial completion phase, each member shall sign the AIA document indicating that designation. The president shall report such action to the Board at the next official meeting through submission of an updated capital construction quarterly report for the project.

The purpose of the substantial completion inspection is to:

1. allow the owner to occupy or utilize the project for its intended use
2. insure a quality project
3. make specific payments and commence warranties

The substantial completion inspection allows:

1. The inspection committee to identify areas where an acceptable level of quality of work, materials or equipment are lacking
2. The contractor to obtain payment and stop responsibility for future financial exposure other than that identified
3. The architect to show progress and/or move the project to closure

Final Completion

When the architect, engineer, contractor and college-retained inspector or College representative determine that the project is complete with all work on the outstanding items adequately performed, the project shall be deemed to have reached final completion and final payments will be processed. Notice of final completion and project close out will be provided to the Board of Trustees through submission of the final capital construction quarterly report for the project at the next regular Board meeting.

Capital Construction; Gifts and Bequests for Facilities

Page 1 of 1

BOARD POLICY

Grants, gifts and/or bequests of private funds offered to any of the State Colleges for use in constructing, renovating or equipping facilities or for the purpose of acquiring real estate shall be submitted to the Board of Trustees for acceptance prior to any commitment by the College. This shall include funds from private corporations, college foundations and other non-state sources.

Such gifts and/or bequests cannot require the commitment of State College capital funds but may be sought and accepted for the purpose of providing funds for projects not adequately funded by state appropriations, bond proceeds/surplus funds, or other revenue resources.

PROCEDURE

When the College receives notification of a grant, gift or bequest, the Board of Trustees shall be asked to take action to accept the funds and to authorize the project. Authorization for the project and the understanding of the project scope shall be incorporated into an agreement form developed by the System Office and signed by a representative of the donor and the Chancellor or Vice Chancellor for Finance and Administration or General Counsel

The process for advertising the project and selecting the contractor must follow Board policies for capital construction projects.

The contract for the project shall be between the Board of Trustees/State College and the contractor. The College shall be in control of the funds and is authorized to approve all payments upon proper billing by the contractor.

If the project involves major renovation of a facility or construction of a new facility, the procedures adopted by the Board of Trustees for review of design documents, oversight during construction, capital construction reports, and final acceptance of the project, shall be followed.

While state law does not require the approval of projects by various state agencies when private funds are used for capital construction projects in the State College system, information will be provided to the Budget Office, Building Division, Legislative Fiscal Office and Coordinating Commission for Postsecondary Education after such projects have been approved by the Board of Trustees.

POLICY: 8071

Capital Construction; Contracts; Design-Build; Construction Management At Risk

Page 1 of 7

BOARD POLICY

For contracts related to construction projects, the System will follow the procedures established by the Political Subdivisions Construction Alternatives Act (RRS §13-2901 through §13-2913) in their decision to solicit and execute a design-build contract or construction management at risk contract for capital construction projects.

PURPOSE

This policy authorizes the Colleges to enter into a design-build contract which is subject to qualification-based selection or a construction management at risk contract for a public project if the Colleges adhere to specific procedures.

DEFINITIONS

For purposes of this policy the following are the definitions outlined in the Political Subdivisions Construction Alternatives Act.

Construction management at risk contract is a contract by which a construction manager:

- a. Assumes the legal responsibility to deliver a construction project within a contracted price,
- b. Acts as a construction consultant during the design development phase of the project, and
- c. Is the builder during the construction phase of the project.

The construction manager is the legal entity which proposes to enter into a construction management at risk contract.

Design-build contract is a contract subject to qualification-based selection of the design-builder to furnish:

- a. Architectural, engineering, and related design services for a project, and
- b. Labor, materials, supplies, equipment and construction services.

A design builder is the legal entity which proposes to enter into a design-build contract by qualification-based selection.

A letter of interest is a statement indicating interest to enter into a design-build contract for a project.

A performance-criteria developer is any person licensed or any organization issued a certificate of authorization to practice architecture or engineering who is selected to assist in the development of project performance criteria, requests for proposals, evaluations of proposals, evaluation of construction under a design-build contract to determine adherence to performance criteria, and any additional requested services to represent the Colleges' interest in relation to a project.

The performance criteria developer is ineligible to be included as a provider of any services in a proposal for any project on which he/she/it has acted as performance-criteria developer and is not employed by or does not have a financial or other interest in a design-builder or construction manager who will submit a proposal.

FACILITIES, NEBRASKA STATE COLLEGE SYSTEM

POLICY: 8071

Capital Construction; Contracts; Design-Build; Construction Management At Risk

Page 2 of 7

The project performance criteria are the performance requirements of the project suitable to allow the design-builder to make a proposal. Performance requirements include the following:

- a. Capacity
- b. Durability
- c. Standards
- d. Ingress and egress requirements
- e. Description of the site
- f. Surveys
- g. Soil and environmental information concerning the site
- h. Interior space requirements
- i. Material quality standards
- j. Design and construction schedules
- k. Site development requirements
- l. Provisions for utilities and storm water retention and disposal
- m. Parking requirements
- n. Applicable governmental code requirements, and
- o. Other criteria for the intended use of the project.

A proposal is an offer in response to a request for proposals a) by a design-builder to enter into a design-build contract or b) by a construction manager to enter into a construction management at risk contract.

The qualification-based selection process is the process of selecting a design-builder based first on qualifications of the design-builder and then on the design-builder's proposed approach to the design and construction of the project.

A request of letters of interest is the documentation or publication by which the state colleges solicit letters of interest.

A request for proposals is the documentation by which the state colleges solicit proposals.

POLICIES

The Board shall adopt a resolution selecting the design-build contract or construction management at risk contract delivery system prior to proceeding with any of the steps involved with solicitation or execution of any construction contract at any of the Colleges. The resolution requires the affirmative vote of at least two-thirds of the Board.

PROCEDURES

DESIGN-BUILD CONTRACT

Letters of Interest

The College wishing to enter into a design-build contract shall prepare a request for letters of interest for design-build proposals. Requests shall describe the project in sufficient detail to permit the design-builder to submit a letter of interest. REVENUE BOND - AUXILIARY OPERATIONS, NEBRASKA STATE COLLEGES

**POLICY: 9030 Revenue Bond; Insurance; Property,
General Liability**

Page 1 of 2

BOARD POLICY

Fire and Extended Coverage

Insurance to cover loss by fire, vandalism, damage from storms or other hazards, will be carried on revenue bond buildings, contents, and movable equipment housed therein. Policies with standard extended coverage endorsements shall be obtained by appropriate bidding procedures from responsible insurers and carried in amounts sufficient to provide for the greater of the full insurable value thereof, as determined from time to time by the insurer, or the estimated replacement costs as determined by the Board. A deductible of five hundred dollars (\$500) will be allowed for Chadron State and Peru State; the deductible for Wayne State will be one thousand dollars (\$1,000). If insurance coverage obtained is less than the full insurable value of the facilities, or the deductible allowed is higher than the figures stated, the institutions shall provide self-insurance for the difference.

Use and Occupancy

The colleges shall also obtain use and occupancy insurance and business interruption insurance in an amount sufficient to enable the Board to deposit in the Bond Fund, out of the proceeds of such insurance, an amount equal to the sum that would normally have been available for deposit in such Fund from the revenues of the damaged building during the time the damaged building is non-revenue producing.

Builder's Risk

Any revenue bond building or facility under construction or major renovation shall be insured by the contractor under a Builder's Risk Policy in the amount equal to contract for the project. Such policy shall run until Final Completion Status has been given to the project by the Board of Trustees.

The proceeds of the foregoing insurance policies shall be payable to the Board and all monies collected on account of loss or damage covered by the policies shall be held in trust by the Board. Upon occurrence of any damage covered by insurance, the Board shall use the proceeds of the insurance to 1) promptly restore the properties so destroyed or damaged; 2) erect and equip, or substitute, in place of the building damaged or destroyed, other facilities which produce revenues and fees comparable to those produced by the damaged or destroyed facility. If the facility destroyed or damaged was, at the time of the destruction, unserviceable, inadequate, obsolete or unfit to be used or no longer required for use in connection with the security and payment on the bonds, the Board may apply the proceeds to purchase property which shall be a part of the revenue bond facilities or may deposit the proceeds into the Surplus Funds.

Comprehensive General Liability

The college shall require public liability insurance, commonly known as "Comprehensive General Liability", be maintained and delivered to the college before any external party or private person's use, occupancy or possession of college premises or facilities. Such insurance shall provide for coverage set at reasonably negotiable limits for injury or death, occurring to any person or persons as a result of an accident, and such insurance shall name both the Board and college, and the external entity as insureds.

REVENUE BOND - AUXILIARY OPERATIONS, NEBRASKA STATE COLLEGES

**POLICY: 9030 Revenue Bond; Insurance; Property,
General Liability**

Page 2 of 2

Except for claims arising out of acts caused by the affirmative negligence of the college or its agents or employees, the college shall require the external party using college facilities to further indemnify, defend and hold harmless the Board and college, at its expense, from and against all claims for personal injuries and death, or loss, expenses, damages, or liabilities arising from any act or negligence of the external party or its agents, employees, licensees or invitees.

Before the use of campus facilities commences and before the external party's use, occupancy or possession of college premises, whichever is sooner, the external party shall obtain such insurance from a company reasonably acceptable to the college and deliver to the college a certificate evidencing issuance of such policy, together with evidence of payment of premiums.

Revenue Bond-Auxiliary Operations

POLICY
NAME: Auxiliary Surplus Funds

POLICY
NUMBER: 9100

A. PURPOSE

To identify the priority and potential uses of surplus auxiliary funds.

B. DEFINITIONS

None

C. POLICY

1. Surplus Funds

Surplus Funds are part of the revenue, fees and earnings derived from the operations of the auxiliary system and which are pledged under the revenue bond resolution to payment on the debt of the facilities. The Surplus Funds at each College are those funds remaining each year after costs of operations and maintenance have been paid and after the required minimum dollar amounts have been deposited into the various other bond funds at the end of the fiscal year.

1.1. Uses

The Surplus Funds may be used for extraordinary items which are not customarily included as costs of operation and maintenance and which are deemed necessary or desirable by the Board in order to maintain such revenues, fees and earnings or to maintain the facilities as a revenue-producing enterprise.

- The Surplus Fund shall be drawn upon first to make up any deficiencies in the Bond Fund and/or the Bond and Interest Reserve Funds.
- Remaining Surplus Funds can then be used to make any extraordinary repairs, renewals, replacements, renovations, or to equip and furnish revenue bond facilities.
- Remaining Surplus Fund may also be used, upon approval of the Board, to complete the costs of construction or acquisition of the

improvement in the event the funds on deposit in the Construction Fund are not adequate or to pay the costs of construction or acquisition of additional buildings and facilities appropriate to be purchased with revenue bond funds.

1.2 Reserve

The minimum balance to be maintained in the Surplus Funds at each College shall be 7.5% of the outstanding debt; however, in no circumstance shall any of the Colleges' Surplus Funds be drawn down below two hundred thousand dollars (\$200,000).

1.3 Maximum Expenditure

Before an expenditure exceeding five hundred thousand dollars (\$500,000) for any one item can be initiated, and subsequent to Board approval, the project will be submitted to the Legislature for approval as required by law.

POLICY
NAME: Auxiliary System Maintenance

POLICY
NUMBER: 9101

A. PURPOSE

To lay out the process for allocating and approving surplus funds to make repairs, renewals, replacements, renovations, or to equip and furnish auxiliary facilities.

B. DEFINITIONS

1. **Surplus Funds:** The Surplus Funds at each College are those funds remaining each year after costs of operations and maintenance have been paid and after the required minimum dollar amounts have been deposited into the various other bond funds at the end of the fiscal year.

C. POLICY

1. Maintenance and Repair Approval

An annual Auxiliary Maintenance Request for repair items shall be submitted to the System Office in the format and according to the schedule developed by the System Office. The request material shall be reviewed by the Vice Chancellor for Finance & Administration and the Vice Chancellor for Facilities, and a recommendation submitted by them to the Board.

1.1. Project Timing

- The projects being requested are generally authorized to be initiated at the beginning of the subsequent fiscal year and expenditures for them are to be transacted after July 1 of that new fiscal year. An exception to this procedure is granted for those projects that must be completed during the summer months following the approval of the projects. The Colleges are also authorized to begin planning and design activities for any approved project and to cover incurred expenses.
- Approved projects will be initiated and completed within three (3) years of the resolution's applicable fiscal year period. Projects that have not been initiated within that time period shall be closed out and Surplus Fund balances earmarked for those specific projects shall be

reclassified as uncommitted Surplus Funds. Designated funds may continue to be earmarked for those projects that have been initiated within the three-year period but, due to extraordinary circumstances, have not been completed and payment made to the vendor.

1.2. Emergency Projects

Periodically it may be necessary to expend Surplus Funds on an emergency-type project. The System Office should be notified and the College may proceed with the project, after approval is given by the Chancellor and the Fiscal, Facilities and Audit Subcommittee Chair. Such approvals shall be reported to the Board at the subsequent meeting.

1.3. Realignment Between Approved Projects

In any contingency maintenance item approved by the Board exceeds the estimated cost, the Colleges may realign funds between the approved projects. A transfer request identifying the Resolution Year(s) and the amount(s) being transferred between approved projects will be processed through the System Office and then reported to the Trustee.

1.4. Reallocation of Funds to New Projects

- \$50,000 or Less

If any fund balances remain from completed maintenance projects or from projects that will not be completed, the College may request reallocation of up to fifty thousand dollars (\$50,000) of those funds. The project(s) must be approved by the Vice Chancellor for Facilities. The reallocation shall be reported to the Board in the subsequent Auxiliary Maintenance Progress Report.

- More than \$50,000

Projects costing more than fifty thousand dollars (\$50,000) shall be submitted to the Board for approval prior to initiating the projects using those funds.

1.5. Maximum Expenditure

Before an expenditure exceeding five hundred thousand dollars (\$500,000) for any one item can be initiated, and subsequent to Board approval, the project will be submitted to the Legislature for approval as required by law.
